### Artwork Tips for UltraColor®

Please use the CMYK values/colors for the artwork for UltraColor® transfers. PMS/Pantone/Spot/RGB colors will not convert correctly to CMYK colors. (The colors shift sometimes; blues become purples, etc)

### Transfer Types

- G GOOF PROOF®**
- H HOT SPLIT** (For light & dark garments)
- H HOT SPLIT** (Only for light garments)
- E ELASTI PRINTS®**
- U ULTRACOLOR®**

#### NOTES:

- Color changes cannot include ink colors from both Standard and Specialty inks in the same order.
- Printed colors may not directly match the Pantone® Formula Guide due to printing ink systems and manufacturer ink lots. Colors are unique to transfer production and may not match Stahls' products.
