3. Honoring Social Enterprise Week in Los Angeles County: Setting a Social Enterprise Utilization Target and Strengthening the Employment Social Enterprise Definition

Recommendation as submitted by Supervisor Mitchell: Proclaim November 16 through 20, 2026, as Social Enterprise Week in Los Angeles County (County), in honor of the employment social enterprises that create jobs and career pathways for residents facing barriers to employment, and direct the Director of the Department of Economic Opportunity (DEO), in partnership with the Director of the Internal Services Department (ISD), to host an annual Social Enterprise Marketplace during Social Enterprise Week at or near the Kenneth Hahn Hall of Administration, paired with training for County procurement staff on the Social Enterprise Preference Program and the Social Enterprise Employment and Training Master Agreement (SEMA).

Direct the Director of DEO, in consultation with the Director of ISD, the Chief Executive Officer, the Auditor-Controller, County Counsel, and the Directors of other relevant Departments, to report back to the Board in writing in 120 days with the following:

A baseline assessment of Social Enterprise utilization for Fiscal Years 2023-24 through 2025-26, including:

The number of certified social enterprises, and how many have a primary mission of employing and training individuals facing barriers to employment;

The number of County solicitations in which the Social Enterprise preference was requested and applied, and the resulting awards;

Total County payments to certified social enterprises, by Department and by category of goods and services;

Work orders issued under SEMA, by Department and dollar value and whether cash advances were provided; and

Barriers to contracting identified by social enterprises, including cash flow, payment timeliness, contract size, insurance and bonding requirements, and the certification process.

A recommended Social Enterprise utilization target, including:

A Countywide target for spending with certified social enterprises, with a specific target for employment social enterprises, expressed as a share of eligible spending and phased in over three years beginning in Fiscal Year 2027-28;

An accountability structure, including a Departmental utilization plans and an annual utilization report to the Board each November in recognition of Social Enterprise Day;

Recommendations to develop a definition and potential preferences for job quality standards, including competitive wages, benefits, and pathways to permanent employment, for Employment social enterprise (ESEs) awarded contracts by the County;

Alignment with the California Regional Initiative for Social Enterprise definition in Government Code Section 11788, the SEMA, and County ESE programs including LA:RISE and RENEW; and

Recommendations for amendments needed to County Code Chapter 2.205 and the Preference Program Implementation Guidelines.

Recommendations on whether the CalFresh Employment and Training Program should be expanded to additional social enterprises, the timeline for expansion and the forecasted additional revenue that could be drawn down by the 50/50 non-Federal match should additional ESEs be added to the County's existing program.

Recommendations to strengthen outreach and connect certified social enterprises to 2028 Olympic and Paralympic Games opportunities, including contracting and local hiring, prepared in coordination with the Chief Executive Office Major Events team and DEO's Path to 2028 initiative.

In coordination with the CEO's Office of Major Events, recommendations to increase the capacity of certified social enterprises to be an employer of choice for 2028 Olympic and Paralympic Games-related opportunities, and report back to the Board in writing in 60 days with:

Identification of County Games-related contracts, and categories in the LA28 Procurement Forecast, suitable for performance by employment social enterprises, including through SEMA work orders or unbundling;

How ESE and their transitional workers will be counted toward the County's 40 percent local hiring goal and the Protect Vulnerable Angelenos goal of the 2028 Games Goals Framework; and

Engagement with LA28 and the City of Los Angeles on recognizing the County's social enterprise certification within LA28's supplier program and the Games Local Hire Working Group.

Direct County Counsel, in consultation with the Director of DEO, to prepare any ordinance amendments to County Code Chapter 2.205 recommended in the report back for the Board's consideration within 120 days of the report back. (26-6640)

4. Supporting Fresh Food Access at the Martin Luther King, Jr. Medical Campus

Recommendation as submitted by Supervisor Mitchell: Find, pursuant to Government Code section 26227, that the portion of the County's Martin Luther King Jr. Medical Campus proposed for the farmers market is not currently needed for exclusive County purposes during the specified Wednesdays and hours of market operation, which will be defined in the market license agreement. Find that the services to be provided by Sustainable Economic Enterprises of Los Angeles (SEE-LA) are necessary to meet the social needs of County residents and serve a public purpose by increasing access to fresh, affordable food in a community with the County's highest rates of food insecurity and diabetes. Direct the Chief Executive Officer (CEO), or his designee, in consultation with the Director of LA Health Services (LAHS), to waive the day-use permit fee of $200 per market day for the duration of the market's license term, not to exceed 55 market days per year. Delegate authority to the CEO, or his designee, in coordination with the Director of LAHS, to negotiate, execute, and issue a gratis license agreement to SEE-LA within 60 days, for a two-year term, for the operation of a farmers' market at the County-owned Martin Luther King Jr. Medical Campus. Authorize the CEO, or his designee, to execute ancillary documentation, and to take any other actions necessary and appropriate to implement and effectuate the market license. Find that the proposed granting of a non-exclusive, gratis license agreement to SEE-LA for the operation of a farmers market on County-owned property is exempt from the California Environmental Quality Act. 5. Protecting Residents and Communities from Unlawful Practices at Non-Clinical Recovery Residences

Recommendation as submitted by Supervisor Horvath: Direct County Counsel, in consultation with the Director of Public Health's Substance Abuse Prevention and Control Program, the District Attorney, the Directors of Consumer and Business Affairs, Regional Planning, and Public Works, the Fire Chief, the Sheriff, other relevant County Departments, and engagement with community stakeholders, including substance use providers and individuals with lived experience, report back in writing to the Board in 120 days with a coordinated, risk-based protocol for addressing alleged unlawful conduct by non-clinical recovery residences, within their respective jurisdictional authorities, including procedures for coordinating with and referring matters to the appropriate local, State, or Federal enforcement authority. The protocol and any recommended options shall be consistent with the Federal Fair Housing Act, the Americans with Disabilities Act, and the California Fair Employment and Housing Act, and shall target unlawful conduct rather than the disability status of residents. The protocol should include, but not limited to the following:

Complaint System: Provide details and recommendations to improve existing complaint systems that receive, document, and route allegations to the appropriate local, State, or Federal enforcement authority.

Safeguards for Referrals: Within existing resources, develop uniform safeguards for privately operated, recovery residences that County-operated and County-contracted providers make referrals to.

Enforcement: Analyze enforcement criteria and make recommendations to improve existing business, building, fire, zoning, property-maintenance, consumer-protection, contracting, labor, and public-nuisance laws, as well as coordination with applicable State and Federal enforcement authorities. This analysis should identify the jurisdiction and responsibilities of relevant agencies and recommend procedures for interagency coordination, information sharing, and referrals, including referral of suspected unlicensed recovery or treatment services to the California Department of Health Care Services and referral of appropriate consumer-fraud, insurance-fraud, or criminal matters to the responsible enforcement authority. The analysis should include, but not limited to the following:

Escalating enforcement options, as legally appropriate; and

Procedures to protect residents affected by an emergency closure or other enforcement action, including coordination of safe relocation, transportation, medication continuity, naloxone access, and connection to appropriate housing or treatment when necessary.

Identify any additional options the County has at its disposal to regulate non-clinical recovery residences, including the pros and cons of those options.

Outline actions that can be implemented within existing resources, any legal or operational gaps, and any staffing or funding needs requiring separate Board consideration. (26-6779)

6. Supporting Film and Television Production and Los Angeles County's Entertainment Workforce

Recommendation as submitted by Supervisor Horvath: Direct the Chief Executive Officer, through its Legislative Affairs and Intergovernmental Relations Branch, to support H.R. 10582 and S. 5552, the Motion Picture, Television, and Entertainment Revitalization Act, and similar measures that would establish a Federal film and television production tax credit to incentivize domestic production, protect and create American entertainment jobs, and complement State production incentive programs. 7. Exploring Housing Strategies and Expanded Supports for Transition-Age Youth (TAY)

Recommendation as submitted by Supervisor Horvath: Instruct the Interim Director of Children and Family Services (DCFS) to report back in writing in 120 days as follows:

Explore the feasibility of expanding Project HopeBridge or a similar model beyond Service Planning Area (SPA) 6, with a plan for a phased implementation to the SPA with the next highest number of unhoused Transition-Age Youth (TAY). This should include a discussion of possible funding sources, including the Los Angeles County Development Authority's (LACDA) Permanent Local Housing Allocation funding, any capacity needs, and a realistic timeline to offer this successful program to additional young people. This report should also include feedback from young people, including their insights into what makes the model appealing.

In collaboration with the Chief Executive Officer (CEO), the Director of Internal Services Department (ISD), and County Counsel, explore how to right-size the Transitional Housing Program-Plus (THP+) option for former foster youth, including those who are pregnant and parenting. This should include an examination of the number of beds actually needed in this program and a revision of the contracting process and contracts to the extent legally permissible and in line with state requirements to increase flexibility and accessibility for providers. Should the Department identify the need for additional THP+ beds, DCFS should work with the CEO to identify funding sources and work with the provider community to identify existing and new providers. The revised contracting process should identify opportunities to increase flexibility and accessibility for providers and reduce the timeline it takes to execute a contract consistent with applicable legal requirements. DCFS should consult with the CEO and ISD, as well as integrate existing feedback from providers and from various crosswalk exercises into this process, to reexamine which requirements go above and beyond what is required by the state and whether modifications are appropriate. The report back to the Board must include their findings, planned next steps, and timeline for implementation.

Direct the Office of Child, Youth, and Family Well-Being (OCYFW) to report back in writing in 60 days as follows:

In collaboration with the Chief Information Officer (CIO), CEO, County

Counsel and the Directors of Mental Health (DMH), DCFS, Homeless Services and Housing (HSH), Parks and Recreation (Parks), Public Health (DPH), Economic Opportunity (DEO), and Youth Development (DYD) with a plan to develop and implement a pilot creating a “Fast Pass” prioritization process to prioritize navigation support for foster youth through age 26 who are at risk of or are experiencing homelessness, particularly those pregnant and/or parenting, for County administered and/or funded services and supports, where legally and regulatorily permissible. This pilot should focus on the programs funded and/or administered by DMH, DPH, HSH, DYD, DEO, and Parks. Once the report back has been submitted, the pilot should be implemented.

The pilot implementation strategy should include a focus on:

Establishing and/or strengthening cross-systems navigation and referral processes, including establishing clear points of contact and strengthening “warm handoff” practices to support continuity of care. This should also include building feedback loops with young people and being responsive to youth needs, such as after-hours supports.

This may include community-based care coordination models similar to those already implemented by DYD.

This should also include setting expectations around referral times and include a mechanism for self-referral for young people who may not currently be connected to a system.

Developing trauma-informed methods to identify youth and young people not directly referred by a department. This should include establishing a secure verification process with DCFS to confirm current/former foster youth status, where necessary, without stigmatizing the young person.

Leveraging existing County data-sharing initiatives, such as the Community Information Exchange, the Countywide Information Hub, and consent-based data sharing tools to advance Fast Pass implementation goals, including consistent identification across systems. This should include coordinating with HSH to ensure alignment with ongoing youth homelessness system work to avoid creating

a parallel pathway disconnected from existing homeless services infrastructure.

Strategies and metrics to track pilot outcomes, including referral times, youth experience, services needed and whether the pilot helps young people secure supports faster.

Before implementing a Fast Pass process for any specific program attached to a particular funding stream, law, or regulation, departments should work with County Counsel to ensure that doing so is legally permissible.

Instruct the following Directors to report back as follows:

HSH, in partnership with OCYFW, DCFS, DMH, the Director of Public Social Services (DPSS), LACDA, and the Director of the Justice, Care, and Opportunities Department, complete a mapping of the TAY Housing Continuum of Care. This analysis should include a summary of system-wide resources, eligibility requirements, referral access, entry points, opportunities for case conferencing, funding streams attached to each particular resource, and how County Departments could be better connecting and aligning efforts to support TAY. This work should include the perspective of the community-based organizations that do this work. A discussion of this analysis should be included in the quarterly HSH updates to the Board

CEO and CIO to report back in 30 days on the status of their work to improve data sharing and support care coordination while ensuring that individuals maintain control over their information. The report should include updates and implementation timelines for the following and identification of any barriers:

Strengthening consent-based information sharing;

Standardizing authorization forms that allow youth and young adults to consent to the sharing of health and social services information across participating departments and providers;

Plan for continuing to support young people who chose not to consent to data sharing;

The development of an electronic consent management system

that will clarify what information can be shared, with whom, and under what conditions; and

Integration of referral-tracking mechanisms.

The Director of HSH to work with the Los Angeles County Affordable Housing Solutions Agency (LACAHSA) to explore how to align services, resources and supports for TAY, and report back in writing in 30 days on those efforts.

The Director of DPSS to report back in 60 days on the following:

Estimated cost of implementing a “fast pass” system through any of the DPSS access points;

The feasibility of having Linkages GAIN Social Workers, or another appropriate County classification, connect former foster youth or youth exiting foster care to DPSS services. If this is determined to not be feasible, identify alternative strategies for connecting former youth to DPSS services;

Opportunities for DPSS to enhance its role in helping former foster youth access benefits and services, including expanding trauma-informed and cross-system training for staff; strengthening partnerships with community-based organizations; improving coordination with housing and workforce programs; and exploring enhancements to existing business processes to reduce procedural barriers. In this report, DPSS should include details about each of these opportunities and identify any potential barriers to implementation, including any associated funding needs; and

Estimated costs of expanding the Springboard Guaranteed Income Program for General Relief TAYs, which supports housing needs, beyond their current 400 slots, in consultation with CEO-Poverty Alleviation Initiative.

The CEO to report back in writing as a part of the FY 2027-28 recommended budget with sources of ongoing funding for the Department of Youth Development’s “My Life, My Way” program for three years in the amount of $2,000,000 annually for a total of $6,000,000 beginning in the FY 2027-28 budget.

Instruct the Director of Youth Development (DYD), in collaboration with HSH, to move forward with launching the “My Life, My Way Program” described in their May 18, 2026 report back so that it can be implemented as soon as funding is identified. This three-year demonstration project should be focused on young people ages 21-26 who are former foster youth not receiving housing services from HSH and no longer connected to a social worker for case management support. This program should be designed to align with HSH’s TAY work to ensure that we are leveraging all available resources to support young people with foster care history.

Instruct the Director of Mental Health (DMH) to report back in 60 days with the following:

A proposal to prioritize foster youth and recent former foster youth for TAY designated Interim Housing Program (IHP) beds, in consultation with DCFS. This proposal should include all legal and programmatic requirements and limitations, the proposed definition of former foster youth, best practices and trauma informed questioning about former foster youth status, how foster youth status would be collected, a timeline for implementation as soon as possible and the possibility of incorporating the data element into the DMH IHP system;

How current and former foster youth in DMH’s housing program, including the Enhanced Emergency Shelter Program (EESP), are connected to the broader youth housing continuum of care; and

A plan to coordinate among Full-Service Partnership (FSP) providers and Youth Access Center providers at the regional level to ensure facilitation of referrals and connection to the FSP program, coordination of care and crisis response when services are medically necessary. This report should also include a plan to assign DMH directly operated or contracted staff to co-locate Youth Access Centers to assess youth participants for care and to facilitate direct connection to mental health services. 8. Immediate Steps for Los Angeles County to Take to Ameliorate the Impacts of the End of Assisted Living Facility Transitions (ALFT) Benefit to Vulnerable Residents

Recommendation as submitted by Supervisors Hahn and Barger: Suspend Section 22.1 of the Rules of the Board for the limited purpose of considering this motion. Instruct the Director of Aging and Disabilities (A&D), in coordination with the Director of Homeless Services and Housing (HSH) and the Director of LA Health Services (LAHS), to engage Health Net and the California Department of Health Care Services (DHCS) to take the following actions:

Identify impacts on the affected populations with recommended solutions.

Request that Health Net identify viable transition pathways to ensure appropriate discharge planning and coordinated placement of impacted members and communicate updates.

Coordinate with DHCS to explore whether impacted members may pursue enrollment in the Assisted Living Waiver (ALW) program to mitigate negative impacts.

Direct the Chief Executive Officer, through the Legislative Affairs and Intergovernmental Relations Branch (CEO-LAIR), to send five-signature letters to the incoming Governor, the DHCS Director, with copies to the Los Angeles County Congressional and State Legislative delegations, requesting that they explore administrative, legislative, and budget advocacy opportunities related to the DHCS' ALW program, California Advancing and Innovating Medi-Cal (CalAIM), and other Medi-Cal programs serving vulnerable populations.

Instruct the Director of A&D, in coordination with the Directors of HSH, LAHS, and the Chief Executive Officer, to assess the potential fiscal, staffing, housing, and service capacity impacts associated with the termination of Assisted Living Facilities Transition (ALFT) and Personal Care and Homemaker Services (PCHS), including identifying responsibilities and service needs that cannot reasonably be absorbed by the County without additional State funding and support.

Instruct the Director of A&D, in coordination with the Directors of HSH, LAHS, and Public Social Services (DPSS), to assess the potential impacts of the January 1, 2027, transition of Medi-Cal members from managed care to fee-for-service Medi-Cal, including potential loss of ALFT, PCHS, and other Community Supports.

Instruct the Director of A&D, in coordination with the Directors of HSH, LAHS, DPSS, and the Chief Executive Officer, to report back to the Board in writing within 30 days on the status of the above directives. (26-6907)

11. Department of Mental Health Lease Agreement

Recommendation: Authorize the Chief Executive Officer to execute a proposed lease with Logan 26 LLC, a California limited liability company (Landlord), for the Department of Mental Health's (DMH's) use of approximately 23,979 sq ft of office space and 96 on-site parking spaces, located at 20808 East Arrow Highway, Covina. This proposes a lease for a term of 12-years. The estimated maximum first year base rental cost is approximately $1,108,000, but with a three-month rent abatement of approximately $277,000, will total approximately $831,000. The estimated total proposed lease cost is approximately $20,050,000 over the 12-year term. The rental costs are anticipated to be fully funded with Federal Financial Participation, Behavioral Health Services Act, and 2011 Realignment funding that will be included in DMH's budget. DMH will not be requesting additional Net County Cost for this action. Authorize the Chief Executive Officer to reimburse the Landlord up to approximately $3,597,000, for the County Tenant Improvement (TI) contribution to be paid in a lump sum. Authorize the Director of Mental Health to contract with a County-approved vendor from the Sielox Access Control Master Agreement, in coordination with the Chief Executive Officer for the acquisition and installation of security systems, access control data, telephone, and low-voltage systems and vendor installation (Low-Voltage Items) for a total cost not to exceed $960,000 paid in lump sum. The cost for the Low-Voltage Items is in addition to the rental costs and the County's TI contribution payable to the Landlord. Authorize and direct the Chief Executive Officer to execute any other ancillary documentation necessary to effectuate the terms of the proposed lease, and to take actions necessary and appropriate to implement the proposed lease, including, without limitation, exercising any early termination rights and option to extend at fair market rent for an additional five years. If this option is exercised, the total term of the proposed lease will be up to 17 years. Find that the proposed lease is exempt from the California Environmental Quality Act. 12. Castro Peak and Mission Canyon Landfill Telecommunications Sites Agreements

Recommendation: Find that the proposed County of Ventura (Ventura) License and the proposed Los Angeles Department of Water and Power (LADWP) License are in the public's interest and the use will not substantially conflict or interfere with the use of each property by the County. Find that the proposed actions are exempt from the California Environmental Quality Act. Authorize the Chief Executive Officer to take the following actions: (Supervisorial District 3)

Execute the proposed Ventura License for the exclusive use of approximately 229 sq ft of land for one shelter; and 1,000 sq ft of shared land, where Ventura co-locates on a tower owned by the California Highway Patrol, maintains a generator area, and uses approximately 224 sq ft of a second shelter, which is equally shared with the County. The estimated first year base and road access fee is $24,218.56. In addition, Ventura will be required to pay the County its past due fee amount of $138,120.78, upon commencement of the proposed Ventura License. The estimated total fees for base fees, road access fees, and past due rent is $266,592, over the five-year term. The proposed Ventura License is for a term of five years with three automatic extensions of five years each. If the options are exercised, the total term will be 20 years and the total fees with past due rent to the County is approximately $794,996. The fees received will be deposited into the County's General Fund Non-Departmental Revenue account for Rents and Concessions.

Execute the LADWP License for approximately 14,283 sq ft of land, for LADWP's continued use to allow for equipment, parking, and construction staging on a portion of Mission Canyon Landfill. LADWP will be required to pay the County its past due fee amount of $450,000, upon commencement of the proposed LADWP License. If LADWP continues to use the licensed area for 12 months, the first year estimated revenue received by the County will be approximately $90,000, for a total amount of $540,000. If LADWP continues occupancy for all five years, the total fees and past due amount to the County are $900,000. The fees received will be deposited into the County's General Fund Non-Departmental Revenue account for Rents and Concessions.

Negotiate, approve, execute and/or grant any other consents, ancillary documentation, sublicenses, or future amendments, which are necessary to effectuate the proposed Ventura and LADWP Licenses, and the activities permitted under the proposed Ventura and LADWP Licenses. (26-6766)

20. Epic Enterprise Solution and Electronic Health Record Implementation Support Sole Source Agreement

Recommendation: Authorize the Director of LA Health Services to execute a sole source agreement with Epic Systems Corporation (Epic), effective upon execution, with a perpetual software license as to the Epic Integrated enterprise electronic health record (EHR) at the Department of Health Services, including Correctional Health Services, and at the Department of Public Health, with a maximum contract sum not to exceed $313,000,000, including the first 10 years of maintenance and support services for the Epic System under the agreement. The maximum contract sum includes $89,000,000 in general Pool Dollars for the purchase of Optional Work, and additional fees directly related to the use of the approved Epic System under this Board Letter (e.g., annual fee increases, regulatory updates, and transaction-based services, including Artificial Intelligence). Authorize the Director to take the following actions: **(LA Health Services)** APPROVE **4-VOTES** *(NOTE: The Chief Information Officer recommends approval of this item.)*

Execute a sole source agreement with Epic Hosting, LLC (collectively with Epic Systems Corporation, "Contractor"), effective upon execution and continuing through five years from Technical Go Live of the Epic System, with five optional extensions for one year each, subject to mutual agreement of the parties, for the provision of hosting services for the Epic Integrated EHR, with a maximum contract sum not to exceed $70,000,000, including the extension periods. The maximum contract sum includes $20,000,000 in general Pool Dollars for the purchase of Optional Work, and additional fees directly related to the use of the approved Epic System under this Board Letter (e.g., annual fee increases, regulatory updates, and increases in connection with County growth).

Execute a new agreement(s) with an independent third-party Epic System Implementation and support services vendor(s), which shall be selected following completion of a County compliant competitive solicitation process, with an aggregated estimated maximum contract sum not to exceed $140,000,000, subject to prior notice to the Board and Chief Executive Office (CEO). The maximum contract sum includes $25,000,000 in general Pool Dollars for the purchase of Optional Work (e.g., County's purchase of additional at-the-elbow support for the go-live of the Epic Integrated EHR), and additional fees directly related to the

implementation of the approved Epic System under this Board Letter.

Execute orders under and/or amendments to the agreements identified in recommendations one through three to: exercise the options to extend the terms of the respective agreements; add, delete, and/or change terms and conditions subject to the terms in the approved agreements and as mandated by Federal or State law or regulation, County policy, the Board and/or CEO; reduce scope of services and the maximum contract sum; consent to any assignments of the agreements as provided in the respective agreement; and issue written notice(s) of partial or full termination to suspend and/or terminate the agreements in accordance with the termination provisions in the agreements without further action by the Board.

Approve and execute orders under the agreements for: modifications to the project schedule; changes that do not incur additional costs or expenses or that do not otherwise materially affect any term or condition of the agreement; and the use of Pool Dollars included as part of the maximum contract sum, provided the amounts payable under such change orders do not exceed the available amount of designated or general Pool Dollars, as applicable.

Enter into new and amend existing ancillary product and service agreements to facilitate successful and timely deployment of the Epic System, such as equipment maintenance and utility and niche Information Technology agreements, including, but not limited to: acquisition of interfaces and systems required to facilitate the implementation and use of the Epic System and related services; migration or archiving of data and related professional services; assignment, replacement, or extension of the term of existing agreements or purchase orders to allow for orderly transition to the Epic System, on a sole source basis, to prevent disruptions of the services and software currently provided to LA Health Services (LAHS) or delays in the implementation of the Epic System; termination of such ancillary agreements in whole or in part in accordance with the terms of each agreement; add new and increase existing maximum contract sums to effectuate the required aforementioned changes, at a total estimated cost not to exceed $40,000,000; and authorize LAHS' re-deployment of previously-approved, unused contract sum amounts associated with the terminated products and services described above, to purchase ancillary products and services in connection with LAHS' use of the Epic System; with notification to the Board and CEO. The decisions and actions on the third-party agreements are a critical path item on the implementation

plan, are addressed at the outset of the implementation, and require agility in decision-making. The total estimated cost referenced above includes $7,000,000 in general Pool Dollars for the purchase of Optional Work, and additional fees directly related to the ancillary products and services (e.g., annual fee increases, transaction-based services, and increases in connection with County growth).

Approve LAHS' Fiscal Year (FY) 2026-27 appropriation adjustment to increase the Services and Supplies appropriation by $148,500,000 for LAHS. This increase is fully funded by the various LAHS obligated fund balances to cover one-time and implementation fees due in FY 2026-27. (26-6767)

AGENDA

In accordance with the Brown Act, all matters to be acted on by the Board must be posted at least 72 hours prior to the Board meeting. In cases of an emergency, or when a subject matter needs immediate action or comes to the attention of the Board subsequent to the agenda being posted, upon making certain findings, the Board may act on an item that was not on the posted agenda.

The majority of the Board's Tuesday agenda is a consent calendar. All matters included on the consent calendar (including Board of Supervisors items and Administrative Matters) may be approved by one motion unless held by a Board Member for discussion. During the reading of the Agenda, the Executive Officer will indicate which items have been requested to be held for discussion or continued to a future meeting, and the remaining items will be approved. Items which are set for a certain time may or may not be called up at exactly the time indicated, depending on the business of the Board. The items that are held for discussion may be taken up at any time, depending on the business of the Board. Each item includes a brief summary of the Board member's motion or department's recommended action, and in some instances, a corresponding recommendation from the Chief Executive Officer, indicated in capital letters.

Included at the end of each agenda are items which have been continued from previous meetings for further discussion and action by the Board. This portion of the agenda is commonly referred to as the "A-item Agenda." At the request of a Supervisor, the A-items may be called up for consideration at any time.

INFORMATION RELATING TO AGENDAS AND BOARD ACTIONS

Agendas for the Board meetings are available on Thursday mornings in the Executive Office and on the Internet. A supplemental agenda that includes corrections, additions or deletions to the agenda is available on Friday afternoons. Internet users may subscribe to and access the agenda on the Los Angeles County homepage at http://bos.lacounty.gov under the "Board of Supervisors", and clicking on the "Board of Supervisors Meeting Agendas" link.

Meetings of the Board of Supervisors are recorded on DVD and are available for a nominal charge. A recorded phone message is available immediately following the Board meeting, regarding which items were approved on consent by the Board. A recording of the Board meeting (in Spanish and English) is available within 24-48 hours of a Board meeting at http://bosvideoap.co.la.ca.us/mgasp/lacounty/homepage.asp and transcripts are available at http://file.lacounty.gov/bos/transcripts/.

After each Board meeting, a Statement of Proceedings is prepared, which indicates the actions taken by the Board including the votes, and is available within 10 days following the meeting. Internet users may access the Statement of Proceedings and supporting documents on the Los Angeles County homepage at http://www.lacounty.gov/wps/portal/sop
