

CLASS LISTS & ROSTERS

Create a list of names in a Word document and save it as a .TXT file. Make sure that the names are typed as you would want to see them printed on your transfers (such as Joe Jones instead of Jones, Joe). We will print your class list and roster transfers for you!

Custom Signatures

Choose a signature layout and order the signature template. Have the group sign the template with a medium felt tip pen within the designated areas without touching the tan lines. Return the template and we will print your signature transfers for you!
