

Heritage Series

For over 75 years, Kolbe has been known for innovative products that push the boundaries and defy the limits of function, performance and style. Exceptional design, quality craftsmanship, endless options and custom solutions allow Kolbe to personalize your design experience with distinctive windows and doors. With multiple product lines designed to meet specific architectural and aesthetic goals, each offers distinct advantages, while remaining vastly customizable.

The Heritage Series

All-wood windows & doors designed for architectural & historical authenticity.

The Heritage Series provides:

- Wood exterior available in unfinished, primed, or painted with our K-Kron II finish, for ultimate flexibility
- High performance exterior K-Kron II finish in 40+ standard colors, plus custom blends
- Wood interior in familiar to exotic species, with 20+ standard pre-finishes, plus custom finishes

- Traditional design aesthetics with ability to replicate intricate architectural details
- Divided lite profiles & patterns
- Glazing options for enhanced energy efficiency, decorative & specialty glass needs
- Hardware options & finishes to match any décor
- Automation options for ease of operation

Craftsmanship

Kolbe products are truly built to order, with numerous options and custom solutions that allow us to craft windows and doors exactly to your specifications. You can choose from standard to exotic wood species, sizes, shapes, divided lite profiles and patterns, glass, interior and exterior finishes, brickmoulds, casings, hardware, and more – or we'll work with you to create a custom product, color or finish for a more personalized design.

Sustainability

Kolbe's all-wood Heritage Series windows and doors offer sustainable solutions for long-lasting, durable products, that when compared to other building materials, have a lower carbon footprint on the environment. The wood used in Kolbe products is sourced from managed forests, and as a renewable resource, is naturally grown and removes carbon from the atmosphere.

Wood windows and doors also offer a warm, organic appeal as natural patterns and textures have been shown to have positive effects on mental health and well-being from concepts in Biophilic Design.

Historical Replication

Heritage Series all-wood products are ideal for replicating architectural details with authenticity, blending traditional design aesthetics with advanced technology, functionality, and optimal energy efficiency. Adhering to strict building codes and historical district requirements, Kolbe's Heritage Series products were the perfect solution for many National Historic Landmarks and National Trust for Historic Preservation projects across the US.

Traditional or enhanced glazing options available.

Style & Design Options

Kolbe's endless variety of options allow you to choose wood species, divided lite patterns, sizes, shapes, interior and exterior finishes, hardware, and more – or create an even more personalized design with our custom solutions.

- Sliding patio
- Folding
- Swinging patio
- Entrance
- Commercial

Glass

- Single, double and triple pane
- Various Low-E coatings
- Specialty & privacy glass

Insect Screens

- BetterVue® mesh
- UltraVue® mesh
- Aluminum mesh
- Retractable
- WaterShed™ Technology

Hardware

Available in numerous styles and finishes, plus chain and pulley systems and spoon locks for historical applications. Specialty hardware available upon request.

Accessories

- Brickmoulds & casings
- Sill nosing & drip cap
- Custom profiles

Universal Design & Automation

For ease of use, Kolbe integrates advanced technology or specialized hardware into a select variety of windows and doors.

Divided Lites

- Performance divided lites (beveled, ovolو & square profiles) in 5/8" to 4-1/2" widths
- True divided lites (beveled & ovolو profiles)
- Removable grilles

Wire Brush Finish

Wire brushing can be requested as a custom texture that adds character and detail to wood surfaces – the perfect complement to any rustic-styled home.

Wood Species

In addition to the standard pine, Heritage Series windows and doors can be constructed of other optional wood species that enhance their look. Pine and other wood species are sourced from managed forests. The Forest Stewardship Council® (FSC®)-certified wood species are also available for green building projects (FSC® license code FSC®-C019541).

Ask about additional available wood species.

Interior Finishes

For units that are ready to install upon delivery, Kolbe's Heritage Series windows and doors can be prefinished on the interior with one of the water-based stains or paints shown. Stained units are given two coats of satin clear finish. Because our interior finishes are water-based, low-VOC stains and paints, you can rest assured you've made an environmentally conscious decision. Custom colors may be requested as well.

Priming options available upon request.

*Applied as a single coat of paint, with some visible wood grain.

Stain colors are shown on pine. Since no two trees are identical, wood can be expected to differ both in color and graining. These factors will influence the stain's final color.

Most of Kolbe's windows and doors are constructed of Pine unless otherwise requested. Because wood species vary by nature, the wood used in our products may vary in grain and color. Please make selections using actual wood samples from your local Kolbe dealer.

Some options for our products may have limited color offerings or may incur a nominal charge. Check with your Kolbe dealer for further details on pricing and availability.

Printed images of wood species and stains may vary slightly from actual colors. Selections should be made based on actual color samples available from your Kolbe dealer.

Color-matched interior paint is available through any Sherwin-Williams retail store in the United States and Canada. The color formula for Kolbe's interior paint finishes is in their National Account System.

Kolbe® has been granted The Forest Stewardship Council® (FSC®) Chain-of-Custody Certification, as have many of our dealers.

Consult with your dealer about using FSC®-certified wood in your project (FSC® license code FSC®-C019541).

Exterior Colors

Most Heritage Series products are coated on the exterior with latex primer, ready for your choice of topcoat, with an optional urethane primer available on some products. Kolbe also offers K-Kron II – a durable exterior finish that enhances and preserves the look of these all-wood windows and doors by resisting cracking, peeling and fading to retain color and sheen.

White	Cloud	Ultra Pure White	Abalone	Alabaster
Camel	Mudpie	Nutmeg	Khaki	Sahara
Beige	Natural Cotton	Spiced Vinegar	Gingersnap	Truffle
Rustic	Shadow	Shale	Smokestack	Steel Gray
Slate	Castlerock	Timberwolf	Sapphire	Coastal Storm
