PROMOTING DIVERSITY, EQUITY & INCLUSION THROUGH SOCIAL IMPACT

At Hasbro, we're making a difference for children and families around the world through our core philanthropic focus areas: providing stability for children and families in crisis, equitable access to education, and increased resources for pediatric physical and mental health. We also advanced our **philanthropic strategy to promote diversity, equity and inclusion** across our business, industry and society. Telling the stories that shape the hearts and minds of the next generation is a great privilege and comes with a responsibility for every consumer to see themselves in our products, content and marketing, ultimately helping them be inspired and empowered. We are investing in underrepresented and marginalized communities, including but not limited to people who are racially diverse, people with intellectual disabilities, the LGBTQ+ community, and young women and girls, with a keen focus on creative skill development and leadership growth. Together with trusted nonprofit partners, we're empowering the next generation of innovators, creators and storytellers, and promoting equitable access to our industry.

MAKING THE WORLD A BETTER PLACE FOR ALL CHILDREN, FANS & FAMILIES
