# Things you need to know

## What's not covered?

There are a few situations where our health insurance doesn't cover you, including but not limited to:

- claims for services by providers not recognised by RT Health, and providers that don't meet RT Health's criteria as set out in the A to Z Membership Guide, available at [rthealth.com.au](http://rthealth.com.au)
- claims made 2 years or more after the date of service
- more than 1 therapy service performed by the same provider in any 1 day.

Refer to the HCF Group Fund Rules for further information, available at [rthealth.com.au](http://rthealth.com.au)

## Waiting periods

A waiting period applies when you first join RT Health, or upgrade your health cover. We don't pay benefits for any items purchased or services received while you're serving a waiting period.

## Switching from another health insurer?

If you're switching from another fund within 2 months of leaving your previous health insurer, you may not need to serve additional waiting periods. This applies if you transfer to an equivalent level of cover or if we've waived the waiting periods at the time of joining.

## Private health insurance code of conduct

The Private Health Insurance (PHI) Code of Conduct's aim is to improve the standards of practice and service in the private health insurance industry. See a full copy of the code at [privatehealth.com.au/codeofconduct](http://privatehealth.com.au/codeofconduct)

### Important information
