33 Turnaround Times

HEAT TRANSFERS ARE THE ULTIMATE PRINTING CHOICE

Transfers apply in seconds! There is no need for significant capital investment or a large space for manufacturing. Pick a corner in a room, set up your heat press, and start making money.

Simply set your shirt on the press, position the transfer, and apply. The result is a quality printed product that will last the life of the garment - guaranteed!

With heat transfers you can print on t-shirts, hoodies, pants, shoes, bags, can coolers and more. The versatility of heat transfers makes it possible to decorate countless items.

FULL COLOR

HEAT TRANSFERS

The latest transfer technology combining screen print and full color digital inks to produce a transfer that is the best of both worlds. The feel and durability of a screen print transfer with the characteristics of a full color transfer. Welcome to the revolution of apparel decoration!

SCREEN PRINTED

HEAT TRANSFERS

Screen printed transfers, also known as plastisol or water-based transfers, is printed using plastisol or water-based inks onto a special release paper or film instead of a garment. Screen printed transfers, when properly applied, will last the life of the garment.

WHAT TO USE WHEN

Take the guesswork out of choosing the best transfer type for your job or project. This handy chart outlines which transfer will give you the best results and profit margins.

- ▶ Options for any fabric
- ▶ Print any location

DIRECT TO FILM TRANSFERS **ULTRACOLOR® MAX**

Our digitally printed direct to film transfer is the answer for graphics with high color counts, gradients and shading or photo realistic artwork. UltraColor Max has a matte finish with sharp edges, fine detail and a soft hand. The low temp application is perfect for heat sensitive fabrics like polyester, tri-blends and Lycra/Spandex. UltraColor Max is priced per square inch so the flat rate makes pricing simple and easy. And with no minimum order, you can order in any quantity from a single image or gang sheet all the way up to 22" x 22". This transfer does require print ready art, so any art fixes and proofing are rolled into an additional \$26 service.

DIGITAL SCREEN TRANSFERS **ULTRACOLOR® PRO**

This digital screen printed transfer is a hybrid full color transfer that combines digitally printed graphics with a screen print backing. UltraColor Pro provides a clean edge with a thin, clear outline and a soft hand. The large 11" x 18" sheet size allows you to combine multiple jobs or images to reduce your overall cost. And pricing breaks at increased quantities makes UltraColor Pro the answer for large, full color runs. Low temp application allows for printing on 100% polyester performance wear.

ULTRACOLOR® STRETCH

UltraColor Stretch combines everything you love about UltraColor Pro with industry leading stretch and rebound ability. This digital screen print transfer uses a water-based ink formula to produce the ultimate solution for decorating elastic apparel. UltraColor Stretch provides a clean edge with a thin, clear outline and a soft hand. The large 11" x 18" sheet size allows you to combine multiple jobs or images to reduce your overall cost. And pricing breaks at increased quantities reduces costs on large runs. Low temp application allows for printing on many heat sensitive fabrics.

ULTRACOLOR® STRETCH WITH BLOCKER

An added blocker layer prevents dye migration with this UltraColor Stretch transfer, so your sublimated polyester fabrics will not bleed through. UltraColor Stretch with Blocker provides a clean edge with a thin, clear outline and a soft hand. The large 11" x 18" sheet size allows you to combine multiple jobs or images to reduce your overall cost. And pricing breaks at increased quantities reduces costs on large runs. HOT SPLIT RETRO

Our same plastisol transfer with a soft, light feel. Screen printed without adhesive so the inks melt into the apparel. Ideal for thin fabrics. Less opacity than other transfer types which is what helps to achieve that fashionable vintage vibe. Perfect for burn-out tees and designs with some distress. Available in 70 Phthalate-free ink colors.

- T-Shirt + Transfer

GANG SHEETS

MAXIMIZE THE SHEET TO MAXIMIZE YOUR PROFITS

Make the most out of your transfer sheets by grouping designs together. Each different design that can fit on a sheet is cutting your bottom line costs per order. Know the sheet sizes and start increasing your profits!

- **Plastisol Screen Printed Transfer: 11.5" x 14", Jumbo 12.5" x 17.5"**
- **UltraColor® Max DTF Transfer: Up to 22" x 22"**
- **UltraColor® Pro, Stretch, Soft: 11.5" x 18"**
- **Reflective: 11.5" x 18"**

Screen printed transfers are priced per color.

UltraColor® transfers are digitally printed so there are no additional color costs.

QTG-5

SHIRT TAG LAYOUTS

Promote yourself! Branding shirts with custom tags promotes your business. Order a full sheet or you can always add them to empty space on your gang sheet.

QSP-3

LEAGUE SPONSOR STRIPS

Sponsor strip layouts save you money for league orders. Choose the ink color and letter height, and replace each line with the sponsor's names. Use Express Names™ for any unique team colors!

QTY-87

CLASS, TEAM OR EVENT LISTS

Printing a shirt with a list of names or events is easy in the Easy View® Designer. Just upload your .txt file list of names and adjust the layout as needed for the number of names.

CS-96

SIGNATURE T-SHIRTS

Shirts filled with a class, camp or team's signatures are a special way to commemorate a year or season. Order a custom template & collect the signatures. We print it and you press a shirt that will bring memories!

CUSTOM CLIP ART

If you use custom art in two or more orders, make it a custom clip art. For a small fee, we will set it up in Easy View® for your own personal use. Once set up, all future orders get the less expensive, Easy Prints® pricing.

QFB-252

TRANSFER EXPRESS® APPAREL

Stylish, top-quality apparel that become canvases for decoration. Same-day shipping on most items, with ten warehouses nationwide - most items are received in 1-3 days. Low prices. No minimums. Free shipping on orders over \$300.

THERE ARE **HEAT PRESSES** THEN THERE'S **STAHL'S Hotronix®**

WHY YOU NEED A PROFESSIONAL HEAT PRESS

You take your business seriously, so it's important to use equipment that delivers quality and consistency. Compared to hobby presses and import presses, professional presses give you:

- Laser-cut steel framework with robotic welds
- Flat, even platens for perfect pressure
- Center-applied pressure – no pinch points!
- Better heat retention and accurate temperature readings

A2Z PRESS

Value priced, swing-away heat press. Made in the U.S.A., it gives you reliable transfer printing results and a heat free workspace. Excellent choice for home-based businesses, crafters, new t-shirt businesses or as a second press.

► \$375

CRAFT PRESS

9" x 12" heat press is great for the home crafter or crafting business. Small footprint and fits in most crafting areas. Lightweight and portable. If you are just starting out, this is a very economical and reliable heat press.

Designs for Custom Printed Apparel

HOW TO ORDER EASY PRINTS®

Custom art you create using our layouts, art and fonts

1. Open Easy View® Designer
2. Create your art by adding text, clip art, and/or a layout
3. Choose Print Method
4. Choose Transfer Type
5. Choose Apparel Color
6. Enter Quantity:
 - For a single image, enter how many of the image you need
 - If you set up a gang sheet, enter how many sheets you need
7. Complete checkout by entering shipping, and payment method

ART PROOFS

Got a job with a lot of names, art changes, re-drawing or combining of files? Take the stress out by ordering an Art Proof. You will have the opportunity for 2 revisions and will be supplied with a high quality .JPG file for you to show to your customer. Then place your transfer order with confidence.

OUR ARTWORK OR YOURS?

Whether you are creating your designs in Easy View® or want to send us your custom art, it's quick and easy to order.

HOW TO ORDER EASY PRINTS® PLUS (Your artwork)

Send us your artwork!

Use the Transfer Express uploader:

TransferExpress.com/upload
