INDICATIONS ATTRACTING MEDICARE REBATE — MUST BE SPECIALIST REFERRED

Brain / Neurology
- ◯ **61538** Brain tumour — residual/recurrence
- ◯ **61559** Epilepsy — refractory
- ◯ **61560** Alzheimer disease

Breast
- ◯ **61524** Breast CA — staging
- ◯ **61525** Breast CA — residual/recurrence

Gastrointestinal
- ◯ **61541** Colorectal — residual/recurrence/metastatic
- ◯ **61577** Oesophageal/GEJ — staging

Lung
- ◯ **61523** Solitary pulmonary nodule
- ◯ **61529** NSCLC — staging

Infection
- ◯ **61527** Infection screening (Ga67 unavailable)

Gynaecology
- ◯ **61565** Ovarian — residual/recurrence/metastatic
- ◯ **61571** Cervix — staging
- ◯ **61575** Cervix — recurrence

Head & Neck
- ◯ **61598** Head/neck — staging
- ◯ **61604** Head/neck — residual disease
- ◯ **61610** Met SCC — unknown primary (cervical)

Melanoma
- ◯ **61553** Melanoma — metastatic/recurrence

Sarcoma
- ◯ **61640** Sarcoma — staging
- ◯ **61646** Sarcoma — residual/recurrent

FDG Avid Cancer Malignancy
- ◯ **61612** Initial staging
- ◯ **61614** Restaging

Lymphoma
- ◯ **61620** Lymphoma — initial staging
- ◯ **61622** Lymphoma — 1st line response
- ◯ **61628** Lymphoma — restaging/recurrence
- ◯ **61632** Lymphoma — 2nd line (pre-HSCT)

PSMA — Prostate
- ◯ **61563** Prostate — initial staging (int/high risk)
- ◯ **61564** Prostate — recurrence
- ◯ **61528** PSMA Lu-177 eligibility

NET / DOTATATE
- ◯ **61647** Suspected NET (Ga-DOTA PET)
- ◯ **61530** NET — staging/response/recurrence

Other / Unfunded
- ◯ **Other/Unfunded** (specify in clinical details)

REFERRING PRACTITIONER

Are you the Assignor: ◯ Yes ◯ No

Signature: ..... Date / /

PATIENT ACKNOWLEDGEMENT

- I confirm the personal details listed on this referral are correct.
- I give permission for I-MED Radiology to share images and reports electronically with authorised health providers.
- I give permission for I-MED Radiology to obtain previous imaging and reports from other providers for comparison.
- I understand an account may be issued for this service which I am responsible for paying.

Signature of Patient or Legal Guardian: ..... Date / /

Your doctor has recommended that you use I-MED Radiology. You may choose another provider but please discuss this with your doctor first.

PLEASE NOTE

Some examinations require special preparation. Please check when making your appointment. Refer to the clinic directly to confirm prep instructions.

I-MED Radiology Network

Patient preparation for PET/CT:

- **A strict 4-6 hour* fast is required** before FDG PET scans. This includes NO lollies, chewing gum, vitamins, or flavored water.
- **Hydration** with plain still water is strongly recommended prior to your scan.
- **Take your usual medications** unless advised otherwise by your doctor or our team. Please bring a list of your current medications.
- **Avoid strenuous exercise** for 24 hours before your scan, as this may affect image quality. Dress warmly and wear comfortable clothing without metal, where possible.
- **Keep warm** (e.g. blankets, warm room) for at least 30 minutes prior to your appointment as cold exposure can interfere with image interpretation.
- **Allow 75mins–2 hours** for your appointment. After your tracer injection, you will rest quietly before your scan.
- **Please advise us when booking** if you are diabetic, pregnant, breastfeeding, require special assistance, or have any mobility or medical considerations.
- **Preparation instructions** will be explained in more detail when your scan is booked in. Depending on the clinic, the preparation can vary.

*Note for **PSMA, DOTATATE, FBB** you do not need to fast for your scan.

Book your appointment online

With I-MED Radiology's new online booking service, you have the ease and convenience of booking your appointment online via mobile or desktop.

For most procedures, you can browse for a time and location that is convenient to you. Some of the more complex procedures will still require a phone call from us to confirm.

Book online at **i-med.com.au**

Due to complexity of some procedures an online appointment may not be available.
