

TRANSFORMING

BAPTIST for the FUTURE

New Campus Opening 2023

What?

Baptist's New Health Campus

- 10-story hospital and a six-story health center that will offer full service inpatient and outpatient care
 - Six-story multispecialty health center
 - Behavioral health unit for inpatient mental health treatment for children and adults
 - A beautiful campus that features plenty of green space, a park-like town square, walking paths and more
 - A \$615 million investment in the health of our community
 - Ability to grow to meet the evolving needs of our community
- (Visit [eBaptistHealthCare.org](https://www.eBaptistHealthCare.org) to get full details, view images and watch videos about our new campus.)

Where?

At the intersection of Brent Lane and I-110, Pensacola, Florida

When?

Construction is underway now, and the new campus will open in the fall of 2023.

Why?

Our community deserves the latest in modern and leading-edge health care in a welcoming environment that fosters comfort and healing. This new campus will be like no other, offering greater access, enhanced technology, specialty services and connection to nature that support a positive experience for patients, visitors and team members. The new health campus is the result of years of facility master planning that positions Baptist to continue implementing health care innovations well into the future. Continuing our founders' bold vision and legacy, Baptist is making this investment to transform care in our community and improve the quality of life for generations to come.

What happens next?

- Construction is underway. Our partners are already busy building a one-of-a-kind health care campus. Please visit our website frequently for progress and updates.
- Services at Baptist Hospital and Baptist Medical Towers continue. All programs and clinical care departments are open and ready to serve. Please allow us the honor of caring for you and your loved ones at our current locations and — when we open in 2023 — at our new campus.
- As we approach our move-in date, we will communicate plans well in advance to ensure a seamless transition for all.
