This diversity has resulted in many regular community events, including art exhibitions and the Multicultural Festival held in March each year. ADVENTURE THE CORAL COAST TO MAGICAL NINGALOO REEF

HOME TO THE WORLD'S MOST EXHILARATING MARINE ADVENTURES, THE CORAL COAST EXTENDS NORTH FROM PERTH TO EXMOUTH, HUGGING THE INDIAN OCEAN FOR 1,250 KILOMETRES OF OTHERWORLDLY COASTLINE AND RUGGED NATIONAL PARKS.

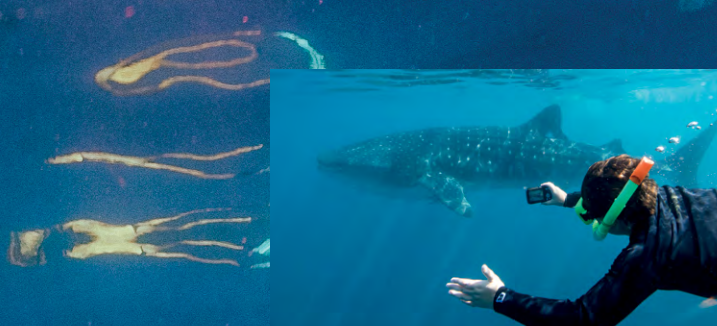

The jewel of the Coral Coast is the World Heritage-listed Ningaloo Marine Park (Nynggulu), a bucket list destination for nature and wildlife lovers and home to the 'Big 3' - whale sharks, humpback whales and manta rays.

Accessible from Coral Bay or Exmouth, Ningaloo Reef is over 300-kilometres long and one of the planet's most biologically diverse marine environments.

It's also the closest coral barrier reef to a land mass in the world - you can step straight off the beach and snorkel over 200 species of coral teeming with 500 species of colourful fish.

AUSTRALIA'S
CORAL COAST

SWIM WITH GENTLE GIANTS

Ningaloo Reef's most exhilarating marine adventure is swimming with gentle whale sharks, the biggest fish in the world. The huge, artfully patterned, plankton-eating whale sharks converge here from March to July each year. Join an ecologically respectful tour run by passionate locals to swim alongside these graceful giants.

FLIP WITH MARINE ACROBATS

You can also swim with Coral Bay's acrobatic manta rays which call Ningaloo home all year round. Their wingspans measure several metres, enabling them to swim at rapid speeds, occasionally leaping out of the water and landing with a slap. They're safe and highly intelligent - sharing the ocean with mantas is a once-in-a-lifetime adventure.

THE BUSY HUMPBACK HIGHWAY

Between July and October, Ningaloo welcomes another mammoth visitor - beautiful humpback whales migrating from Antarctica along Western Australia's 'Humpback Highway' to warmer breeding grounds in the north. Ningaloo is the only place in Western Australia where you can actually swim with humpback whales.

THE REEF, YOUR WAY

There are many ways to see Ningaloo, whether it's staying dry on a glass bottom boat, snorkel or taking a scenic flight to soar over the otherworldly landscapes and colours. Another must-do Ningaloo adventure is 'drift snorkelling' at Turquoise Bay - relax into the warm current and enjoy the passing parade of sea-life, just metres from the shore.

DRIVING IN WESTERN AUSTRALIA

DRIVING AROUND WESTERN AUSTRALIA IS ONE OF THE BEST WAYS TO SEE THE STATE. IF YOU'RE NOT FAMILIAR WITH THE LOCAL RULES OF THE ROAD, HERE ARE SOME HINTS, TIPS AND RULES TO KEEP YOU SAFE.

♀ HUTT LAGOON, PORT GREGORY

♀ MOUNT AUGUSTUS

DRIVING ON THE LEFT

In Australia, all vehicles drive on the left of the road.

MERGING

When merging as two lanes form one, the vehicle in front has right of way.

ROUNDBABOUTS

When entering a roundabout, always give way to any vehicle already in the roundabout.

CROSSING ROAD LINES

You may cross a broken line if it is safe to do so, but continuous unbroken lines should not be crossed unless you need to avoid an obstruction.

SHARING THE ROAD WITH CYCLISTS

Give way to cyclists, and when overtaking allow a distance of 1.5m between your vehicle and the cyclist.

MAKING A "U-TURN"

When making a U-Turn give way to all other road users, and use the indicator to signal your manoeuvre.

MOBILE PHONE DISTRACTION

It is illegal to use your mobile phone while driving, enjoy the view instead.

DRINK DRIVING

Driving in Western Australia with a blood alcohol level over .05 is illegal.

BUCKLE UP

Wearing seatbelts is mandatory in Western Australia, and drivers and passengers can be fined for not wearing them.

YOUR DRIVER'S LICENCE

Holders of an overseas driving licence must carry a copy of their licence with a translation, or an International Drivers' Permit while driving.

DRIVING TO WESTERN AUSTRALIA

2WD - Take the epic Eyre Highway from Port Augusta in South Australia, across the vast Nullarbor Plain to Norseman, playing a few holes on the world's longest golf course – the Nullarbor Links – along the way.

If you're driving to Western Australia from Darwin, the Victoria Highway connecting to the Great Northern Highway takes you through the spectacular Kimberley to Broome.

4WD - For a 4WD adventure across World Heritage Listed tropical savannahs, take

the Savannah Way from Cairns in North Queensland to WA's exotic pearling town of Broome.

Or journey through Australia's red centre along the Outback Way. This 4WD odyssey spans 2,700 kilometres from Winton in Queensland, to Uluru and ending at Laverton in WA's Goldfields region.

Add to the adventure by hitting the legendary Gibb River Road through the Kimberley wilderness.

DRIVING ON GRAVEL ROADS

- Drive at a slower speed
- Slow down on bends
- Don't brake suddenly
- Be prepared for dust and stones from passing vehicles

WILDLIFE ON THE ROAD

Be aware of roaming animals such as kangaroos, cattle, camels and even eagles on the road in some country areas, especially at sunrise and sunset.

LOW VISIBILITY

Avoid driving in hazardous weather and in rural areas. Drive with your headlights on at any time of day regardless of conditions.

REST AREAS AND PETROL STATIONS

There's lots of ground to cover and some big distances so take your time. Make the most of rest areas, some of which will have bathroom facilities, as well as barbecues and picnic benches.

It's best to stop at a petrol station or a roadhouse regularly for fuel and water when you're travelling big distances as the stops may be limited.

DOWNLOAD OFFLINE MAPS

Remote areas of Western Australia may not have phone coverage. While the roads are well-marked, it's a good idea to have an offline or paper map.
