15. Protecting Residents Facing H.R. 1 Work Requirements

Recommendation as submitted by Supervisor Mitchell: Direct the Director of the Department of Public Social Services (DPSS) to report back to the Board in writing in 14 days with an assessment of the current volunteer opportunities that meet CalFresh and Medi-Cal work requirements for County residents. Those opportunities should be broken down by County and non-County positions, geographic location (Service Planning Area and Supervisorial District), the potential number of total volunteer hours available per month at each site, and the type of work and skills required, if known; and an updated estimate of CalFresh and Medi-Cal recipients who must meet work requirements, disaggregated by Service Planning Area and Supervisorial District.

Direct the Director of Personnel to work with Departments to review volunteer positions currently designated as sensitive; provide guidance assessing whether those positions meet the criteria for sensitive positions under Policies, Procedures, and Guidelines 514 (PPG 514); and require the removal of unnecessary background checks where appropriate. Departments should also be advised to develop and modify volunteer roles by limiting assigned duties to non-sensitive tasks that do not require Live Scan under PPG 514, and to clarify that the supervised use of County supplies, such as office materials or outdoor equipment, does not classify a role as sensitive; develop a standard volunteer role template for positions not subject to Live Scan that departments can adopt; and report back to the Board in writing in 14 days with a breakdown of the current volunteer positions that do not meet PPG 514, including a description each of role and its geographic location by Service Planning Area and Supervisorial District.

This includes screening all participants for exemptions, including physical or mental unfitness, before any discontinuance, and accepting self-attestation and third-party verification where permitted.

18. Strengthening County Gender-Based Efforts, Services and Supports for Survivors of Intimate Partner Violence

Recommendation as submitted by Supervisors Horvath and Solis: Direct the Chief Executive Officer (CEO) to:

Begin the process to add "Gender-Based Violence and Intimate Partner Violence" as a Board-directed priority, using the definition of "Gender-Based Violence" previously approved by this Board. The CEO should submit a 15-day written report back with suggested language around the Board-directed priority for Board review.

Report back in writing as a part of the Fiscal Year (FY) 2027-28 recommended budget with sources of ongoing funding for an additional amount of $2,000,000 annually for a total of $5,100,000 beginning in the FY 2027-28 budget to fully fund the Department of Consumer and Business Affairs' (DCBA's) Self Help Legal Access Centers (SHLACs). This ongoing funding will allow the SHLACs to provide additional legal assistance for those in need of applying for restraining orders and other legal services by bringing on additional domestic violence (DV) or intimate partner violence (IPV) specialized providers. As part of the report back, provide a detailed breakdown of current funding sources for SHLACs, the types of legal services provided, and the proposed allocation of additional funding across court locations. DCBA should utilize caseload and service type data to ensure equitable distribution of resources - consistent with the DCBA biannual workload report for self-help legal access centers approved by the Board on May 3, 2016.

Report back in writing within 14 days with potential sources of one-time funding in the amount of $1,250,000 that can be used immediately to stand up an LA County centralized DV/IPV hotline that would serve as an intake for survivor services. Potential sources of funding should include settlement funds and other one-time non-Net County Cost funds.

Report back in writing as a part of the FY 2027-28 recommended budget with sources of ongoing funding in the total amount of $3,000,000 annually beginning in the FY 2027-28 budget to fund the IPV/DV clinics co-located at County Courthouses to provide additional legal aid supports to survivors.

Submit a 60-day written report back on all County investments related to Gender-Based Violence and Domestic Violence/Intimate Partner Violence. This should include Federal, State, and local dollars. This

report-back should include a comparison with the investments of the City of Los Angeles, including investments in the housing space.

Request the Sheriff to provide a verbal presentation to the Board no later than December 1, 2026, on their current efforts, staffing and protocol related to serving Domestic Violence Restraining Orders (DVRO) and Temporary Restraining Orders. This presentation should also discuss plans to improve service outcomes and any additional resources needed.

Instruct the Director of DCBA, in partnership with the Director of Public Social Services (DPSS), Director of Mental Health (DMH), IPV/DV providers and existing Family Justice Centers to explore how to integrate additional social service supports within DCBA's SHLACs. A written progress report, including any challenges and/or required resources, should be submitted to the Board in 60 days. This report should also explore how the SHLACs can better connect with existing providers, courthouse clinics, and Family Justice Centers to ensure all available resources are leveraged and avoid creating duplicative systems.

Direct the Office of Violence Prevention (OVP), housed within the Department of Public Health (DPH), to:

Report back in 30 days in writing with an update on the County's existing Gender-Based Violence efforts and how they are supporting IPV/DV work throughout the County. This report should explore how current efforts could be improved, challenges, capacity and resource needs, including funding for direct legal services, and opportunities for expansion. This report should also identify opportunities to strengthen coordination between existing GBV efforts and services for survivors of human trafficking, including sex and labor trafficking, and address gaps in access to survivor-centered services and supports;

Report back in writing in 60 days on recommendations for implementing a Peer Navigator model to support IPV/domestic violence survivors. These recommendations should be informed by domestic violence advocacy programs, including the County's Domestic Violence Coalition, and Family Justice Centers. The report should include a discussion of any funding or capacity needs to launch the program along with an implementation plan and timeline. The report and recommendations should be informed by those with lived experience and domestic violence providers, along with additional key stakeholders, including those from the LGBTQ+ and underserved communities;

Report back in writing in 120 days with recommendations on how to better support survivors seeking civil protection restraining orders due to physical or attempted violence, stalking, a credible fear of violence, or a pattern of behavior that seriously alarms, annoys, or harasses and causes substantial emotional distress. This report back should be informed by legal service providers, advocates, and those with lived experience;

Execute and administer a sole source contract with Downtown Women's Center; and execute further amendments as needed, for the provision of consulting services for the implementation of the DV shelter referral component of the Countywide Community Information Exchange (CIE), formerly CareConnect; in an amount not to exceed $462,300. The CIE platform will facilitate and improve access to domestic violence shelter referrals for survivors and their families;

Report back in 120 days with recommendations on how survivors can receive additional support and guidance throughout the restraining order process, especially when service is unsuccessful or hearings are delayed. These recommendations should include actionable steps to strengthen communication and referral pathways between law enforcement, legal service providers, Family Justice Centers, and IPV/DV advocates to ensure that survivors are better equipped to navigate these challenges while maintaining appropriate safety and confidentiality protections. This report should also assess how and when protected individuals are notified of successful or unsuccessful service and identify opportunities for improved prompt, secure, and confidential notice. The recommendations should be informed by lived experts, IPV/DV advocacy providers, Family Justice Centers, law enforcement, and other relevant stakeholders; and

In partnership with the Chief Probation Officer, Director of DMH, County, Counsel, the Sheriff, and all relevant County departments, report back to the Board in 120 days with recommendations to improve countywide identification and intervention to prevent domestic violence-related murders or murder-suicides. Recommendations should include opportunities to connect perpetrators to violence-intervention programs earlier in the law enforcement process and strengthen coordination among IPV/domestic violence service providers, suicide prevention, behavioral health, law enforcement, courts, and other relevant systems. This should include any training, data-sharing, or policy changes needed to implement these recommendations.

Instruct the Interim Director of Children and Family Services (DCFS):

In partnership with OVP, and in collaboration with the Directors of JCOD, DMH, Homeless Services and Housing, DPSS, and LAHS, report back in 160 days on how the County may be able to leverage the Families First Prevention Services Act (FFPSA) funding to support families, prevent maltreatment, and reduce system involvement. This report back should include a cost-benefit analysis examining whether the County should explore FFPSA as a possible source for reimbursement funds, and what would be required to ensure current providers and services qualify for this Federal reimbursement.

In collaboration with the Mandating Supporting Initiative and OVP, explore how DCFS can begin to offer and contract for targeted and effective IPV/domestic violence services to families involved with the child welfare system. These services should be provided to families free of charge, in a culturally competent manner, and offer specialized support and expertise for families with IPV/DV involvement. DCFS should detail how their plans to begin offering these services and mechanisms to bring on specialized IPV/DV providers in a 120-day report back, and include possible funding sources, implementation timeline, and whether any existing contracts can be amended to include this specialized scope of work. This work should enhance any existing family supports currently offered by the Department.

Instruct all applicable County Departments work with OVP, and with support from the Internal Services Department, to ensure that DVRO informational fliers and/or posters are printed and posted in all County facilities, particularly in women’s or gender-neutral restrooms, and contracted agency bathrooms to increase access to information. OVP should report back to the Board in writing in 60 days on a plan, and if additional funding and/or resources are needed.

Instruct the Director of Homeless Services and Housing, in partnership with OVP and other relevant partners, to report back to the Board in writing in 60 days with an assessment of the funding and number of emergency beds available for people and their children or family members fleeing IPV/DV; the funding, beds, and subsidies available for stable housing; and the gap between these existing resources and the need. This report should also:

Include feedback on how this population can be prioritized for existing homeless service response services and housing resources;

Consider barriers survivors may face, such as family size, eligibility

requirements, safety concerns, pets, transportation, and others, when assessing housing needs and developing recommendations This should include barriers uniquely faced by the LGBTQ+ community;

Identify existing housing resources available to human trafficking survivors, including survivors of sex and labor trafficking, and assess gaps in access to emergency, transitional, and permanent housing for survivors who may not qualify for or be served by existing IPV-specific programs, and

Provide a budget illustrating funding and resources necessary for the County to be able to provide immediate access to emergency housing for any person seeking to flee gender-based violence, using motel funds, existing site-based shelter, or other solutions. (26-6426)

30. January 2025 Windstorm and Critical Fire Events Bi-Weekly Emergency Contracts Report

Recommendation: Review the emergency actions ordered and taken by the Director of Internal Services, under delegated authority by the Board, acting as both the County and the Governing Body of various Districts, under Board Order No. 13-C of January 28, 2025, to respond to and recover from the January 2025 Windstorm and Critical Fire Events, including the Palisades Fire, Eaton Fire, Hurst Fire, Kenneth Fire, and multiple other fires (LA County Fires) (1, 3 and 5) and actions enumerated in the aforementioned authorities (Actions), without giving notice for bids to let contracts, and determine that there is a need to continue the emergency Actions. Find that there is substantial evidence that the January 2025 Windstorm and Critical Fire Events continue to constitute an emergency pursuant to Public Contract Code Section 22050, which requires that immediate action be taken to cleanup and reconstruct public property, buildings, facilities, and infrastructure because the emergency does not permit the delay resulting from a formal competitive solicitation of bids and/or proposals to procure construction, materials, equipment and services for projects and initiatives necessary to respond to and recover from the LA County Fires. Find that authority should, therefore, continue to be delegated to the Director of Internal Services to amend or extend and supplement existing as-needed or on-call contracts without giving notice for bids to let contracts related to facilities and related support services, and to award new contracts for response to and recovery from the LA County Fires, and such contracts should be issued because they are necessary to respond to the emergency. **(Internal Services Department)** APPROVE **4-VOTES** (25-1148)

AGENDA

In accordance with the Brown Act, all matters to be acted on by the Board must be posted at least 72 hours prior to the Board meeting. In cases of an emergency, or when a subject matter needs immediate action or comes to the attention of the Board subsequent to the agenda being posted, upon making certain findings, the Board may act on an item that was not on the posted agenda.

The majority of the Board's Tuesday agenda is a consent calendar. All matters included on the consent calendar (including Board of Supervisors items and Administrative Matters) may be approved by one motion unless held by a Board Member for discussion. During the reading of the Agenda, the Executive Officer will indicate which items have been requested to be held for discussion or continued to a future meeting, and the remaining items will be approved. Items which are set for a certain time may or may not be called up at exactly the time indicated, depending on the business of the Board. The items that are held for discussion may be taken up at any time, depending on the business of the Board. Each item includes a brief summary of the Board member's motion or department's recommended action, and in some instances, a corresponding recommendation from the Chief Executive Officer, indicated in capital letters.

Included at the end of each agenda are items which have been continued from previous meetings for further discussion and action by the Board. This portion of the agenda is commonly referred to as the "A-item Agenda." At the request of a Supervisor, the A-items may be called up for consideration at any time.

INFORMATION RELATING TO AGENDAS AND BOARD ACTIONS

Agendas for the Board meetings are available on Thursday mornings in the Executive Office and on the Internet. A supplemental agenda that includes corrections, additions or deletions to the agenda is available on Friday afternoons. Internet users may subscribe to and access the agenda on the Los Angeles County homepage at http://bos.lacounty.gov under the "Board of Supervisors", and clicking on the "Board of Supervisors Meeting Agendas" link.

Meetings of the Board of Supervisors are recorded on DVD and are available for a nominal charge. A recorded phone message is available immediately following the Board meeting, regarding which items were approved on consent by the Board. A recording of the Board meeting (in Spanish and English) is available within 24-48 hours of a Board meeting at http://bosvideoap.co.la.ca.us/mgasp/lacounty/homepage.asp and transcripts are available at http://file.lacounty.gov/bos/transcripts/.

After each Board meeting, a Statement of Proceedings is prepared, which indicates the actions taken by the Board including the votes, and is available within 10 days following the meeting.
