4. Operating and financial review

Overview and strategy

The key strategic objective of Elanor is to grow funds under management by identifying and originating investments that deliver strong performance for both Elanor's funds management capital partners and security holders. Elanor seeks to co-invest with its capital partners in funds managed by Elanor for both strategic and alignment purposes.

Investments are also originated and held on balance sheet where they provide opportunities for future co-investment by external capital partners.

Elanor's core focus is in real estate and hotels, tourism and leisure. In addition, special situations investments incorporate assets that are high yielding and exhibit strong real estate backing that may fall outside of the sectors in which the Group currently focuses.

During the period Elanor increased assets under management from \$484.5 million to \$646.4 million. Co-investments in new managed funds were increased by \$18.9 million, resulting in an investment portfolio of \$127.8 million as at 31 December 2016.

In August 2016, the Group successfully completed an institutional placement and Security Purchase Plan which raised \$31.7 million, net of raising costs. A total of 17.84 million stapled securities were issued as a result of these raisings, which increased the Group's stapled securities on issue to 89.22 million as at 31 December 2016.

The capital raising related to two key funds management initiatives that were completed in the six months ended 31 December 2016. These initiatives were:

- The listing of Elanor Retail Property Fund (ASX: ERF) in November 2016. ERF was formed by the stapling of two existing Elanor managed funds, and the acquisition of two new properties, the Tweed Mall Shopping Centre located in Tweed Heads, NSW, and Northway Plaza Shopping Centre located in Bundaberg, QLD. ERF had a gross asset value of \$248.5 million as at 31 December 2016. Elanor holds a co-investment interest of 15.95% in ERF.
- The establishment of Elanor Commercial Property Fund (ECPF), a multi-asset commercial property fund. ECPF acquired 34 Corporate Drive, Cannon Hill, QLD in November 2016. In February 2017 ECPF acquired 96 Mount Gravatt-Capalaba Rd, Upper Mount Gravatt, QLD. These acquisitions established the fund with a gross asset value of \$57.9 million.

The Group has an active pipeline in a market where identifying and acquiring quality assets that meet our investment criteria is challenging. Continued growth in Core Earnings will be predicated on the Group's ability to continue to grow funds under management through the acquisition of quality assets. The Group's ability to grow Core Earnings in the six months ending 30 June 2017 is also predicated on the timing of realisation and size of future performance fees.

4. Operating and financial review (continued)

Review of financial results

The Group recorded a statutory profit after tax of \$6.2 million for the half year ended 31 December 2016.

Core or Distributable earnings were \$7.7 million or 8.6 cents per stapled security. An Interim Distribution of \$6.9 million or 7.77 cents per stapled security has been declared for the six months ended 31 December 2016 (90% pay-out ratio on Core Earnings). Core Earnings is considered more relevant than statutory profit as it represents an estimate of the underlying recurring cash earnings of the Group, and has been determined in accordance with ASIC Regulatory Guide 230.

A summary of the Group and EIF Group's results for the period is set out below:

	Group 31 December 2016	Group 31 December 2015	EIF Group 31 December 2016	EIF Group 31 December 2015
Statutory financial results				
Net profit / (loss) after tax (\$'000)	6,166	6,271	4,898	3,586

Gearing (net debt / total assets less cash) (%) (EHAF equity accounted)	(0.33)	19.96	8.08	31.44

As Elanor holds a 41.7% interest in the Elanor Hospitality and Accommodation Fund ("EHAF" or "the Fund"), for accounting purposes, Elanor is deemed to have a controlling interest in the Fund given its level of ownership and role as manager of the Fund. This means that the financial results and financial position of the Fund are consolidated for the purposes of the consolidated financial statements of the Group for the period ended 31 December 2016. All other managed fund co-investments are accounted for using the equity method in the Group's consolidated financial statements.

Presenting the summary consolidated financial results of the Group on the basis that the Fund was accounted for using the equity method is important because Elanor considers that this gives the most appropriate presentation consistent with management and reporting of the Group and to provide a comparable basis to the presentation of the results for prior periods.

Core Earnings	1	7,703	5,737	3,778	3,965

Note 1: Core Earnings has been determined in accordance with ASIC RG 230 and represents the Directors view of underlying earnings from ongoing operating activities for the period, being net profit / (loss) after tax, adjusting for one-off realised items (being formation or other transaction costs that occur infrequently or are outside the course of ongoing business activities), non-cash items (being fair value movements, depreciation charges on the buildings held by the Trust, amortisation of intangibles, straight lining of rental expense, and amortisation of equity settled STI amounts), and restating share of profit from equity accounted investments to reflect distributions received / receivable in respect of those investments.

Note 2: Share of profit from equity accounted investments includes depreciation and amortisation and fair value adjustments on investment property that were added back in the determination of distributable earnings from those managed funds. The Group's share of those adjustments to distributable earnings in the relevant managed funds have been added back for the purposes of calculating Core Earnings so that the Group's Core Earnings reflects the distribution received / receivable by the Group from those investments in Elanor managed funds.

Note 3: During the period the Group incurred total depreciation charges of \$0.819 million, however only the depreciation expense on buildings of \$0.157 million has been added back for the purposes of calculating Core Earnings.

Note 4: During the period, the Group incurred non-cash profit and loss charges in respect of the amortisation of the equity component of the Group's Short Term Incentive (STI) amounts. These amounts have been added back for the purposes of calculating Core Earnings.

4. Operating and financial review (continued)

Review of operating results

The Group is organised into four divisions by business type.

Funds Management manages third party owned investment funds and syndicates.

Hotel, Tourism and Leisure originates investment and fund management assets. The current investment portfolio includes Featherdale Wildlife Park, Ibis Styles Canberra Eaglehawk Hotel and Ibis Styles Albany Hotel, along with co-investment in 193 Clarence Hotel Syndicate, four Bell City syndicates and Elanor Hospitality and Accommodation Fund. Hotel, Tourism and Leisure also manages these syndicates.

Real Estate originates investment and fund management assets. The current investment portfolio comprises investments in Elanor Retail Property Fund, Elanor Commercial Property Fund and Limestone Street Centre Syndicate. Real Estate manages each of these funds along with John Cootes Diversified Property Syndicate and Super A-Mart Auburn Syndicate.

Special Situations Investments contains the John Cootes Furniture business and the property associated with John Cootes Furniture business at Merrylands, NSW.

Set out below is an adjusted presentation of the statutory financial results by segment, on the basis that the Group's interest in EHAF is accounted for using the equity method rather than on a consolidated basis. Elanor considers that presenting the operating performance of the Group for the period ended 31 December 2016 on this adjusted basis gives the most appropriate presentation of the Group consistent with management and reporting of the Group and to provide a comparable basis to the presentation of prior period results.

The performance of the Group for the period ended 31 December 2016, as represented by the aggregate results of its operations for the period, was as follows:

	Group Segment Revenue 31 December 2016 \$'000	Group Segment Revenue 31 December 2015 \$'000	Group Segment EBITDA 31 December 2016 \$'000	Group Segment EBITDA 31 December 2015 \$'000

4. Operating and financial review (continued)

Review of operating results (continued)

For further information on the segment performance, see Note 2 to the consolidated financial statements.

Group EBITDA shown above includes the equity accounted result of the Group's co-investments in funds managed by Elanor, including EHAF. The Group measures the performance of its co-investments based on distributions received / receivable from these co-investments, consistent with the treatment within Core Earnings. Group EBITDA, adjusted to show distributions received / receivable from co-investments rather than the equity accounted result is as follows:

Operating Performance for Half Year ended 31 December 2016	Group EBITDA	Remove Equity Accounted Result	Add Distributions received / receivable	EBITDA Contribution to Core Earnings
	\$'000	\$'000	\$'000	\$'000
Funds Management	7,844	-	-	7,844
Hotels, Tourism and Leisure	3,713	(942)	1,380	4,151
Real Estate	(1,510)	1,274	576	340
Special Situation Investments	544	-	-	544
Unallocated Corporate Costs	(3,152)	-	-	(3,152)
EBITDA	7,439	332	1,956	9,727

The primary reason for the equity accounted loss from co-investments of \$0.3 million for the period ended 31 December 2016 is the equity accounted loss of \$1.4 million in relation to ENN's share of the Elanor Retail Property Fund. This reflects the impact of transaction and establishment costs incurred by the fund during its IPO in November 2016.

4. Operating and financial review (continued)

Review of operating results (continued)

During the six months ended 31 December 2016, the Group received performance fees in respect of the Auburn Central Syndicate as a result of that syndicate forming part of the Elanor Retail Property Fund which was listed in November 2016, and the Super A-Mart Auburn Syndicate as a result of the sale of the property in that fund.

During the period the Group strengthened its internal asset management and investment management capabilities, and deepened its capital partner base to support the Group's strategic focus to deliver growth in funds under management and the performance of assets under management.

Hotels, Tourism and Leisure

The performance of the Hotels, Tourism and Leisure business for the period is summarised as follows:

Total Adjusted revenue	15,793	13,225

The Group lodged a Planning Proposal in respect of its 26,135 square metre property located at 248 – 264 Woodville Road Merrylands, with Parramatta City Council (“Council”) on 12 October 2015. The Planning Proposal was approved by Council at a meeting held on 7 December 2015. On 24 June 2016 the NSW Department of Planning and Environment issued its Gateway Determination on Elanor's planning proposal which confirmed:

- Rezoning the property to B4 mixed use;
- Increasing the maximum height of building control to 31 metres (9 storeys); and
- Increasing the maximum floor space ratio to 2.0:1 (this is a reduction from the Council endorsed floor space ratio of 2.25:1).

Elanor announced on 20 July 2016 that the property would be marketed for sale with CBRE and Savills appointed to jointly conduct an Expression of Interest campaign under a Commercial Exclusive Agency Agreement. Elanor is in advanced negotiations with the preferred bidder for the Merrylands property following that marketing campaign.

Summary and Outlook

The Group's core strategy will remain focussed on growing its managed funds and earnings from the funds management business and actively managing its investment portfolio. The Group has a number of funds management opportunities under consideration, with a particular focus on the real estate and hotels, tourism and leisure sectors. The Group will look to increase income from managed funds, seed new managed funds with Group owned investments, and continue to co-invest with external capital partners.

Risks to the Group in the coming year primarily comprise potential earnings variability associated with general economic and market conditions including inbound tourism and domestic retail spending, the availability of capital for funds management opportunities and any movement in property valuations. The Group manages these risks through its active asset management approach across its investment portfolio, continuing to focus on broadening the Group's capital partner base and through the active management of the Group's capital structure.

The Group is committed to growing its funds management business as a result of the acquisition of quality assets based on the Group's investment philosophy and criteria. The Group has an active pipeline of potential funds management opportunities in a market where identifying and acquiring quality assets that meet out investment criteria is challenging. Continued growth in Core Earnings will be predicated on the Group's ability to continue to grow funds under management through the acquisition of quality assets. The Group's ability to grow Core Earnings in the six months ending 30 June 2017 is also predicated on the timing of realisation and size of future performance fees.

18. Fair value measurement of financial and non-financial instruments (continued)

If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is not applicable for the Group or the EIF Group.

Specific valuation techniques used to value financial instruments include:

- The use of quoted market prices or dealer quotes for similar instruments;
- The fair value of interest rate swaps is calculated as the present value of the estimated future cash flows based on observable yield curves; and
- The fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date.

All of the resulting fair value estimates are included in level 2. There are no level 3 financial assets or liabilities in either the Group or the EIF Group.

19. Contingent liabilities and commitments

Unless otherwise disclosed in the financial statements, there are no material contingent liabilities.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial reports based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial reports are not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entities' financial position as at 31 December 2016 and their performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations*

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Auditor's Independence Declaration

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Elanor Investors Limited and Elanor Funds Management Limited, as responsible entity of Elanor Investment Fund, would be in the same terms if given to the directors as at the time of this auditor's review report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Elanor Investors Group and EIF Group are not in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Elanor Investors Group and EIF Group's financial positions as at 31 December 2016 and of their performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
