2. Adoption and Equitable Implementation of the Los Angeles County Community Forest Management Plan

Recommendation as submitted by Supervisors Mitchell and Horvath: Adopt the Los Angeles County Community Forest Management Plan (CFMP); instruct the Chief Sustainability Officer and relevant Department Heads to integrate the CFMP's targets and goals into their work plans; instruct the Director of Public Works to report back to the Board in writing in 60 days with an analysis of the cost, potential funding opportunities and options to implement the extended watering for the first three years after tree planting, referred to as "the establishment period," and the enhanced street tree planting policies in high canopy need unincorporated communities that include community feedback from the Climate Ready Communities initiative and accelerate tree canopy equity; and take the following actions:

Instruct the Chief Sustainability Officer, in collaboration with the Directors of Public Works, Parks and Recreation and other relevant Department Heads to seek funding for, and implement pilot depaving projects on County property, including the right-of-way, in high canopy need communities, and consider opportunities to integrate trees into conceptual project designs associated with Vision Zero and other community improvement initiatives;

Instruct the Chief Sustainability Officer to partner with relevant Department Heads, utilities, and external community partners, to seek funding for and implement an equity-based residential tree planting program for unincorporated communities using a community stewardship approach;

Instruct the Director of Parks and Recreation to identify opportunities to increase tree canopy in existing County Parks located in communities with high canopy need;

Instruct the Director of Economic Opportunity to work with regional partners, such as cities, Metropolitan Transportation Authority, Caltrans, and Southern California Edison, to inform their Inflation Reduction Act-funded work to develop workforce development opportunities for tree planting and maintenance projects Countywide, especially in communities most lacking in tree coverage;

Instruct the Directors of Internal Services and Economic Opportunity, in collaboration with the Chief Sustainability Officer, the Directors of Public Works, Parks and Recreation and Beaches and Harbors, the County Librarian, and other relevant Department Heads, to perform a baseline analysis of the number of active County contracts and purchase orders related to the procurement of trees and plants, including the total number of trees sourced locally within the County, and current tree and native plant nurseries within the County, including how many of those are County vendors and receiving contracts or purchase orders, and based on this analysis, work with Departments to identify and evaluate potential changes in County procurement, contracting, and other policies, and procedures and strategies that may be necessary to better support tree and native plant nurseries within the County and increase the local supply of high quality, native, and climate resilient trees and plants;

Instruct the Chief Sustainability Officer to report back to the Board annually regarding progress towards equitable implementation of the CFMP goals and actions; and

Direct the Chief Executive Officer, through the Legislative Affairs and Intergovernmental Relations Branch, to support local, State, and Federal legislation, funding measures, grant opportunities, and other initiatives that provide resources needed for the implementation of the CFMP.

16. Combatting Illegal Dumping and Unregulated Mulching

Revised recommendation as submitted by Supervisor Barger: Instruct County Counsel, in coordination with the Fire Chief, and the Directors of Public Health, Public Works, and Regional Planning, to develop local ordinances to regulate land application of mulch and other compostable material to include local permitting requirements including, but not limited to, the following:

Requirements for appropriate zoning, maximum duration of storage prior to land application, maximum height of storage piles, frequency and depth of application, and specific requirements for heavy metal concentration, physical contamination (non-organic material), and pathogen density;

Requirements of property owners to include, in their agreement with mulch suppliers, a provision that would require the supplier to be responsible for taking back any load that does not meet the land application requirements, such as physical contamination, heavy metal concentration, and pathogen density;

Requirements for property owners or mulch applicators to maintain a Fire Plan that would include measures to prevent spontaneous combustion, such as routine temperature checks of stockpiled mulch and minimum spacing requirements between mulch stockpiles;

Amendments to the County Code, Title 32 - Fire Code, to do the following:

Increase fines in the Code to provide greater flexibility in enforcement of illegal dumping violations and to recover cleanup costs related to illegal dumping and illegal land application activities;

Develop a "Contaminated Mulch Ordinance" to prohibit any construction and debris or any other non-organic material to be mixed with mulch and deposited on land; and

Expand the existing Fire Code Section 326.15 (Illegal Dumping in Hazardous Wildfire Areas) to include new subsections as follows: Section 326.15.1 (Mulch Permit) to require a permit for mulch piles greater than 12 inches in height, including fire prevention requirements and stipulations for fire suppression cost responsibilities; and Section 326.15.2 (Unpermitted Mulch Fires) to hold property owners financially responsible for fire suppression costs if a fire occurs on a parcel without a mulch permit, with pile depths greater than 12 inches;

Request the Sheriff to report back to the Board in writing in 21 days with a proposed procurement and deployment plan for technological solutions including, but not limited to, mobile cameras and license plate readers, to concentrate enforcement resources on known hot spots for illegal dumping and improper land application of mulch and other organic waste, including cost estimates, schedules, and other pertinent information; and

Instruct the Director of Director of Public Works, in coordination with the Director of Regional Planning, to report back to the Board in writing in 21 days with strategies to employ technological solutions for the enforcement of illegal dumping including, but not limited to, the use of aerial mapping to identify potential sites of illegal dumping in remote and rural communities, as well as the use of Unmanned Aerial Vehicles, including cost estimates, schedules, and other pertinent information. 17. Bridge Fire Disaster Recovery

Recommendation as submitted by Supervisor Barger: Instruct the Director of the Office of Emergency Management to activate the Recovery Section of the County Emergency Operations Center, establish the following recovery task forces - Economic Recovery, Watershed Hazard Assessment, Health and Social Services, Debris Removal and Rebuild, and Natural and Cultural Resources, and coordinate with County Department Heads to take all necessary actions to effectuate the recovery phase for the impacted communities; find that the actions, projects, and repairs needed to respond to this emergency, as described, are exempt from the California Environmental Quality Act (CEQA); and instruct County Department Heads to take the following actions, and any other specific actions necessary to recovery, within the umbrella of the Recovery Section:

Instruct the Directors of Public Health, Public Works, and the Office of Emergency Management, and the Fire Chief, to conduct an evaluation of the ability to expedite the safe removal of fire debris, including Household Hazardous Waste;

Instruct the Directors of Public Health, Mental Health, and Public Social Services to conduct a needs assessment and evaluate the implementation of public health, mental health, and eligible social service resources to mitigate the negative effects experienced by those affected by the Bridge Fire;

Instruct the Executive Director of Los Angeles County Development Authority, the Directors of Consumer and Business Affairs and Aging and Disabilities, to conduct an assessment on the ability to provide eligible housing and community-based services to mitigate the loss experienced by those impacted by the Bridge Fire;

Instruct the Registrar-Recorder/County Clerk to suspend all fees for copies of real property records recorded with the Registrar-Recorder/County Clerk for any individuals who lost such records as a result of the Bridge Fire, and direct the Chief Executive Officer to reimburse the Registrar-Recorder/County Clerk for said suspension of fees;

Request the Assessor and instruct the Treasurer and Tax Collector, to inform affected property owners of the importance of filing a Misfortune and Calamity Claim, including the impact to the deferral of the first installment of property taxes due December 10, 2024;

Instruct the Treasurer and Tax Collector to ensure that payment is deferred without penalty or interest for those affected by the Bridge Fire until the Assessor reassess property in accordance with State law;

Request the Assessor to report back to the Board in writing in 90 days on the number of affected property owners who filed Misfortune and Calamity Claims, as well as the number of affected property owners that requested a cancellation of late payment penalties from the Treasurer and Tax Collector;

Instruct the Director of Consumer and Business Affairs to conduct outreach to residents impacted by the disaster and provide information regarding price gouging and consumer best practices, and tenant protections;

Instruct the Director of Regional Planning to identify solid waste disposal facilities with active conditional use permits that allow for an expansion in operations, including modifications to permits and restrictions, which will allow for increased capacity and hours of operation, and authorize such expansions, to the extent allowed by CEQA, in the County, to ensure that recovery efforts are not constrained by existing pressures on solid waste disposal, recovery, and rebuilding efforts in the County; and

Direct the Chief Executive Officer, in conjunction with the Directors of Public Works and Regional Planning, and the Fire Chief, to build online resources, specific to the impacted communities, that provide step-by-step instructions on the recovery and rebuilding process;

Find that public interest and necessity demand immediate action to respond to the emergency conditions created by the Bridge Fire (Fire) including the repair and restoration of roads, bridges, roadway drainage, flood control facilities and other public infrastructure impacted by the Fire, the removal of sediment from debris basins, debris dams, and major dams, including Morris, San Gabriel, San Dimas, and any additional dams, which may be impacted by the fires, the construction of rail and timber structures, and other temporary and permanent debris mitigation measures and structures, and any other directly related and immediate action required to address those conditions for the public health and safety, as determined by the Director of Public Works, and that the emergency conditions will not permit the delay that would result if such actions were performed pursuant to a contract procured through a competitive solicitation for bids;

Authorize and instruct the Director of Public Works, on behalf of the County, and acting as the Road Commissioner, the Chief Engineer of the County Flood Control District, and County Engineer, to carry out the following emergency activities:

Coordinate with the National Forest Service, San Bernardino County, and any other property owner, as needed, to restore and modify damaged infrastructure, including the construction of temporary and permanent debris mitigation measures, required as a result of the fire;

Trim or remove fire-damaged trees adjacent to any County roads, bridges, flood control facilities and water supply facilities within the fire area, if any of the trees are within Significant Ecological Areas, work with the Director of Regional Planning to secure permits or exemptions, if applicable, for said work, with particular emphasis on addressing impacted Joshua Trees and Oak Trees;

Restore and/or repair roads, bridges, roadway drainage, flood control facilities and other public infrastructure impacted by the Fire, remove sediment from debris basins, debris dams, and major dams, including Morris, San Gabriel, San Dimas and any additional dams which may be impacted by the Fire, construct rail and timber structures and other temporary and permanent debris mitigation measures and structures, and take any other directly related and immediate action required to address the conditions created by the fires for the public's health and safety as determined by the Director of Public Works;

Conduct outreach to impacted residents and provide engineering advice on mitigation of impacts from potential debris flows;

Analyze and map debris flow hazards, and develop strategies and action plans for potential mudflow events, including maintenance and road closure plans;

Acquire necessary rights-of-way and permits, and enter into agreements including, but not limited to, cooperative agreements with the United States Forest Service, as necessary to carry out the emergency actions in this motion;

Submit grant applications and conduct any necessary actions, including negotiating and executing grant agreements and signing requests for reimbursements to the Natural Resources Conservation Service, the Federal Emergency Management Agency, the California Department of Transportation, the Federal Highway Administration, and the California Office of Emergency Services in order to secure Federal and State funds for emergency infrastructure repairs and rehabilitation, and debris flow protection measures, as necessary;

Fully utilize existing resources, and apply increased resources as necessary, to assist property owners in the same removal of Household Hazardous Waste and the reconstruction of structures damaged or destroyed by the Fire, and assistance by the Departments of Regional Planning, Public Health, Fire, and Public Works shall include streamlined coordination, plan review, and permit issuance for project compliance with the County's building codes and all building requirements, with assistance to also include enhanced community outreach to affected property owners through local information workshops and one-on-one consultation;

Amend, supplement, and extend for up to two years, existing professional and support service contracts, such as geotechnical, design, inspection, environmental and survey, by up to an additional \$5,000,000 each, not to exceed a maximum additional aggregate amount of \$50,000,000 to support the Department of Public Works' emergency recovery activities, and up to an additional \$5,000,000 each, with a not-to-exceed maximum additional aggregate amount of \$25,000,000 for other existing support service contracts, such as field security, debris removal and disposal, haul-truck services, and operated heavy equipment contracts, to support emergency repairs to County facilities and construction of temporary and permanent debris mitigation measures required as a result of the Bridge Fire;

Amend and supplement the existing road emergency repair contracts by up to an additional aggregate amount of \$5,000,000 to support emergency repairs to County facilities and construction of temporary and permanent debris mitigation measures required as a result of the Bridge Fire;

Perform any of the actions described in this motion by force account, and negotiate and amend existing emergency and other as-needed/on-call contracts, in an amount not to exceed an aggregate total of \$30,000,000, for the necessary equipment, services, and supplies in order to carry out any of the actions by the Department of Public Works described in this motion; and

Work with Southern California Edison to expedite and establish a streamlined permitting process to install temporary power solutions and associated infrastructure within the public rights-of-way and on County properties;

Authorize the Director of Public Works to perform force account work, negotiate and amend existing emergency and as-needed contracts on behalf of the County, in an amount not to exceed an aggregate total of \$30,000,000 for the necessary equipment, services, and supplies in order to repair road facilities damaged by the Bridge Fire; and

Instruct the Director of Public Works to report back to the Board in writing on a regular basis, as required by Section 22050 of the Public Contract Code on what actions have been taken and verify the need to continue these emergency actions, with such report backs taking place until such time that the undertaken actions have been terminated; and work with the Director of Public Health to identify and streamline permitting for necessary actions to repair existing septic systems and water wells. AGENDA

In accordance with the Brown Act, all matters to be acted on by the Board must be posted at least 72 hours prior to the Board meeting. In cases of an emergency, or when a subject matter needs immediate action or comes to the attention of the Board subsequent to the agenda being posted, upon making certain findings, the Board may act on an item that was not on the posted agenda.

The majority of the Board's Tuesday agenda is a consent calendar. All matters included on the consent calendar (including Board of Supervisors items and Administrative Matters) may be approved by one motion unless held by a Board Member for discussion. During the reading of the Agenda, the Executive Officer will indicate which items have been requested to be held for discussion or continued to a future meeting, and the remaining items will be approved. Items which are set for a certain time may or may not be called up at exactly the time indicated, depending on the business of the Board. The items that are held for discussion may be taken up at any time, depending on the business of the Board. Each item includes a brief summary of the Board member's motion or department's recommended action, and in some instances, a corresponding recommendation from the Chief Executive Officer, indicated in capital letters.

Included at the end of each agenda are items which have been continued from previous meetings for further discussion and action by the Board. This portion of the agenda is commonly referred to as the "A-item Agenda." At the request of a Supervisor, the A-items may be called up for consideration at any time.

INFORMATION RELATING TO AGENDAS AND BOARD ACTIONS

Agendas for the Board meetings are available on Thursday mornings in the Executive Office and on the Internet. A supplemental agenda that includes corrections, additions or deletions to the agenda is available on Friday afternoons. Internet users may subscribe to and access the agenda on the Los Angeles County homepage at <http://bos.lacounty.gov> under the "Board of Supervisors", and clicking on the "Board of Supervisors Meeting Agendas" link.

Meetings of the Board of Supervisors are recorded on DVD and are available for a nominal charge. A recorded phone message is available immediately following the Board meeting, regarding which items were approved on consent by the Board. A recording of the Board meeting (in Spanish and English) is available within 24-48 hours of a Board meeting at <http://bosvideoap.co.la.ca.us/mgasp/lacounty/homepage.asp> and transcripts are available at <http://file.lacounty.gov/bos/transcripts/>.

After each Board meeting, a Statement of Proceedings is prepared, which indicates the actions taken by the Board including the votes, and is available within 10 days following the meeting. Internet users may access the Statement of Proceedings and supporting documents on the Los Angeles County homepage at <http://www.lacounty.gov/wps/portal/sop>
