72-F. Constitutional and Optimal Levels of Care for Probation Youth

Recommendation: Authorize the Probation Department's Chief Strategist for Juvenile Operations to contract with expert consultant(s), and utilize existing contract services to support the Probation Department (Probation) to come into compliance with applicable laws, regulations, and settlement agreements, and appear in administrative proceedings on behalf of Probation, including but not limited to the County's plan to address issues of non-compliance at Barry J. Nidorf (BJN) and Central Juvenile Hall (Central), at the May 23, 2023, State Board of State and Community Corrections (BSCC) hearing, and any subsequent related matters; approve the consolidation of all pre-disposition youth at Los Padrinos Juvenile Hall (Padrinos), allowing for the most cost-effective and efficient use of the Department's juvenile facilities for the consolidation of staffing resources, and for movement of youth closer to the population centers in the County, which is ideal for their families, community-based providers, partner agencies and Probation staff; find that the recommended actions are exempt from the California Environmental Quality Act (CEQA); and take the following actions: **(Chief Executive Office) 4-VOTES**

Approve the partial use of Central as a law enforcement intake unit which will be responsible for screening youth for admittance into the juvenile facility, and for the operation of the juvenile medical hub to provide high-quality, coordinated health care for youth housed in both halls and camps, and to serve as a diagnostic and assessment unit to appropriately assess the physical and mental condition of the youth, including drug and alcohol use, upon intake;

In connection with the continued, approved use of BJN to house the Secure Youth Treatment Facility (SYTF) population, approve repairs and refurbishment of existing facility sufficient to allow occupation by SYTF youth, continued use of this site for SYTF will allow Probation to transform the environment into one that is conducive and consistent with the LA Model, in addition, like Central, a law enforcement intake unit will remain on-site at the BJN juvenile facility;

Establish and approve the following three proposed projects: Capital Project (CP) No. 87974, Los Padrinos Juvenile Hall Project, consisting of repairs and refurbishment of the existing facility sufficient to allow occupation by pre-disposition youth and related operations; CP No. 87975, Barry J. Nidorf Juvenile Hall Project, consisting of repairs and refurbishment of the existing facility sufficient to allow occupation by SYTF youth and related operations; and CP No. 87976, Central Juvenile Hall Project, consisting of repairs and refurbishment of the existing facility to allow operations of an intake and assessment center and medical hub and related operations;

Approve an appropriation adjustment that transfers funding as follows: \$6,169,000 from the Provisional Financing Uses budget unit to CP No. 87974; and increase 2011 Realignment for Juvenile Probation-Enhancing Law Enforcement Funding revenue, and appropriation in the amount of \$12,633,000 to CP No. 87974, for a total amount of \$18,802,000; and transfer \$10,000,000 in appropriation from Probation Various Improvements, CP No. 87396, as follows: \$5,000,000 to CP No. 87975, and \$5,000,000 to CP No. 87976, to fund initial improvements at these facilities necessary to address the directives in this letter;

Delegate authority to, and authorize the Chief Executive Officer, working in consultation with Probation, the Internal Services Department (ISD), and all other Departments that the Chief Executive Officer deems appropriate, to do each of the following:

Carry out all the scopes of work described above using previously Board-approved Job Order Contracts (JOC) and Master Service Agreements;

Carry out all needed design, construction management, site investigation, and other related professional services needed for Padrinos, BJN, and Central, for the above-described scopes of work and for any potential additional scopes of work, using previously Board-approved, as-needed professional services contracts; and

Determine whether, in addition to the above-described scopes of work for Padrinos, BJN, and Central, any further work should be performed at those facilities, and if the Chief Executive Officer further determines that such work can be performed within the amounts allocated above for those facilities, including any future Board-approved appropriation increases, and the Chief Executive Officer finds that such work is exempt from CEQA, then authorize the Chief Executive Officer to carry out those additional scopes of work using previously Board-approved On-call Architect and Engineer contracts, JOC, Master Agreements, and Vendor Services upon the Chief Executive Officer's approval of the work;

For the limited purpose of supporting the County's compliance with BSCC regulations and the California Department of Justice (DOJ) Consent Decree, as they apply to the juvenile halls, delegate authority to the Chief Executive Officer for the approval of salaries, positions, and persons to be employed in any newly created or modified existing classifications;

As to any and all issues related to the repair, refurbishment, or other work on Padrinos, BJN, and Central, or related to the staffing of the Probation facilities, delegate authority to the Chief Executive Officer and the Director of the Office of Emergency Management, in consultation with County Counsel, to exercise the same authorities as they would have under County Code Section 2.68 in the event of a proclaimed local emergency;

Authorize the Interim Chief Probation Officer and the Chief Strategist for Juvenile Operations, to execute amendments for the provision of ancillary non-construction services at Padrinos, BJN, and Central, including, but not limited to, food service, security guards, custodial, information technology and programming and supportive services; make changes to the statement of work, add, delete and/or change certain terms and conditions, such as facility served, population cohorts, and contract periods and maximums, contingent upon compliance with applicable Federal or State law of regulations; execute

amendments to facilitate uninterrupted youth needs, such as shifting food services contract(s) from Central to Padrinos; and terminate agreements in accordance with the provisions of each agreement with notice to the Board and Chief Executive Office;

Request the Sheriff to redeploy a select number of reserve officers to the juvenile halls to help stabilize the staffing levels in the facilities, as Sheriff reserve officers are volunteers who are trained peace officers assigned to fulfill select duties and responsibilities traditionally handled by full-time Deputy Sheriffs, since the reserves undergo the same hiring standards as a full-time Deputy, Probation is seeking to deploy them to supplement the sworn staff assigned to the juvenile halls contingent upon training to adapt reserves' existing practices and skills to comply with Probation and State policies and regulations, contingent upon County Counsel's assessment of legally permissive; and

Direct the Chief Executive Officer, the Interim Chief Probation Officer and the Chief Strategist for Juvenile Operations, when appropriate, to engage its labor partners over the foreseeable impacts of required staff movement. (23-1752)
