**Subject:** BuyBoard - UT System's 2022 GPO Accreditation Program

Good morning, BuyBoard team.

Congratulations - I am pleased to inform you that, following a review of developments since your organization's previous, successful application for accreditation, **The University of Texas System (UT System) has decided to continue your organization's accreditation as a group purchasing organization (GPO)**. This will expire August 31, 2026, unless terminated earlier in line with our procedures.

We appreciate your cooperation in our recent review, and we will continue to evaluate our business relationship with you and any significant changes to your procurement processes. As previously agreed, please remember to notify us promptly in writing of any material change to the information provided to us, and bear in mind our right to audit your organization's records to validate the information you have furnished.

We plan to report this year's accreditation outcomes to the UT System Board of Regents in November.

Best, Paul
