

TOTAL COATING SOLUTIONS FOR

CARGO TRAILERS

These PPG coatings are ideal for Closed Cargo Trailers. We can custom tailor an optimal solution for your operation that meets your specific demands for quality, productivity and cost.

1 TOPCOAT OPTIONS

AUE SERIES POLYURETHANES

- Excellent performance
- Excellent exterior durability
- Exceptional chemical and impact resistance
- Colors customized to your requirement

ALK SERIES ALYKDS

- 1-component, single stage
- Available in Conventional and Low VOC
- Fast dry
- Colors customized to your requirement

DELFLIET ESSENTIAL®

- Easy-to-use, economical paint system
- Low-VOC color and primer options
- Glossy, durable finish
- Good color match to standard
- Highly productive

2 ADVANCED CORROSION PROTECTION

CPC PRIMERS

- WPM Water Reducible Primer/Monocoats
- CRE Corrosion Resistant Epoxy Primers
- MBE-Medium Build Epoxy Primer

CT PRIMERS

- ESU480 Series 2.1 VOC Epoxy Primers

3 SOUND-PROOFING

AUDIOGUARD® ACOUSTICAL COATING

- Superior sound and vibration dampening
- Waterborne, single-component
- Air dry or heat curable
- Chip, crack and mar resistant
- High performance-to-price ratio
- VOC and HAPs compliant

4 ANTI-SKID PROTECTION

ASC-908 ANTI-SKID COATING

- Black, single component, epoxy ester
- High coefficient of friction
- Offers optimal adhesion to metal surfaces
- Resistant to gasoline, oil, acids, alkalis and aliphatic solvents
- Easy to apply

BEDLINER HEAVY-DUTY PROTECTIVE COATING

- 2-component, polyurea flexible coating
- The ultimate in chip and corrosion resistance
- Superior weather resistance
- Aliphatic option for high UV protection
- Aromatic option for non-UV scenarios
- Choice of several preformulated color options
- Zero VOC

...AND MANY MORE OPTIONS!

- Phosphate pretreatments available
- Wide color palette available in *Delfleet Essential* and Commercial Performance Coatings paint systems
