Standards and Best Practices (SBP) Committee Members			
Erika Davies <i>Co-Chair</i>	Kevin Stalter <i>Co-Chair</i>	Danielle Campbell	Mikhaela Cielo, MD
Arlene Frames	Wendy Garland, MPH	Thomas Green	Mark Mintline, DDS
Andre Molette	Mallery Robinson	Harold Glenn San Agustin, MD	Martin Sattah
QUORUM: 7			

AGENDA POSTED: January 31, 2023.

VIRTUAL MEETINGS: Assembly Bill (AB) 361 amends California's Ralph M. Brown Act Section 54953 to allow virtual board meetings during a state of emergency. Until further notice, all Commission meetings will continue to be held virtually via WebEx. For a schedule of Commission meetings, please click [here](#).

PUBLIC COMMENT: Public Comment is an opportunity for members of the public to comment on an agenda item, or any item of interest to the public, before or during the Commission's consideration of the item, that is within the subject matter jurisdiction of the Commission. To submit Public Comment, you may join the virtual meeting via your smart device and post your Public Comment in the Chat box -or- email your Public Comment to [hivcomm@lachiv.org](mailto:hivcomm@lachiv.org) -or- submit your Public Comment electronically via [https://www.surveymonkey.com/r/PUBLIC\\_COMMENTS](https://www.surveymonkey.com/r/PUBLIC_COMMENTS). All Public Comments will be made part of the official record.

ATTENTION: Any person who seeks support or endorsement from the Commission on any official action may be subject to the provisions of Los Angeles County Code, Chapter 2.160 relating to lobbyists. Violation of the lobbyist ordinance may result in a fine and other penalties. For information, call (213) 974-1093.

ACCOMMODATIONS: Interpretation services for the hearing impaired and translation services for languages other than English are available free of charge with at least 72 hours-notice before the meeting date. To arrange for these services, please contact the Commission Office at (213) 738-2816 or via email at [HIVComm@lachiv.org](mailto:HIVComm@lachiv.org).

Servicios de interpretación para personas con impedimento auditivo y traducción para personas que no hablan inglés están disponibles sin costo. Para pedir estos servicios, póngase en contacto con Oficina de la Comisión al

(213) 738-2816 (teléfono), o por correo electrónico a HIVComm@lachiv.org, por lo menos setenta y dos horas antes de la junta.

SUPPORTING DOCUMENTATION can be obtained at the Commission on HIV Website at: <http://hiv.lacounty.gov>. The Commission Offices are at 510 S. Vermont Ave. 14<sup>th</sup> Floor, one block North of Wilshire Blvd on the eastside of Vermont just past 6<sup>th</sup> Street. Free parking is available.

NOTES on AGENDA SCHEDULING, TIMING, POSTED and ACTUAL TIMES, TIME ALLOTMENTS, and AGENDA ORDER: Because time allotments for discussions and decision-making regarding business before the Commission's standing committees cannot always be predicted precisely, posted times for items on the meeting agenda may vary significantly from either the actual time devoted to the item or the actual, ultimate order in which it was addressed on the agenda. Likewise, stakeholders may propose adjusting the order of various items at the commencement of the committee meeting (Approval of the Agenda), or times may be adjusted and/or modified, at the co-chairs' discretion, during the course of the meeting.

If a stakeholder is interested in joining the meeting to keep abreast of or participate in consideration of a specific agenda item, the Commission suggests that the stakeholder plan on attending the full meeting in case the agenda order is modified or timing of the items is altered. All Commission committees make every effort to place items that they are aware involve external stakeholders at the top of the agenda in order to address and resolve those issues more quickly and release visiting participants from the obligation of staying for the full meeting.

External stakeholders who would like to participate in the deliberation of discussion of a posted agenda item, but who may only be able to attend for a short time during a limited window of opportunity, may call the Commission's Executive Director in advance of the meeting to see if the scheduled agenda order can be adjusted accordingly. Commission leadership and staff will make every effort to accommodate reasonable scheduling and timing requests - from members or other stakeholders - within the limitations and requirements of other possible constraints.

Call to Order, Introductions, Conflict of Interest Statements 10:00 AM – 10:03 AM

**I. ADMINISTRATIVE MATTERS**

10:03 AM – 10:07 AM

- |    |                             |                  |
|----|-----------------------------|------------------|
| 1. | Approval of Agenda          | <b>MOTION #1</b> |
| 2. | Approval of Meeting Minutes | <b>MOTION #2</b> |

**II. PUBLIC COMMENT**

10:07 AM – 10:10 AM

3. Opportunity for members of the public to address the Commission on items of interest that are within the jurisdiction of the Commission

**III. COMMITTEE NEW BUSINESS ITEMS**

10:10 AM – 10:15 AM

4. Opportunity for Commission members to recommend new business items for the full body or a committee level discussion on non-agendized Matters not posted on the agenda, to be discussed and (if requested) placed on the agenda for action at a future meeting, or matters requiring immediate action because of an emergency situation, or where the need to take action arose subsequent to the posting of the agenda.

**IV. REPORTS**

- |    |                                 |                     |

<https://hiv.lacounty.gov/standards-and-best-practices-committee/>

### CALL TO ORDER-INTRODUCTIONS-CONFLICT OF INTEREST STATEMENTS

The meeting was called to order at 10:02 am. Erika Davies led introductions.

#### I. ADMINISTRATIVE MATTERS

##### 1. APPROVAL OF AGENDA

**MOTION #1:** Approve the agenda order, as presented (*✓Passed by consensus*).

##### 2. APPROVAL OF MEETING MINUTES

**MOTION #2:** Approve the 12/6/2022 SBP Committee meeting minutes, as presented (*✓Passed by consensus*).

#### II. PUBLIC COMMENT

**3. OPPORTUNITY FOR PUBLIC TO ADDRESS COMMISSION ON ITEMS OF INTEREST WITHIN COMMISSION JURISDICTION:** There were no public comments.

#### III. COMMITTEE NEW BUSINESS ITEMS

**4. OPPORTUNITY FOR COMMISSIONERS TO RECOMMEND ITEMS FOR FUTURE AGENDAS, OR ITEMS REQUIRING IMMEDIATE ACTION DUE TO AN EMERGENCY, OR IF NEED FOR ACTION AROSE AFTER POSTING AGENDA:**

There were no committee new business items.

#### IV. REPORTS

**5. EXECUTIVE DIRECTOR/STAFF REPORT****a. Operational Updates**

- Cheryl Barrit, Executive Director, reminded members of the Aging Caucus meeting and the monthly Commission meeting taking place this week. She also asked members to review the Commission's Annual Report document included in the packet. The report is an opportunity to celebrate the accomplishments of the Commission and will be voted for approval and submitted to the Board of Supervisors.
- Jose Rangel-Garibay noted that additional members will be joining the SBP Committee in February.

**6. CO-CHAIR REPORT****• 2023 Workplan Development**

- E. Davies provided an overview of the draft 2023 workplan (see the packet for a copy of the document) and noted the following:
  - Add the Oral Health Care Services standards review
  - Items 6 and 7 will need further elaboration and clarification to determine scope and action steps

**7. DIVISION ON HIV AND STD PROGRAMS (DHSP) REPORT**

- Wendy Garland mentioned there are no updates from DHSP so far and that she is looking forward to a productive year together.

**V. DISCUSSION ITEMS****8. Oral Health Care Services Standards**

- The Committee announced a 30-day public comment period for the Oral Health Care Services standards

**VI. NEXT STEPS****9. TASK/ASSIGNMENTS RECAP:**

- ➡ COH staff will coordinate with Wendy Garland to determine when to hold a presentation of the work DHSP has completed recently for the Medical Care Coordination (MCC) service standards
- ➡ COH staff will prepare drafts for review of the Universal Service Standards and the MCC Service Standards
- ➡ COH staff will request a list of upcoming solicitations from Dr. Green at DHSP to help inform the Committee's 2023 workplan development efforts
- ➡ COH staff will send announcement regarding the 30-day public comment period for the Oral Health Care Services standards

**10. AGENDA DEVELOPMENT FOR NEXT MEETING:**

- Review public comments received for the Oral Health Care Services standards
- Initiate review of the Universal Service Standards

**VII. ANNOUNCEMENTS**

- 11. OPPORTUNITY FOR PUBLIC AND COMMITTEE TO MAKE ANNOUNCEMENTS:** There were no announcements.

**VIII. ADJOURNMENT**

- 12. ADJOURNMENT:** The meeting adjourned at 10:43 am.

## COMMISSION MEMBER "CONFLICTS-OF-INTEREST"

Updated 1/25/23

The following list identifies "conflicts-of-interest" for Commission members who represent agencies with Part A/B –and/or CDC HIV Prevention-funded service contracts with the County of Los Angeles. According to Ryan White legislation, HRSA guidance and Commission policy, Commission members are required to state their "conflicts-of-interest" prior to priority- and allocation-setting and other fiscal matters concerning the local HIV continuum of care, and to recuse themselves from discussions involving specific service categories for which their organizations have service contracts.

COMMISSION MEMBERS		ORGANIZATION	SERVICE CATEGORIES
ALVAREZ	Miguel	No Affiliation	No Ryan White or prevention contracts

# LA County Comprehensive HIV Plan

## 2022-2026

LOS ANGELES COUNTY  
**COMMISSION ON HIV**

COUNTY OF LOS ANGELES  
**Public Health**  
DIVISION OF HIV AND STD PROGRAMS

## PURPOSE

- Serves as a jurisdictional HIV/AIDS Strategy.
- Living document and roadmap to guide HIV prevention and care planning throughout the year.
- Addresses local needs and opportunities for improvement.
- Emphasizes collaboration and coordination.

Full document can be found at: <https://hiv.lacounty.gov/our-work/>

## DESIGN

- Designed to reflect local HIV vision, values, needs and strengths.
- Aligns with:
  - California's Integrated Statewide Strategic Plan for Addressing HIV, HCV, and STIs (2022-2026)
  - The National HIV/AIDS Strategy (2022-2025)
  - The Ending the HIV Epidemic Plan (EHE Plan) for Los Angeles County (2020-2025)

## NEEDS ASSESSMENT

- Plan was developed using existing/previous assessments including the *Los Angeles County HIV/AIDS Strategy for 2020 and Beyond* (LACHAS) and the *Ending the HIV Epidemic Plan for Los Angeles County, 2020-2025* (EHE Plan)
- HIV/STD Surveillance Data and reports
- Qualitative data from priority populations, community members and providers
  - Listening sessions
  - Online survey
  - Facilitated stakeholder meetings

## SNAPSHOT: HIV IN LA COUNTY

- In 2020, there was an estimated 59,4008 PLWH aged 13 years and older in LAC. Also includes:
  - 1,401 who had been newly diagnosed (in 2020)
  - 6,800 persons who were unaware of their infection (undiagnosed)
- Of the approximately 52,000 people living with diagnosed HIV:
  - 87% were cisgender men, 11% were cisgender women and 2% were transgender persons
  - 46% were Latinx, 26% were White, 20% were Black/African American, 4% were Asian, 4% identify as multi-racial, and less than 1% were American Indian/Alaskan Native (AI/AN) and Native Hawaiian/Pacific Islander (NH/PI)

## SNAPSHOT: HIV IN LA COUNTY

- Since 2011, the percentage of persons newly diagnosed with HIV who were unhoused has more than doubled from 4.2% to 9.4%. 
- In 2020:
  - Cisgender men made up most of the new HIV diagnoses in 2020
  - Among males, those aged 20-39 and Black/African Americans had the highest rates of new HIV diagnoses
  - Among females, those aged 30-39 and Black/African Americans had the highest rates of new HIV diagnoses
- The percentage of persons newly diagnosed with HIV who had one or more STDs in the same year nearly doubled from 25% in 2012 to 46% in 2021.

## **KEY PRIORITIES**– identified during planning & community engagement process

- Embrace a status neutral approach
- Address social determinants of health, especially housing
- Address co-occurring disorders including STDs, mental health issues & meth use disorder
- Expand harm reduction services
- Address HIV-related disparities, particularly those experienced by Black/African Americans
- Increase health literacy among PLWH & people at risk for HIV
- Increase workforce capacity
- Meet the needs of PLWH ages 50 and older and/or long-term survivors
- Create more holistic services, especially for cisgender and transgender women
- Align funding streams and resources to ensure seamless access to high quality services

## PRIORITY POPULATIONS

- Latinx men who have sex with men (MSM)
- Black/African American MSM
- Transgender persons

- Cisgender women of color
- People who inject drugs (PWID)
- People under the age of 30
- People living with HIV who are 50 years of age or older

## Goal:

380 or less new HIV infections by 2025  
150 or less new HIV infections by 2030

**Diagnose**

**Treat**

**Prevent**

**Respond**

**Build HIV Workforce Capacity**

**System and Service Integration**

**Equity, Social Determinants of Health &  
Co-occurring Disorders**

## DIAGNOSE

Diagnose all people with HIV as early as possible

- Expand routine opt-out HIV screening in healthcare and other settings, such as emergency departments (EDs) and community health centers (CHCs) in high prevalence communities.
- Develop locally tailored HIV testing programs in non-healthcare settings, including home/self-testing
- Increase the rate of annual HIV re-screening among persons at elevated risk for HIV in both healthcare & non-healthcare settings. Implement technology to help providers identify clients due for HIV re-screening & increase ways of maintaining communication with clients.
- Increase timeliness of HIV diagnoses from point of infection by increasing access to testing and increasing awareness of risk

## TREAT

Treat people with HIV rapidly & effectively to reach sustained viral suppression

- Ensure rapid linkage to HIV care and antiretroviral therapy (ART) initiation for all persons newly diagnosed with HIV.
- Support re-engagement & retention in HIV care and treatment adherence
- Expand the promotion of Ryan White Program services to increase awareness, access to, and utilization of available medical care and support services for PLWH
- Develop and fund a housing service portfolio that provides rental subsidies to prevent homelessness among PLWH
- Explore the impact of conditional financial incentives to increase adherence to treatment for high acuity out-of-care PLWH
- Increase capacity to provide whole-person care to people living with HIV (PLWH) age 50 & older and long-term survivors

## PREVENT

Prevent new transmission by using proven interventions

- Accelerate efforts to increase PrEP use
- Finalize PrEP campaigns for Black/African American MSM, transwomen and cisgender women
- Increase availability, use and access to comprehensive Syringe Service Programs (SSPs) & other harm reduction services

## RESPOND

Respond quickly to HIV outbreaks to get prevention & treatment services to people in need

- Refine processes, data systems, and policies for robust, real-time cluster detection, time- space analysis, and response
- Refine current processes to increase capacity of Partner Services to ensure people newly diagnosed are interviewed and close partners are identified and offered services in a timely and effective manner.
- Develop and release Data to Care RFP

## WORKFORCE CAPACITY

Increase HIV workforce capacity to diagnose & treat PLWH, prevent new HIV infections and reduce HIV-related disparities

- Increase the diversity and capacity of the workforce that delivers HIV prevention, care and supportive services to optimally reflect and serve the populations most impacted by HIV
- Ensure that the workforce is adequately prepared to deliver high-quality services in a culturally responsive manner

## SYSTEM & SERVICE INTEGRATION

Integrate systems and services to address the syndemic of HIV, STDs, viral hepatitis, and substance use/mental health disorders in the context of social and structural/institutional factors

- Increase cross-training and TA opportunities across fields/disciplines
- Leverage the [Alliance for Health Integration](#) initiative to integrate services within LA County publicly funded care systems

## EQUITY, SOCIAL DETERMINANTS OF HEALTH AND CO-OCCURRING DISORDERS

Achieve health equity by addressing social determinants of health, stigma, & co-occurring disorders that fuel the HIV epidemic and HIV disparities

- Advocate for an effective countywide response to SUDs, especially methamphetamine disorder
- Advocate for an effective countywide response to the Sexually Transmitted Disease (STD) epidemic
- Address social determinants of health and stigma
- Identify root causes and directly call-out systematic racist practices that have adversely affected Black/African American communities
- Add Quality of Life (Q of L) Indicators for PLWH to the Integrated Plan by 2023

## WHAT CAN I DO?

- Use the Comprehensive HIV Plan (CHP) as a planning tool within your agencies
- Adopt some of the goals, objectives, and strategies
- Engage in the local community planning process
- Assess strengths and capacities of your agency
- Advocate for local, state and federal policies and legislation that align with CHP goals and strategies
- Identify and recruit additional stakeholders, including non-traditional stakeholders
- Provide ongoing feedback

<b>Purpose of Work Plan:</b> To focus and prioritize key activities for COH Committees and subgroups for 2023.				
#	TASK/ACTIVITY	DESCRIPTION	TARGET COMPLETION DATE	STATUS/NOTES/OTHER COMMITTEES INVOLVED
1	Review and refine 2023 workplan	COH staff to review and update 2023 workplan monthly	Ongoing, as needed	Workplan revised/updated on: 01/03/23, <b>02/02/23</b>
2	Provide feedback on and monitor implementation of the local Ending the HIV Epidemic (EHE) plan	Develop strategies on how to engage with private health plans and providers in collaboration with DHSP	Ongoing, as needed	Engage private health plans in using service standards and RW services
3	Provide feedback on and monitor implementation of the Comprehensive HIV Plan (CHP)	Collaborate with the PP&A Committee to support the implementation of the CHP	Ongoing, as needed	
4	Update the Oral Health Care service standards	Continue review initiated in 2022.	April 2023	The Committee announced a 30-day public comment period starting on 01/04/23 and ending on 02/05/23.
5	Update the Medical Care Coordination service standards	Committee received a public comment requesting for a review and update of the MCC services standards.	TBD	
6	Update Universal service standards and Consumer Bill of Rights	Annual review of the standards	TBD	Incorporate Mental health training and documentation needed for addressing the needs of people living with HIV 50+
7	Update the Transitional Case Management: Youth service standards		TBD	
8	Develop Transitional Case Management: 50+ service standards	Collaborate with the Aging Caucus to develop a TCM service standard that focused on healthcare navigation between the Ryan White Care System, Medi-Cal, and Medi-Care for people living with HIV 50+	TBD	

# SERVICE STANDARDS

RYAN WHITE HIV/AIDS PROGRAMS

## WHAT ARE SERVICE STANDARDS?

Service standards<sup>1</sup> outline the elements and expectations a RWHAP Service provider follows when implementing a specific service category. The purpose of service standards are to ensure that all RWHAP service providers offer the same fundamental components of the given service category across a service area. Service standards establish the minimal level of service or care that a RWHAP funded agency or provider may offer within a state, territory or jurisdiction.

Service standards must be consistent with applicable clinical and/or professional guidelines, state and local regulations and licensure requirements. The variability in state/local regulations and requirements prevents the adoption of national service standards for the RWHAP, and thus they must be set at the grantee level. Medical care service standards must be consistent with U.S. Department of Health and Human Services care and treatment guidelines as well as other clinical and professional

standards. For non-clinical services, service standards may be developed using evidence-based best practices, the Part A and B National Monitoring Standards, and guidelines developed by the state and local government. As a result, service standards are essential in defining and ensuring that consistent quality care is offered to all clients.

Service standards set a benchmark by which services are monitored, and sub-grantee contracts are developed. Each funded service category must have a unique set of service standards. There may be some overlap of service standards among two or more service categories (ex. medical case management and non-medical case management may both assist with enrolling clients in insurance assistance programs).

<sup>1</sup> Service Standards applies to "standards of care" in RWHAP Parts A and B manuals. Outside of RWHAP services, "standard of care" has been used to refer to acceptable levels of medical care and treatment rendered. Therefore, the term "service standards" is used to encompass services offered through RWHAP funding.

## What should be addressed in Service Standards?

*Each categorical specific service standard should include:*

- ✓ Service Category Definition
- ✓ Intake and Eligibility
- ✓ Key Services Components and Activities
- ✓ Personnel Qualifications (including licensure)
- ✓ Assessment and Service Plan\*
- ✓ Transition and Discharge
- ✓ Case Closure Protocol
- ✓ Client Rights and Responsibilities
- ✓ Grievance Process
- ✓ Cultural and Linguistic Competency
- ✓ Privacy and Confidentiality (including securing records)
- ✓ Recertification Requirements\*

*\* Where Applicable*

## HOW ARE SERVICE STANDARDS DEVELOPED?

It is ultimately the responsibility of the grantee to ensure that service standards are in place for all funded service categories.

For RWHAP Part A grantees, developing service standards is a shared responsibility, typically led by the Planning Council. For Part B grantees, advisory committees and grantees are encouraged to obtain public input in the development of the service standards. Often this is done through a committee or workgroup body.

For Part A and B grantees, the development of service standards is a shared responsibility of the grantee and the planning body. Grantees and planning bodies may determine the order in which they are developed based on various criteria including: funding

allocation level, service category prioritization, service utilization and changes in the national and local health service delivery systems. In addition, grantees and planning bodies should obtain input from providers, consumers and experts when developing standards to provide technical input and recommendations for service delivery, and to ensure that full consideration and diverse perspectives are included in service specific service standards. The roles and development process may vary for each jurisdiction.

For Parts A and B, service standards should, at minimum, also follow the programmatic and fiscal management requirements outlined in the Part A and B National Monitoring Standards. For Parts C and D, medical care standards should be based on the latest HHS HIV guidelines.

For Part C and D grantees, the

development of service standards are done on the organizational or agency level and are often referred to as "Policies and Procedures." Each Part C and D grantee is expected to have policies and procedures in place on patient eligibility, enrollment, available services, as well as a patient grievance and discharge procedure. In addition, clinics and healthcare agencies are further guided by accrediting organizations (e.g. The Joint Commission) and regulations and guidance (e.g. Medicare Fee-For-Service Payment Regulations). All applicable standards and policies should be vetted by the legally responsible authority of the agency, usually the Board of Directors. Part C and D grantees are encouraged to refer to the most recent funding opportunity announcement for additional guidance on recommended policies and procedures.

## WHY ARE SERVICE STANDARDS IMPORTANT?

*Service standards are important to various stakeholders, with the goal to improve client and public health outcomes.*

- ❖ **Consumers** - Service standards ensure the minimal expectation for consumers accessing or receiving RWHAP funded services within a state, territory or jurisdiction.
- ❖ **Service Providers** - Service standards define the core components of a service category to be included in the model of service delivery for each funded service category.
- ❖ **Grantee** - Grantees are responsible for ensuring the development, distribution, and use of the service standards. Service standards are important to ensure that services are provided to clients in a consistent manner across service providers.
- ❖ **Quality Managers** - Service standards are the foundation for the clinical quality management program, and provide the framework and service provision from which processes and outcomes are measured.
- ❖ **Planning Bodies** - Service standards assist planning bodies with understanding what activities are being provided

## *HOW OFTEN SHOULD SERVICE STANDARDS BE REVIEWED FOR ACCURACY AND RELEVANCE?*

Service standards must be reviewed regularly and updated to reflect the most current nationally recognized guidelines in HIV care and treatment and local requirements. Therefore, planning bodies and grantees should build into their annual work plan a time to review existing standards. Service standards should be publically accessible so clients and providers can become familiar with them.

## *HOW ARE SERVICE STANDARDS USED?*

For Parts A and B grantees, service standards should be included in Requests for Proposals when service categories are competitively bid as the service standards outline the key components of each service category, guide the implementation of each service category, and form the basis for monitoring service delivery, including site visits and chart reviews. Grantees should use service standards when conducting programmatic site visits, chart reviews, and routine monitoring of sub- recipients to determine if service providers are meeting the minimal expectations and adhering to service standards.

For Parts C and D grantees, service standards can be used in establishing definitions for services in Memorandum of Understanding or contracts. In addition, Service Standards can be used in policies and procedures to define elements for monitoring in quality improvement activities and to implement change activities for service and clinical improvement.

## *WHAT RESOURCES EXIST WHEN DEVELOPING SERVICE STANDARDS?*

### ✓ **RWHAP National Monitoring Standards**

The National Monitoring Standards are designed to help RWHAP Part A and B (including AIDS Drug Assistance Program) grantees meet federal requirements for program and fiscal management, monitoring, and reporting to improve program efficiency and responsiveness.  
<http://hab.hrsa.gov/manageyourgrant/granteebasics.html>

### ✓ **HIV/AIDS Bureau TARGET Center**

The TARGET Center has samples of 'standards of care' established by various grantees within the RWHAP Program which may be adapted to other jurisdictions.  
<https://careacttarget.org>

### ✓ **U.S. Department of Health and Human Services Clinical Guidelines for the Treatment of HIV/AIDS**

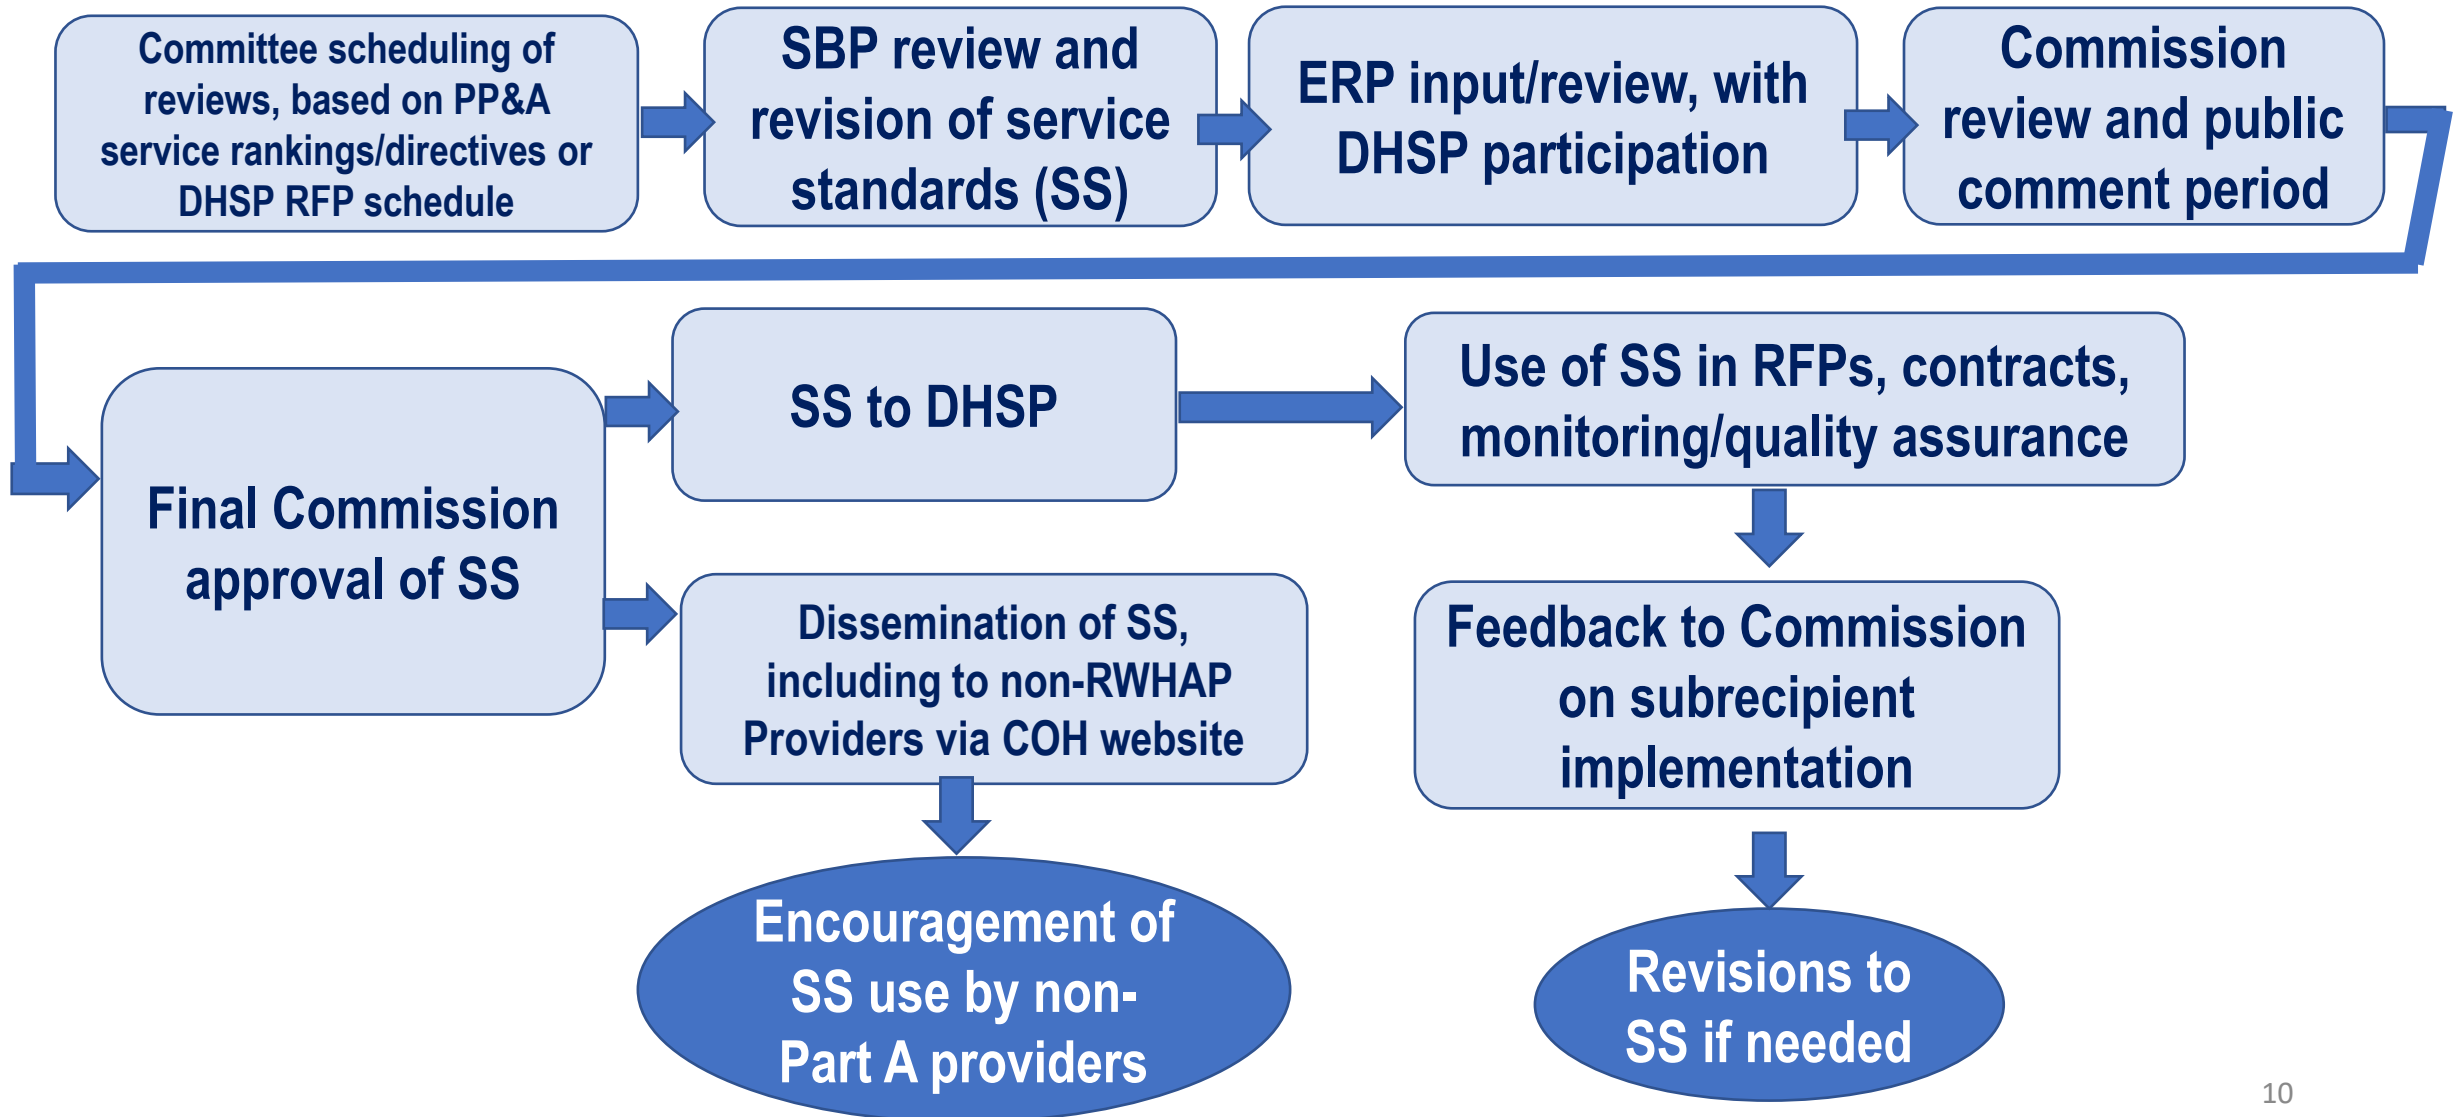

The U.S. Department of Health and Human Services (HHS) issues a series of guidelines to help clinicians treat people with HIV in the United States. Clinical guidelines outline the science and recommendations for treatment of HIV disease (e.g., antiretroviral therapy, opportunistic infection treatment and prophylaxis) as well as guidelines for conducting HIV testing and counseling. Developed by various panels of clinical experts, these are frequently updated and should be accessed directly at the AIDSInfo Web site.  
<http://aidsinfo.nih.gov/guidelines>

# Service Categories

CORE MEDICAL SERVICES	SUPPORT SERVICES
Outpatient/Ambulatory Health Services	Non-Medical Case Management Services
AIDS Drug Assistance Program Treatments	Child Care Services
AIDS Pharmaceutical Assistance	Emergency Financial Assistance
Oral Health Care	Food Bank/Home Delivered Meals
Early Intervention Services (EIS)	Health Education/Risk Reduction

**CAUTION:** External Email. Proceed Responsibly.

Hi Jose,

The document reads well and accurate information is included. The only omission I see is under the staffing section I do not see a description for a Dental Assistant separate from a Registered Dental Assistant. You may want to include something.

Thanks,

Dr. D

Dr. Mark H. Davis

**Subject:** SEEKING PUBLIC COMMENTS | ORAL HEALTH CARE SERVICES STANDARDS | LOS ANGELES COUNTY COMMISSION ON HIV | DUE 2/3/2023

Good afternoon,

I am emailing to inform you that the Los Angeles County Commission on HIV announced an opportunity for the public to offer comments on the draft service standards for [Oral Health Care Services](#) being updated by the Standards and Best Practices Committee. The Committee invites you to share your comments and distribute the document widely within your networks. The document is attached and can be viewed at: <https://hiv.lacounty.gov/service-standards> under the "Public Comment" tab. Kindly email comments to: [HIVCOMM@LACHIV.ORG](mailto:HIVCOMM@LACHIV.ORG)

**The public comment period ends on February 3, 2023.** Please let me know if you have any questions. Thank you.

Warm regards,  
Jose

---

**José Rangel-Garibay, MPH** (he/him/his) [Why this matters?](#)

## Instructions and Guiding Questions for Public Comments: Oral Health Care Services standards

On January 4, 2023, the [Los Angeles County Commission on HIV](https://hiv.lacounty.gov/service-standards) (COH) announced an opportunity for the public to offer comments for the draft service standards for **Oral health Care Services** being updated by the Standards and Best Practices Committee. Consumer, provider, and community feedback is critical for the service standards development process. We invite you to share your comments and distribute the document widely within your networks.

The document can also be accessed at: <https://hiv.lacounty.gov/service-standards>

Please email comments to: [HIVCOMM@LACHIV.ORG](mailto:HIVCOMM@LACHIV.ORG)

**THE PUBLIC COMMENT PERIOD ENDS ON FEBRUARY 3, 2023.**

When providing public comment, consider responding to the following:

1. What barriers currently exist in providing Oral Health Care Services for individuals living with HIV? How do the proposed standards address these barriers?
2. Are the proposed standards reasonable and achievable for provider agencies? How can the proposed standards be made more reasonable and achievable for provider agencies?
3. Are the proposed standards client-centered? How can the proposed standards be made more client-centered?
4. Do the proposed standards meet consumer needs? What is missing regarding service delivery for Oral Health Care Services under the Ryan White HIV/AIDS Program?
5. Do the proposed standards support the importance of the client/provider relationship in determining treatment plan options? How can the proposed standards better support the importance of the client/provider relationship in determining treatment plan options?

**DRAFT UNDER REVIEW**

# **SERVICE STANDARDS FOR ORAL HEALTH CARE SERVICES**

LOS ANGELES COUNTY  
**COMMISSION ON HIV**

**Under review by the Standards and Best Practices  
Committee of the Los Angeles County  
Commission on HIV.**

**Current draft as of 1/4/23**

**IMPORTANT:** The service standards for Oral Health Care Services adhere to requirements and restrictions from the federal agency, Health Resources and Services Administration (HRSA). The key documents used in developing standards are as follows:

[Human Resource Services Administration \(HRSA\) HIV/AIDS Bureau \(HAB\) Policy Clarification Notice \(PCN\) # 16-02 \(Revised 10/22/18\): Ryan White HIV/AIDS Program Services: Eligible Individuals & Allowable Uses of Funds](#)

[HRSA HAB, Division of Metropolitan HIV/AIDS Programs: National Monitoring Standards for Ryan White Part A Grantees: Program – Part A](#)

[Service Standards: Ryan White HIV/AIDS Programs](#)

## **INTRODUCTION**

Service standards for the Ryan White HIV/AIDS Part A Program (RWHAP) outline the elements and expectations a service provider should follow when implementing a specific service category. The standards are written for providers for guidance on what services may be offered when developing their Ryan White Part A programs. The standards set the minimum level of care Ryan White-funded agencies offer to clients, however, providers are encouraged to exceed these standards. The Los Angeles County Commission on HIV (COH) developed Oral Health Care Services standards to establish the minimum services necessary to provide oral health care services to people living with HIV. The development of the standards includes guidance from service providers, people living with HIV, the Los Angeles County Department of Public Health Division of HIV and STD Programs (DHSP), members of the Los Angeles County COH Standards and Best Practices Committee (SBP), caucuses, and the public-at-large.

## **SERVICE DESCRIPTION**

Oral health care services are an integral part of primary medical care for all people living with HIV. Most HIV infected patients can receive routine, comprehensive oral health care in the same manner as any other person. All treatment will be administered according to published research and available standards of care. In addition, the COH developed a Dental Implants addendum to provide specific service delivery guidance to Ryan White Part A-funded agencies regarding the provision of dental implants. For more information, see the [Oral Health Care Service Standard Addendum](#).

Service shall include (but not limited to):

- Routine dental care and oral health education and counseling
- Obtaining a comprehensive medical and oral hygiene history and consulting primary medical providers as necessary
- Providing educational, prophylactic, diagnostic and therapeutic dental services to patients with a written confirmation of HIV status

**SERVICE STANDARDS: ORAL HEALTH CARE SERVICES**

---

- Providing medication appropriate to oral health care services, including all currently approved drugs for HIV-related oral manifestations
- Providing or referring patients, as needed, to health specialists including, but not limited to, periodontists, **prosthodontists**, endodontists, oral surgeons, oral pathologists, oral medicine practitioners and registered dietitians
- Maintaining individual patient dental records in accordance with current standards
- Complying with infection control guidelines and procedures established by the California Occupation Safety and Health Administration (Cal-OSHA)

The following are priorities for HIV oral health treatment:

1. Prevention of oral and/or systemic disease where the oral cavity serves as an entry point
2. Elimination of presenting symptoms
3. Elimination of infection
4. Preservation of dentition and restoration of functioning

Recurring themes in this standard include:

- Good oral health is an important factor in the overall health management of people living with HIV.
- Treatment modifications should only be used when a patient's health status demands them.
- Comprehensive evaluation is a critical component of appropriate oral health care services.
- Treatment plans should be made in conjunction with the patient.
- Collaboration with primary medical providers is necessary to provide comprehensive dental treatment.
- Prevention and early detection should be emphasized.

**GENERAL CONSIDERATIONS: There is no justification to deny or modify dental treatment based on the fact that a patient has tested positive for HIV.** Further, the magnitude of the viral load is not an indicator to withhold dental treatment for the patient. If, however, a patient's medical condition is compromised, treatment adjustments, as with any medically compromised patient, may be necessary.

### **SERVICE/ORGANIZATIONAL LICENSURE CATEGORY**

HIV/AIDS oral health care services shall be provided by dental care professionals who have applicable professional degrees and current California State licenses. Dental staff can include dentists, dental assistants, dental assistants in extended functions, dental hygienists, and dental hygienists in extended practice. Clinical supervision shall be performed by a licensed dentist responsible for all clinical operations.

**Dentists:** A dentist must complete a four-year dental program and possess a Doctor of Dental Surgery (DDS) or Doctor of Dental Medicine (DMD) degree. Additionally, dentists must pass a three-part examination as well as the California jurisprudence exam and a professional ethics exam. Dentists are regulated by the California Dental Board (please see [Dental Board of California](#) for further information).

**Registered Dental Assistants (RDA):** RDAs must possess a diploma or certificate in dental assisting from an educational program approved by the California Dental Board, or 18 months of satisfactory work experience as a dental assistant. RDAs are regulated by the California Dental Board (please see [Dental Board of California](#) for further information).

**Registered Dental Assistants in Extended Functions (RDAEF)<sup>1</sup>:** RDAEF holds a current licensure as a Registered Dental Assistant or has completed the requirements for licensure as a RDA, completed a Board-approved course in the application of Pit & Fissure Sealants, completed a Board-approved RDAEF program, passed a written examination administered by the Board, and submitted fingerprint clearances from both the Department of Justice and the Federal Bureau of Investigation. RDAEFs are regulated by the California Dental Board (please see [Dental Board of California](#) for further information).

**Registered Dental Hygienists (RDH):** RDHs must have been granted a diploma or certificate in dental hygiene from an approved dental hygiene educational program. RDHs are regulated by the California Dental Board (please see [Dental Board of California](#) for further information).

**Registered Dental Hygienists in Extended Functions (RDHEF)<sup>2</sup>:** RDHEF holds a current license as a registered dental hygienist in California, completed clinical training approved by the dental hygiene board in a facility affiliated with a dental school under the direct supervision of the dental school faculty, performed satisfactorily on an examination required by the dental hygiene board, and completed an application form and paid all application fees required by the dental hygiene board. RDHEF are regulated by the California Dental Board (please see [Dental Board of California](#) for further information).

HIV *Human Immunodeficiency Virus*

RDA *Registered Dental Assistant*

RDH *Registered Dental Hygienists*

STD *Sexually Transmitted Disease*

**DEFINITIONS AND DESCRIPTIONS**

**Client registration and intake** is the process that determines a person's eligibility for oral services.

**Registered Dental Assistant (RDA)** is a licensed person who may perform all procedures authorized by the provisions of these regulations and in addition may perform all functions which may be performed by a dental assistant under the designated supervision of a licensed dentist.

**Registered Dental Hygienist (RDH)** is a licensed person who may perform all procedures authorized by the provisions of these regulations and in addition may perform all functions which may be performed by a dental assistant and RDA under the designated supervision of a licensed dentist.

**Oral prophylaxis** is a preventive dental procedure that includes the complete removal of calculus, soft deposits, plaque, and stains from the coronal portions of the tooth. This treatment enables a patient to maintain healthy hard and soft tissues.

**Direct supervision** is supervision of dental procedures based on instructions given by a licensed dentist who must be physically present in the treatment facility during performance of those procedures.

**General supervision** is the supervision of dental procedures based on instructions given by a licensed dentist, but not requiring the physical presence of the supervising dentist during the performance of those procedures.

**Basic supportive dental procedures** are the fundamental duties or functions which may be performed by an unlicensed dental assistant under the supervision of a licensed dentist because of their technically elementary characteristics, complete reversibility, and inability to precipitate potentially hazardous conditions for the patient being treated.

**Standard precautions** are an approach to infection control that integrates and expands the elements of universal precautions (human blood and certain human body fluids treated as if known to be infectious for HIV, Hepatitis B Virus (HBV) and other blood-borne pathogens). Standard precautions apply to contact with all body fluids, secretions, and excretions (except for sweat), regardless of whether they contain blood, and to contact with non-intact skin and mucous membranes.

**IMPORTANT:** Service standards must adhere to requirements and restrictions from the federal agency, Health Resources and Services Administration (HRSA). The key documents used in developing standards are as follows: [Ryan White HIV/AIDS Program Services: Eligible Individuals & Allowable Uses of Funds Policy Clarification Notice \(PCN\) #16-02 \(Revised 10/22/18\)](#), [HIV/AIDS Bureau, Division of Metropolitan HIV/AIDS Programs National Monitoring Standards for Ryan White Part A Grantees: Program – Part A](#), and [Service Standards: Ryan White HIV/AIDS Programs](#)

## INTRODUCTION

Standards of Care outline the elements and expectations a Ryan White service provider follows when implementing a specific service category. Standards of Care are available for each service category to set the minimum level of care Ryan White funded agencies should offer to clients. The Standards are intended to help Ryan White Part A funded agencies meet the needs of their clients. Providers are encouraged to exceed these standards.

The Los Angeles County Commission on HIV developed the Universal Standards of Care to reflect current guidelines from federal and national agencies on HIV care and treatment, and to establish the minimum standards of care necessary to achieve optimal health among people living with HIV (PLWH), regardless of where services are received in the County. The development of the Standards includes guidance from service providers, consumers and members of the Los Angeles County Commission on HIV, Standards and Best Practices Committee.

## UNIVERSAL STANDARDS OVERVIEW

The objectives of the Universal Standards are to ensure agencies:

- Provide services that are accessible and non-discriminatory to all people living with HIV in Los Angeles County with a focus on highly impacted populations
- Educate staff and clients on the importance of receiving care, treatment as prevention, and how people who are completely, durably suppressed will not sexually transmit HIV.
- Protect client rights and ensure quality of care
- Provide client-centered, age appropriate, culturally and linguistically competent care
- Provide high quality services through experienced and trained staff
- Meet federal, state, and county requirements regarding safety, sanitation, access, and public health.
- Guarantee client confidentiality, protect client autonomy, and ensure a fair process of addressing grievances
- Prevent information technology security risks and protect patient information and records
- Inform clients of services, establish eligibility, and collect information through an intake process
- Effectively assess client needs and encourage informed and active participation

- Address client needs through coordination of care and referrals to needed services
- Ensure that the quality of service and materials given to patients during telehealth encounter is similar with in-person visits.

## 1. GENERAL AGENCY POLICIES

All agencies offering Ryan White services must have written policies that address client confidentiality, release of information, client grievance procedures, and eligibility. Agency policies and procedures facilitates service delivery as well as ensures safety and well-being of clients and staff. Agencies are encouraged to build their telehealth technology infrastructure and capacity to include videoconferencing to facilitate patient-provider connectivity and relationships.

1.0 GENERAL AGENCY POLICIES	
Standard	Documentation
1.1 Agency develops or utilizes an existing client confidentiality policy in accordance with state and federal laws to assure protection of client HIV status, behavioral risk factors, and/or use of services.	1.1 Written client confidentiality policy on file with specific information technology safeguards for confidentiality and patient information if using telehealth service modality.
1.2 Agency is responsible for informing the patient that they have the right to obtain copies of their medical and other health records maintained by the agency.	1.2 Written policy for informing the patient of their rights to receive a copy of their medical records. The policy should contain a description of the process for obtaining records, such as a verbal or written request and a reasonable timeframe for patients to receive the information.
1.3 Client determines what information of theirs can be released and with whom it can be shared. Services using telehealth modality are subject to consent by the	<p>1.3 Completed <i>Release of Information Form</i> on file including:</p> <ul style="list-style-type: none"> <li>• Name of agency/individual with whom information will be shared</li> <li>• Information to be shared</li> <li>• Duration of the release consent</li> <li>• Client signature</li> </ul> <p>For agencies and information covered by the Health Insurance Portability and Accountability Act (HIPAA), form must be HIPAA disclosure authorization compliant. The form must also be compliant with the</p>

patient. <sup>1</sup>	CA Medi-Cal telehealth policy. <sup>2</sup>
1.4 Agency develops or utilizes an existing grievance procedure to ensure clients have recourse if they feel they are being treated in an unfair manner or feel they are not receiving quality services.	<p>1.4 Written grievance procedure on file that includes, at minimum:</p> <ul style="list-style-type: none"><li>• Client process to file a grievance</li><li>• Information on the Los Angeles County Department of Public Health, Division of HIV &amp; STD Programs (DHSP) Grievance Line 1-800-260-8787. Additional ways to file grievances can be found at <a href="http://publichealth.lacounty.gov/dhsp/QuestionServices.htm">http://publichealth.lacounty.gov/dhsp/QuestionServices.htm</a></li></ul> <p>DHSP Grievance Line is posted in a visible location on site or provided to the patient at the beginning of a telehealth encounter.</p>

---

<sup>2</sup> <https://files.medi-cal.ca.gov/pubsdoco/Publications/masters-MTP/Part2/mednetele.pdf>

<b>Standard</b>	<b>Documentation</b>
1.5 Agency provides eligibility requirements for services available upon request. Eligibility requirements must follow guidance from Division of HIV & STD Programs (DHSP) and <a href="#">HRSA under Policy Clarification Notice #16-02</a> . <sup>4</sup>	1.5 Written eligibility requirements on file.
1.6 All client files are stored in a secure and confidential location, and electronic client files are protected from unauthorized use. Protection of client files and information must cover use of electronic medical records, phones, text messages, email, and telehealth modalities.	1.6 Client files must be locked and/or password protected with access provided only to appropriate personnel. Agencies must establish written procedures and IT policies for message encryption and restrictions on staff access to protect client information.
1.7 Agency maintains progress notes of all communication between provider and client.	1.7 Legible progress notes maintained in individual client files that include, at minimum: <ul style="list-style-type: none"> <li>• Date of communication or service</li> <li>• Service(s) provided</li> <li>• Recommended referrals linking clients to needed services (See Section 6: Referrals and Case Closure)</li> </ul>
1.8 Agency develops or utilizes an existing crisis management policy.	1.8 Written crisis management policy on file that includes, at minimum: <ul style="list-style-type: none"> <li>• Mental health crises</li> <li>• Dangerous behavior by clients or staff</li> </ul>
1.9 Agency develops a policy on utilization of Universal Precaution Procedures ( <a href="https://www.cdc.gov/niosh/topics/bbp/universal.html">https://www.cdc.gov/niosh/topics/bbp/universal.html</a> ). <ol style="list-style-type: none"> <li>a. Staff members are trained in universal precautions.</li> </ol>	1.9 Written policy or procedure on file. <ol style="list-style-type: none"> <li>a. Documentation of staff training in personnel file.</li> </ol>
1.10 Agency ensures compliance with Americans with Disabilities Act (ADA) criteria for programmatic accessibility (e.g. building and design accessibility, parking, etc.). For agencies with multiple sites, all sites must comply with the ADA requirements.	1.10 ADA criteria on file at all sites.

<sup>4</sup> [https://hab.hrsa.gov/sites/default/files/hab/program-grants-management/ServiceCategoryPCN\\_16-02Final.pdf](https://hab.hrsa.gov/sites/default/files/hab/program-grants-management/ServiceCategoryPCN_16-02Final.pdf)

Standard	Documentation
1.11 Agency complies with all applicable state and federal workplace and safety laws and regulations, including fire safety.	1.11 Signed confirmation of compliance with applicable regulations on file.

## 2. CLIENT RIGHTS AND RESPONSIBILITIES

A key component of HIV/AIDS service delivery is the historic and continued involvement of people living with HIV in the design and evaluation of services. The quality of care and quality of life for people living with HIV/AIDS is maximized when people living with HIV are active participants in their own health care decisions with their providers. This can be facilitated by ensuring that clients are aware of and understand the importance of their input in the development of HIV programming.

2.0 CLIENT RIGHTS AND RESPONSIBILITIES	
Standard	Documentation
2.1 Agency ensures services are available to any individual who meets the eligibility requirements for the specific service category.	2.1 Written eligibility requirements on file. Client utilization data made available to funder.
2.2 Agency includes input from people living with HIV/AIDS in the design and evaluation of services to ensure care is client-centered.	2.2 Written documentation of how input was received to inform service planning and evaluation in regular reports. Lists may include: <ul style="list-style-type: none"> <li>• Consumer Advisory Board meetings</li> <li>• Participation of people living with HIV in HIV program committees or other planning bodies</li> <li>• Needs assessments</li> <li>• Anonymous patient satisfaction surveys. Discreet drop off boxes should be available in various sites throughout the agency and/or anonymous electronic follow-up surveys emailed to patients after their appointment.</li> <li>• Focus groups</li> </ul>

<p>2.3 Agency ensures that clients receive information technology support and training on how to use telehealth services.</p>	<p>2.3 Written checklists and/or “how to” guides are provided to patients prior to their telehealth appointment. Materials may be emailed to patient and/or posted on the agency website.</p> <p>The document should contain at least the following information:</p> <ul style="list-style-type: none"><li>• Instructions on how to use telehealth tools (i.e., phone, laptop, tablets, etc.) in plain language and available in the patient’s preferred language.</li><li>• Telephone number for technical support or trouble shooting available before, during and after the telehealth appointment.</li></ul>
<p>2.4 Agency ensures that clients retain the right to accept or decline a telehealth visit. The ultimate decision on the mode of service delivery, whether in-person or telehealth, must be determined by the client first before an appointment is made.</p>	<p>2.4 Written procedures and telehealth acceptance or denial form completed by patients prior to the appointment.</p>

Standard	Documentation
<p>2.5 Agency provides each client a copy of the <i>Patient Bill of Rights &amp; Responsibilities (Appendix B)</i> document that informs them of the following:</p> <ul style="list-style-type: none"> <li>• Confidentiality policy</li> <li>• Expectations and responsibilities of the client when seeking services</li> <li>• Client right to file a grievance</li> <li>• Client right to receive no-cost interpreter services</li> <li>• Client right to access their file (if psychotherapy notes cannot be released per clinician guidance, agency should provide a summary to client within 30 days)</li> <li>• Reasons for which a client may be removed from services and the process that occurs during involuntary removal</li> </ul>	<p>2.5 <i>Patient Bill of Rights</i> document is signed by client and kept on file.</p>

### 3. STAFF REQUIREMENTS AND QUALIFICATIONS

Staff must be well qualified and, if necessary, hold all required licenses, registration, and/or degrees in accordance with applicable State and federal regulations as well as requirements of the Los Angeles County Department of Public Health, Division of HIV & STD Programs. At minimum, all staff will be able to provide timely, linguistically and culturally competent care to people living with HIV. Staff will complete orientation through their respective hiring agency, including a review of established programmatic guidelines, and supplemental trainings as required by the Los Angeles County Department of Public Health, Division of HIV and STD Programs. The [AIDS Education Training Center \(AETC\)](#) offers a variety of training for the HIV workforce.

3.0 STAFF REQUIREMENTS AND QUALIFICATIONS	
Standard	Documentation
<p>3.1 Staff members meet the minimum qualifications for their job position and have the knowledge, skills, and ability to effectively fulfill their role and the communities served. Employment is an essential part of leading an independent, self-directed life for all people, including those living with HIV/AIDS. Agencies</p>	<p>3.1 Hiring policy and staff resumes on file.</p>

should develop policies that strive to hire PLWH in all facets of service delivery, whenever appropriate.	
3.2 If a position requires licensed staff, staff must be licensed to provide services.	3.2 Copy of current license on file.
<p>3.3 Staff will participate in trainings appropriate to their job description and program</p> <p>a. Required education on how a client achieving and maintaining an undetectable viral load for a minimum of six months will not sexually transmit HIV.</p> <p>b. Staff should have experience in or participate in trainings on:</p> <ul style="list-style-type: none"><li>• LGBTQ+/Transgender community and</li><li>• <u>HIV Navigation Services (HNS)</u> provided by Centers for Disease Control and Prevention (CDC).</li><li>• Trauma informed care</li></ul>	3.3 Documentation of completed trainings on file
<p>3.4 New staff will participate in trainings to increase capacity for fulfilling the responsibilities of their position.</p> <p>a. Required completion of an agency-based orientation within 6 weeks of hire</p> <p>b. Training within 3 months of being hired appropriate to the job description.</p> <p>c. Additional trainings appropriate to the job description and Ryan White service category.</p>	3.4 Documentation of completed trainings on file
3.5 Staff are required to coordinate across Ryan White funded and non-funded programs to ensure clients' needs are met.	3.5 Documentation of staff efforts of coordinating across systems for the client on file (e.g. housing case management services, etc.).

#### **4. CULTURAL AND LINGUISTIC COMPETENCE**

Ryan White funded agencies must provide services that are culturally and linguistically competent based on the National Standards for Culturally and Linguistically Appropriate Services (CLAS) in Health and Health Care. As noted in the CLAS Standards, ensuring culturally and linguistically appropriate services advances health equity, improves quality, and helps eliminate health care disparities by establishing a blueprint for health and health care organizations. For the purpose of these standards, culture is defined as the integrated pattern of thoughts, communications, actions, customs, beliefs, values, and institutions associated, wholly or partially, with racial, ethnic, or linguistic groups, as well as with religious, spiritual, biological, geographical, or sociological characteristics (Source: National Standards for Culturally and Linguistically Appropriate Services in Health and Health Care: A Blueprint for Advancing and Sustaining CLAS Policy and Practice. Office of Minority Health, US Department of Health and Human Services. April 2013 <https://www.thinkculturalhealth.hhs.gov/clas/standards>). The standards below are adapted directly from the National CLAS Standards.

Agencies should also strive towards acknowledging implicit bias, how it plays a role in service delivery, and how it can be addressed and countered. Agencies must provide services that align with strategies to reduce implicit bias by the Institute for Healthcare Improvement.<sup>7</sup> For the purpose of the standards, implicit bias refers to the attitudes or stereotypes that affect our understanding, actions, and decisions in an unconscious manner. These biases, which encompass both favorable and unfavorable assessments, are activated involuntarily and without an individual's awareness or intentional control. Residing deep in the subconscious, these biases are different from known biases that individuals may choose to conceal for the purposes of social and/or political correctness.<sup>8</sup>

Cultural competence and acknowledging implicit bias rely on behaviors, attitudes, and policies that come together in a system, agency, or among individuals that reduces stigma and enables effective delivery of services. Linguistic competence is the ability to communicate effectively with clients, including those whose preferred language is not the same as the provider's, those who have low literacy skills, and/or those with disabilities. Cultural and linguistic competence is a goal toward which all service providers must aspire, but one that may never be completely achieved given the diversity of languages and cultures throughout our communities, and understanding that culture is dynamic in nature, and individuals may identify with multiple cultures over the course of their lifetime. However, agencies should ensure staff are involved in a continual process of learning, personal growth, and training that increases cultural and linguistic competence, addresses implicit bias, decreases stigma and enhances the ability to provide appropriate services to all individuals living with HIV/AIDS.

Federal and State language access laws require health care facilities that receive federal or state funding to provide competent interpretation services to limited English proficiency patients at no cost, to ensure equal and meaningful access to health care services.<sup>9</sup> Interpretation refers to verbal communication where speech is translated from a speaker to a

receiver in a language that the receiver can understand. Translation refers to the conversion of written material from one language to another.

<b>4.0 CULTURAL AND LINGUISTIC COMPETENCE</b>	
<b>Standard</b>	<b>Documentation</b>
4.1 Recruit, promote, and support a culturally and linguistically diverse workforce that are responsive to the population served.	4.1 Documentation of how staff demographics reflect the demographics of clients served on file (e.g. race, gender identity, age, sexual orientation, etc.)

---

<sup>7</sup> <http://www.ihl.org/communities/blogs/how-to-reduce-implicit-bias>

<sup>8</sup> <http://kirwaninstitute.osu.edu/research/understanding-implicit-bias/>

<sup>9</sup> Title VI of the Civil Rights Act of 1964 and California's 1973 Dymally-Alatorre Bilingual Services Act

Standard	Documentation
<p>4.2 Agency develops or utilizes existing culturally and linguistically appropriate policies and practices.</p> <p>a. Agency educates and trains workforce on culturally and linguistically appropriate practices on an ongoing basis.</p>	<p>4.2 Written policy and practices on file</p> <p>a. Documentation of completed trainings on file.</p>
<p>4.3 Provide resources onsite to facilitate communication for individuals who experience impairment due to a challenging medical condition or status (e.g. augmentative and alternative communication resources or auxiliary aids and services)</p>	<p>4.3 Resources on file</p> <p>b. Checklist of resources onsite that are available for client use.</p> <p>c. Type of accommodations provided documented in client file.</p>
<p>4.4 Inform all individuals of the availability of language assistance services clearly and in their preferred language, verbally and in writing.</p>	<p>4.4 <i>Signed Patient Bill of Rights</i> document on file that includes notice of right to obtain no-cost interpreter services.</p>
<p>4.5 Ensure the competence of individuals providing language assistance</p> <p>a. Use of untrained individuals and/or minors as interpreters should be avoided</p> <p>b. Ensure quality of language skills of self-reported bilingual staff who use their non-English language skills during client encounters</p>	<p>4.5 Staff resumes and language certifications, if available, on file.</p>
<p>4.6 Provide easy-to-understand print and multimedia materials and signage in the languages commonly used by the populations in the service area in clinic points of entry (e.g. registration desks, front desks, reception, waiting rooms, etc.) and areas where work with client is performed (e.g. clinic rooms, meeting rooms, etc.)</p>	<p>4.6 Materials and signage in a visible location and/or on file for reference.</p>

**5. INTAKE AND ELIGIBILITY**

All clients who request or are referred to HIV services will participate in an intake process conducted by appropriately trained staff. The intake worker will review client rights and responsibilities, explain available services, the confidentiality and grievance policy, assess immediate service needs, and secure permission to release information.

<b>5.0 INTAKE AND ELIGIBILITY</b>	
<b>Standard</b>	<b>Documentation</b>
5.1 Intake process begins within 5 days of initial contact and is completed within 30 days of initial contact with client.	<p>5.1 Completed intake on file that includes, at minimum:</p> <ul style="list-style-type: none"> <li>• Client's legal name, name if different than legal name, and pronouns</li> <li>• Address, phone, and email (if available). A signed affidavit declaring homelessness should be kept on file for clients without an address.</li> <li>• Preferred method of communication (e.g., phone, email, or mail)</li> <li>• Emergency contact information</li> <li>• Preferred language of communication</li> <li>• Enrollment in other HIV/AIDS services;</li> <li>• Primary reason and need for seeking services at agency</li> </ul> <p>If client chooses not to complete the intake within 30 days of initial contact, document attempts to contact client and mode of communication in client file.</p>
5.2 Agency determines client eligibility	<p>5.2 Documentation includes:</p> <ul style="list-style-type: none"> <li>• Los Angeles County resident</li> <li>• Income equal to or below the required Federal Poverty Level (FPL) as determined by Division of HIV &amp; STD Programs</li> <li>• Verification of HIV positive status</li> </ul>

## 6. REFERRALS AND CASE CLOSURE

A client case may be closed through a systematic process that includes case closure justification and a transition plan to other services or other provider agencies, if applicable. Agencies should maintain a list of resources available for the client for referral purposes. If the client does not agree with the reason for case closure, they should follow the grievance policy at the provider agency and/or be referred to the Department of Public Health, Division of HIV and STD Programs Grievance Line.

6.0 REFERRALS AND CASE CLOSURE	
Standard	Documentation
<p>6.1. Agency will maintain a comprehensive list of providers for full spectrum HIV-related and other service referrals</p> <p>a. Staff will provide referrals to link clients to services based on assessments and reassessments</p>	<p>6.1 Identified resources for referrals at provider agency (e.g. lists on file, access to websites)</p> <p>a. Written documentation of recommended referrals in client file</p>
<p>6.2 If needed, staff will engage additional providers for specific support services (e.g. behavioral health, substance abuse, housing)</p>	<p>6.2 Agency establishes partnerships with agencies for referrals as needed. Memoranda of Understanding (MOU) on file.</p>
<p>6.3 For clients with missed appointments or pending case closure, staff will attempt to contact client.</p> <p>a. Cases may be closed if the client:</p> <ul style="list-style-type: none"> <li>• Relocates out of the service area</li> <li>• Is no longer eligible for the service</li> <li>• Discontinues the service</li> <li>• No longer needs the service</li> <li>• Puts the agency, service provider, or other clients at risk</li> <li>• Uses the service improperly or has not complied with the services agreement</li> <li>• Is deceased</li> <li>• Has had no direct agency contact, after repeated attempts, for a period of 12 months.</li> </ul>	<p>6.3 Attempts to contact client and mode of communication documented in file.</p> <p>a. Justification for case closure documented in client file</p>

Standard	Documentation
6.4 Agency has a transition procedure in place that is implemented for clients leaving services to ensure a smooth transition.	6.4 Completed transition summary in file, signed by client and supervisor (if possible). Summary should include reason for case closure; and a plan for transition to other services, if applicable, with confirmation of communication between referring and referral agencies, or between client and agency.
6.5 Agency develops or utilizes existing due process policy for involuntary removal of clients from services; policy includes a series of verbal and written warnings before final notice and case closure.	6.5 Due process policy on file as part of transition, and case closure policy described in the <i>Patient &amp; Client Bill of Rights</i> document. (Refer to Appendix B).

- Home health care
- Hospice services
- Medical case management, including treatment-adherence services
- Medical nutrition therapy
- Mental health services
- Oral health
- Outpatient and ambulatory medical care
- Substance abuse outpatient care

Support services include the following categories:

- Case Management (Non-Medical)
- Childcare Services
- Emergency Financial Assistance
- Food Bank/Home Delivered Meals
- Health Education/Risk Reduction
- Housing Services
- Legal Services
- Linguistic Services

- Medical Transportation
- Outreach Services
- Psychosocial Support Services
- Referral
- Rehabilitation
- Respite Care
- Substance Abuse Residential
- Treatment Adherence Counseling

## **APPENDIX B: PEOPLE WITH HIV/AIDS BILL OF RIGHTS AND RESPONSIBILITIES**

---

It is the provider's responsibility to provide clients a copy of the Patient Bills of Rights and Responsibilities in all service settings, including telehealth.

The purpose of this Patient and Client Bill of Rights is to help enable clients to act on their own behalf and in partnership with their providers to obtain the best possible HIV/AIDS care and treatment. This Bill of Rights and Responsibilities comes from the hearts of people living with HIV/AIDS in the diverse communities of Los Angeles County. As someone newly entering or currently accessing care, treatment or support services for HIV/AIDS, you have the right to:

### **A. Respectful Treatment and Preventative Services**

1. Receive considerate, respectful, professional, confidential and timely care and preventative services (such as screenings and vaccinations) in a safe client-centered, trauma-informed environment without bias.
2. Receive equal and unbiased care according to your age and needs in accordance with federal and State laws.
3. Receive information about the qualifications of your providers, particularly about their experience managing and treating HIV/AIDS or related services.
4. Be informed of the names and work phone numbers of the physicians, nurses and other staff members responsible for your care.
5. Receive safe accommodations for protection of personal property while receiving care services.
6. Receive services that are culturally and linguistically appropriate, including having a full explanation of all services and treatment options provided clearly in your own language and dialect.
7. Review your medical records and receive copies of them upon your request (reasonable agency policies including reasonable fee for photocopying may apply).

### **B. Competent, High-Quality Care**

1. Have your care provided by competent, qualified professionals who follow HIV treatment standards as set forth by the Federal Public Health Service Guidelines, the Centers for Disease Control and Prevention (CDC), the California Department of Health Services, and the County of Los Angeles.
2. Have access to these professionals at convenient times and locations.
3. Receive appropriate referrals to other medical, mental health or care services.
4. Have their phone calls and/or emails answered with 3 days.

### **C. Participate in the Decision-making Treatment Process**

1. Receive complete and up-to-date information in words you understand about your diagnosis, treatment options, medications (including common side effects and complications) and prognosis that can reasonably be expected.
2. Participate actively with your provider(s) in discussions about choices and options available for your treatment.
3. Make the final decision about which treatment option is best for you after you have been given all relevant information about these choices and the clear recommendation of your provider.
4. Have access to patient-specific education resources and reliable information and training about patient self-management.
5. Refuse any and all treatments recommended and be told of the effect that not taking the treatment may have on your health, be told of any other potential consequences of your refusal and be assured that you have the right to change your mind later.
6. Be informed about and afforded the opportunity to participate in any appropriate clinical research studies for which you are eligible.
7. Refuse to participate in research without prejudice or penalty of any sort.
8. Refuse any offered services or end participation in any program without bias or impact on your care.
9. Be informed of the procedures at the agency for resolving misunderstandings, making complaints or filing grievances.
10. Receive a response to a complaint or grievance within 30-45 days of filing it.
11. Be informed of independent ombudsman or advocacy services outside the agency to help you resolve problems or grievances (see number at bottom of this form), including how to access a federal complaint center within the Center for Medicare and Medicaid Services (CMS).

### **D. Confidentiality and Privacy**

1. Receive a copy of your agency's Notice of Privacy Policies and Procedures. (Your agency will ask you to acknowledge receipt of this document.)
2. Keep your HIV status confidential. Have information explained to you about confidentiality policies and under what conditions, if any, information about HIV care services may be released.
3. Request restricted access to specific sections of your medical records.
4. Authorize or withdraw requests for your medical record from anyone else besides your health care providers and for billing purposes.
5. Question information in your medical chart and make a written request to change specific documented information. (Your physician has the right to accept or refuse your request with an explanation.)
- 6.

## **E. Billing Information and Assistance**

1. Receive complete information and explanation in advance of all charges that may be incurred for receiving care, treatment and services as well as payment policies of your provider.
2. Receive information on any programs to help you pay and assistance in accessing such assistance and any other benefits for which you may be eligible.

## **F. Patient/Client Responsibilities**

In order to help your provider give you the care to which you are entitled, you also have the responsibility to:

1. Participate in the development and implementation of your individual treatment or service plan to the extent that you are able.
2. Provide your providers, to the best of your knowledge, accurate and complete information about your current and past health and illness, medications and other treatment and services you are receiving, since all of these may affect your care. Communicate promptly any changes or new developments.
3. Communicate to your provider whenever you do not understand information you are given.
4. Follow the treatment plan you have agreed to and/or accept the consequences of failing to adhere to the recommended course of treatment or of using other treatments.
5. Keep your appointments and commitments at this agency or inform the agency promptly if you cannot do so.
6. Keep your provider or main contact informed about how to reach you confidentially by phone, mail or other means.
7. Follow the agency's rules and regulations concerning patient/client care and conduct.
8. Be considerate of your providers and fellow clients/patients and treat them with the respect you yourself expect.
9. Refrain from the use of profanity or abusive or hostile language; threats, violence or intimidations; carrying weapons of any sort; theft or vandalism; intoxication or use of illegal drugs; sexual harassment and misconduct.

## **For More Help or Information**

Your first step in getting more information involving any complaints or grievances is to speak with your provider or a designated client services representative or patient or treatment advocate at the agency. If this does not resolve the problem in a reasonable time span, or if serious concerns or issues arise and you would like to speak with someone outside the agency, you may call the number below for confidential, independent information and assistance.
