

Today, there are as many different types of trailers as there are things to put on or in them. But more trailer manufacturers than ever are choosing PPG finishes. **Why?** Because PPG is more than a paint supplier, they are a true partner in production.

Proud member since 1989

# WHAT DO TODAY'S SUCCESSFUL TRAILER MANUFACTURERS HAVE IN COMMON?

## COMPREHENSIVE RANGE OF PRODUCTS

From high-end finishes for custom horse trailers to hard-working coatings for utility trailers and everything in between, PPG has a finish system that's right for your need:

### DELFLEET ONE® Premium Commercial Paint System

Raising the bar for performance, the *DelFleet One* system delivers unparalleled color capability, superior coverage and durability, while offering the industry's lowest VOC ratings. Next generation toners provide full capability for direct gloss, basecoat and matte colors. Easy to spray, painters will appreciate system features such as good rivet hang and excellent speed control.

### DELFLEET ESSENTIAL® Commercial Paint System

Quality, efficiency, economy —the *DelFleet Essential* system provides a balance of these attributes in a system that's easy to apply and manage. It's ideal for trailer manufacturers who need a good-looking, lasting, economical finish.

### PPG VERSOLON™ Coatings

The consistent quality of PPG *Versolon* coatings comes in many forms—from cost-effective alkyds and epoxies to low-VOC polyurethanes and powder coatings. They can be used on a wide variety of product types, and for everything from low volume, small batch situations to extremely high-efficiency production lines.

### Specialty Coatings

Need something unique to solve a specific need? It's likely PPG Commercial Coatings has what you're looking for—or is already working on the technology in one of our research and development facilities worldwide. From products focused on advanced corrosion protection to sound deadening coatings, chances are, we have your solution.

A PPG FINISH.

## WITH PPG BEHIND YOUR BRAND, YOU'RE LOADED WITH EXPERTISE.

As a PPG customer, you'll have a world leader in coatings technology on your team. PPG service includes advice on production line layout, analysis of application techniques, prompt responses to technical questions, and savvy product recommendations. Our goal is the same as yours: The right quality, in the right time frame, at the right price.

### NOT JUST KNOW-HOW. SHOW-HOW.

Sometimes, the best training is the training that comes to you—in your own facility, using your own equipment on your own products. PPG Commercial Coatings experts ensure your success by providing on-site training, or, if you prefer, training at one of our training centers.

### HARNESS THE REPUTATION OF PPG FOR YOUR BRAND.

PPG is known and respected worldwide for its expertise and innovation in coatings technology. Customers throughout the world rely on PPG to bring them the latest and best in all kinds of finishes. Isn't it time you joined forces with PPG?
