CODE OF CONDUCT

The Commission on HIV welcomes commissioners, guests, and the public into a space where people of all opinions and backgrounds are able to contribute. In this space, we challenge ourselves to be self-reflective and committed to an ongoing understanding of each other and the complex intersectionality of the lives we live. We create a safe environment where we celebrate differences while striving for consensus in the fights against our common enemies: HIV and STDs. We build trust in each other by having honest, respectful, and productive conversations. As a result, the Commission has adopted and is consistently committed to implementing the following guidelines for Commission, committee, and associated meetings.

All participants and stakeholders should adhere to the following:

- 1) We approach all our interactions with compassion, respect, and transparency.
- 2) We respect others' time by starting and ending meetings on time, being punctual, and staying present.
- 3) We listen with intent, avoid interrupting others, and elevate each other's voices.
- 4) We encourage all to bring forth ideas for discussion, community planning, and consensus.
- 5) We focus on the issue, not the person raising the issue.
- 6) Be flexible, open-minded, and solution-focused.
- 7) We give and accept respectful and constructive feedback.
- 8) We keep all issues on the table (no "hidden agendas"), avoid monopolizing discussions and minimize side conversations.
- 9) We have no place in our deliberations for racist, sexist, homophobic, transphobic, and other discriminatory statements, and "-isms" including misogyny, ableism, and ageism.
- 10) We give ourselves permission to learn from our mistakes.

In response to violation of the Code of Conduct which results in meeting disruption, Include provisions of SB 1100 which states in part, ". . . authorize the presiding member of the legislative body conducting a meeting or their designee to remove, or cause the removal of, an individual for disrupting the meeting Removal to be preceded by a warning to the individual by the presiding member of the legislative body or their designee that the individual's behavior is disrupting the meeting and that the individual's failure to cease their behavior may result in their removal." Complaints related to internal Commission matters such as alleged violation of the Code of Conduct or other disputes among members are addressed and resolved in adherence to Policy/Procedure #08.3302." (Commission Bylaws, Article VII, Section 4.)

COMMISSION MEMBER "CONFLICTS-OF-INTEREST"

In accordance with the Ryan White Program (RWP), conflict of interest is defined as any financial interest in, board membership, current or past employment, or contractual agreement with an organization, partnership, or any other entity, whether public or private, that receives funds from the Ryan White Part A program. These provisions also extend to direct ascendants and descendants, siblings, spouses, and domestic partners of Commission members and non-Commission Committee-only members. IV. <u>REPORTS</u>

6. EXECUTIVE DIRECTOR/STAFF REPORT

- C. Barrit, Executive Director, reported that the October full COH meeting is cancelled. Committees and sub-groups will keep their October meetings unless otherwise notified by COH staff. She added that the Executive Committee will determine whether they wany to move forward with the December COH meeting or not. She noted that the next full COH meeting will be the COH Annual Conference on November 14 at the MLK Behavioral Health Center. The COH Annual Conference will feature a series of keynote sessions in the morning, and breakout sessions in the afternoon. C. Barrit reiterated that COH staff will notify Commissioners of any changes to meeting schedules.
- C. Barrit reported that at the August meeting the COH unfortunately did not have quorum and were unable to vote on the Ryan White Program Year 35 allocations presented by the Planning, Priorities, and Allocations (PP&A) Committee. The RWP PY35 allocations will be included in the RWP Part A application the Division on HIV and STD Programs (DHSP) is working on. The Executive Committee will vote on the RWP PY 25 allocations at their September 26 meeting to meet the deadline and avoid calling an additional meeting. She highly encouraged members of the Executive Committee to attend the September 26 meeting. The deadline to submit the RWP Part A application is October 1, however DHSP has an internal deadline of September 29. C. Barrit noted that the RWP PY 35 allocations are included in the packet for the September 12 COH meeting available on the COH website. She reminded attendees that the RWP PY 35 allocations are strictly for the RWP, and the service categories described in Policy Clarification Notice 16-02 (PCN 16-02). Not all services receive a funding allocation because there could be another payer sources or the service is not offered. Additionally, the allocations are listed as percentages because the RWP Part A 2025 award is not available yet.
- Lastly, C. Barrit shared that the co-chairs from the PP&A Committee, the COH co-chairs, and COH staff will participate in a review of the RWP Part A application the DHSP is preparing. The review will take place on September 19 at the DHSP office.

2024 PUBLIC POLICY PRIORITIES

For over 40 years, HIV has raged in communities across the world disproportionately impacting marginalized populations, including youth, with higher rates of disease and death. The Public Policy Committee (PPC) and Commission on HIV are committed in supporting and encouraging innovative efforts to reduce bureaucracy and barriers to accessing services, increase funding, and enhance HIV and Sexually Transmitted Infection (STI) care and prevention service delivery including a status neutral approach and strategies.

The COVID-19 Global pandemic severely impacted the delivery of HIV/STI care and prevention services. The rising rates of STIs the past few years is alarming and necessitates urgent action by local, state, and federal policy makers and service delivery agencies to help mitigate the spread of HIV/STIs. Early diagnosis and treatment of STIs is vital to interrupting transmission of HIV/STIs. Nevertheless, the COVID-19 Global pandemic demonstrated that with political will, funding, and most important of all urgency, the development of rapid and safe vaccines is possible. The time to find a cure to HIV is now. With a renewed sense of optimism and urgency, the PPC remains steadfast in its commitment to universal health care, eradication of racism in all forms, and unfettered access to trauma informed care and supportive services-- including comprehensive harm reduction services-- to ensure that all people living with HIV and communities most impacted by HIV and STIs, live full and productive lives.

The PPC recommends the Commission on HIV endorse the prioritization of the following issues. The PPC will identify and support legislation, local policies, procedures, and regulations that address the following priorities in 2024 (listed in no particular order):

Funding

- a. Preserve federal funding for Medicaid, Medicare, and HIV/AIDS programs such as the Ryan White HIV/AIDS Program (RWHAP) and the Ending the HIV Epidemic (EHE) initiative.

- b. Reduce and eliminate the disproportionate impact of HIV/AIDS and STIs in the Black/African American community. To include the identification of and rooting out of systemic and systematic racism as it affects Black/African American communities.
- c. Address the impact of humanitarian crises on the HIV continuum of care and service delivery including HIV/STI prevention services.
