# ABOUT THE CYCLONE NARELLE TOURISM BUSINESS SUPPORT PAYMENT

Cyclone Narelle caused widespread disruption across parts of regional Western Australia, impacting access, infrastructure and travel confidence. The tourism industry in affected regions has experienced significant consequences, with many operators facing booking cancellations, reduced visitation and unanticipated business losses.

The Western Australian Government recognises the vital contribution tourism makes to regional economies and local employment, and acknowledges that the impacts of Cyclone Narelle have placed immediate pressure on the cash flow and ongoing viability of tourism businesses. While operators have worked proactively to support visitors and manage operational disruptions, the scale of cancellations and lost trade has created challenges beyond the control of individual businesses.

On Sunday, 12 April, the WA Government announced a \$1.45 million support package which includes:

1. One-off business support payments of up to \$10,000 for businesses employing under four workers and up to \$20,000 for businesses employing four or more staff; and
2. A consumer incentive voucher program offering visitors 50 per cent off select tours and experiences and supporting marketing campaigns encouraging visitors to explore and support the Coral Coast region.

## **These guidelines are specific to 1. Business Support Payments.**

The Cyclone Narelle Tourism Business Support Payment is a targeted initiative designed to assist eligible regional tourism operators who have experienced cancellations and business loss as a direct result of Cyclone Narelle. The payment provides financial assistance to help offset the impacts of reduced revenue, cancelled bookings and disrupted operations, and to support businesses through current conditions.

The payment is not intended to compensate for all losses incurred. It is intended to provide timely support to assist tourism operators stabilise their businesses, maintain operations, and position themselves to recover as visitor confidence returns.

By supporting tourism businesses during this period, the funding aims to strengthen regional resilience and ensure affected destinations are well placed to welcome visitors back as recovery efforts continue.

Applications will remain open until 30 May 2026. Applications will be assessed and processed as received. It is expected that many applications will be received in a short period of time. All efforts will be made to undertake due diligence and assessment in a timely manner.
