

# Power Up

with Electric Automation Solutions

## Technical Training Session

# Master the Basics of Electric Automation with Festo

Join us on September 23 or 24 for an engaging, training session and get a hands-on introduction to Festo's electric automation technology. This course is ideal for anyone looking to deepen their knowledge of servo motors, actuators, and motion controllers used in industrial machinery.

## During the session, you'll gain practical insights into:

- Festo's complete electric automation portfolio
- Set-up and troubleshooting techniques
- Engineering tools, including HGO, EMS, and Automation Suite
- 3rd party system integration
- Sizing axial kits with confidence

The cost to attend is \$200—a valuable investment in advancing your professional skills.
