Strength

A Chain Is Only as Strong as Its Weakest Link

The Fund serves as a vehicle for school districts to obtain various forms of legal assistance when they are litigating issues of statewide importance. In many cases, the Fund's support of member districts has resulted in the creation of legal precedents that are favorable to public education.

Through the operation of the Fund, participating school districts have a voice in the decisions that shape their future. Such cooperative efforts have returned much more to member districts than the cost of their membership. Your district already has benefited from favorable court decisions handed down in various Fund cases. Please join your neighboring districts in contributing to the effort. Working together can make a difference.

Benefits

What Are the Long-Term Benefits of a Legal Assistance Fund?

In this age of increasing judicial influence over public education, the TASB Legal Assistance Fund helps to ensure that legal positions vital to school management are heard at all levels of the state and federal court systems.

Significant cases must not be lost through lack of support from the statewide public education community. The Fund is an investment in the future of public education.

TASB Legal Assistance Fund

An investment in the future of public education

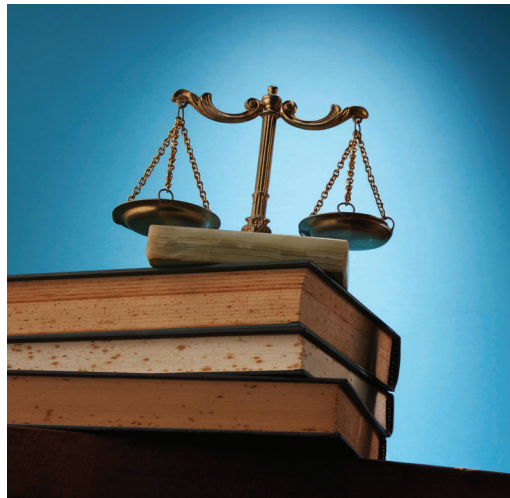

Established

More than 40 Years of Aiding School Districts

Established in December 1980, the Legal Assistance Fund is administered by a board of trustees made up of officers of the Texas Association of School Boards (TASB), the Texas Association of School Administrators, and the Texas Council of School Attorneys.

The Fund is designed to assist in litigation involving or affecting member school districts. The general purpose of the Fund is to help school districts defend challenges on issues that have a statewide effect on public schools.

Assistance

Help to Member School Districts with Briefs and Funding

Nearly three-fourths of all Texas school districts currently participate in the Legal Assistance Fund. To become members of the Fund, school districts make an annual contribution as follows:

- \$200 (ADA 1,599 or less)
- \$350 (ADA 1,600–5,000)
- \$500 (ADA more than 5,000)

In cases of statewide significance, the Fund provides assistance in the form of amicus curiae, or "friend of the court," briefs and occasional financial assistance. The Fund is not structured to provide boards with day-to-day, routine legal assistance, and membership in the Fund will not replace the need for school boards to retain their regular counsel.

Success
