DISCOVER ONE OF THE GREATEST ROAD TRIPS ON EARTH

HUT LAGOON, PORT GREGORY

ACCESSING THE REGION

By road: The Coral Coast is easily accessible via road, starting just 2 hours' drive north of Perth, at Cervantes and the Pinnacles Desert of Nambung National Park and stretching 1,100km north along the coastline to Exmouth and the World Heritage-listed Ningaloo Reef.

All major destinations and the majority of tourist attractions within the region are accessible by well-maintained sealed roads. Australian road rules should be followed at all times, and tourists should be mindful not to drive at dawn, dusk or after dark when wildlife is most active.

By plane: The Coral Coast is also easily accessible by plane from Perth, with airports in Geraldton, Monkey Mia, Carnarvon and Exmouth.

- Qantas flies from Perth to Geraldton and Exmouth
- Nexus Airlines flies from Perth to Geraldton.
- Regional Express Airlines (Rex) flies from Perth to Monkey Mia and Carnarvon.

THE CORAL COAST HIGHWAY

The Coral Coast Highway, between Perth and Exmouth, takes you to some of Australia's best known and most loved attractions and two of Western Australia's three World Heritage Areas - Shark Bay and Ningaloo. Your journey starts with charming fishing towns, the otherworldly Pinnacles Desert, friendly sea lions, hidden caves and picturesque wildflower country. Wander along walk trails, be awestruck at night by billions of stars and sample world-class rum at a local distillery before arriving to vibrant Geraldton with its rich maritime history. Soak up the city's culture, and take a flight or cruise to the pristine Houtman Abrolhos Islands. Continue on to explore the ancient gorges and striking coastal cliffs of Kalbarri, and see the world's oldest and largest living fossils and breathtaking landscapes in Shark Bay. Carnarvon, WA's food bowl, is the southern gateway to Australia's largest fringing reef - Ningaloo, where you can swim with the 'Big 3': whale sharks, manta rays and humpback whales. Coral Bay is a marine-lovers paradise, while Exmouth juxtaposes the beauty of the reef with the rugged splendour of the Cape Range National Park. Landscapes of every colour, incredible wildlife and marine interactions, foodie experiences and carefully crafted brews await.

THE CORAL COAST HIGHWAY

10 DAYS

1 APRIL TO 31 OCTOBER

BULLARA STATION STAY

DAY 1 FLY FROM PERTH OR MELBOURNE TO LEARMOUTH AIRPORT EXMOUTH

Take a morning flight from Perth to Learmonth Airport (gateway to Northern Ningaloo) with Qantas.

Collect your Avis hire car and drive north to Exmouth.

Once you have entered Exmouth, stop at the **Ningaloo Aquarium and Discovery Centre** to learn about the area. Explore the town's breweries and eateries and make sure you've booked your mega-fauna tour.

Consider driving from Exmouth town to the Ningaloo Reef for a snorkel. If you're time poor, the closest beaches to town and best for swimming are **Bundegi and Town Beach**.

If you're a diver then a dive of the **Navy Pier** is an absolute must do.

Stay: Exmouth

DAY 2 SWIM WITH SOMETHING BIG!

When visiting **Ningaloo Reef**, you must **swim** with one of the **Big Three!** Whale sharks, manta rays, humpback whales; also turtles, tropical fish and more.

All **mega-fauna tours** are a full day because our tour operators have world-class, life changing experiences to show you! These tours are offered in both Coral Bay and Exmouth. Whale sharks and humpback whales are seasonal. Manta rays are year round.

Stay: Exmouth or Coral Bay

Did you know? **Ningaloo Marine Park, off the coast of Exmouth and Coral Bay, is the only place in Western Australia where you can experience an in-water interaction with whale sharks, humpback whales and manta rays.**

DAY 3 EXMOUTH TO CORAL BAY

Get up before the sun - Exmouth is one of the few places where you can see the sun rise and set over the ocean.

Top spot to see sunrise is at **Shothole Canyon** or **Charles Knife Canyon**. The Exmouth Aerodrome where **Ningaloo Aviation** operates is near Charles Knife - why not consider a scenic flight over the Reef and Cape Range National Park?

Driving south to Coral Bay, stop in to **Bullara Station**, a top spot for homemade scones and barista coffee. Arriving in Coral Bay, consider an afternoon **Quad Bike & Snorkel** tour, exploring secret and hard to reach **Ningaloo Reef**

locations. Want to get in the water? Join a **glass-bottom boat tour** of the reef with snorkel opportunities.

Enjoy fresh surf (seafood) and turf (beef) at **Bill's Bar**.

Visit **Gwoonwardu Mia** Aboriginal Heritage and Cultural Centre which celebrates the region's Aboriginal heritage. Turning right onto World Heritage Drive, stop at **Shell Beach** before picnicking at the **Hamelin Pool Stromatolites**. Stop in to the **Shark Bay Discovery Centre** to learn about the area via displays; soundscapes, footage and interactive multimedia. Travelling with children? They will love the **nature playground** opposite the Centre.

Enjoy a **sunset wildlife cruise** from Monkey Mia before dinner.

Overnight: Denham or Monkey Mia

DAY 6

EXPLORE SHARK BAY

Wake up early to meet the Monkey Mia **bottlenose dolphins** who visit the shores daily from 7:30am. Afterwards, get up close to more of Shark Bay's natural attractions; join a **4WD day tour** to **Francois Peron National Park** for a rugged adventure, enjoy a picnic at **Little Lagoon**, indulge in a hot tub soak at **Peron Homestead**, or find **one of (many) private beaches** in Denham or Monkey Mia for kayaking or swimming. **Overnight:** Denham or Monkey Mia

DAY 7

SHARK BAY TO KALBARRI (385KM / 4.5HRS)

Driving south on the highway, take the turn for Kalbarri and stop into the **Kalbarri National Park**. Make sure to visit **Nature's Window**, the **Skywalk** precinct and **Meanarra Hill Lookout**. NEAR NINGALOO

Exmouth may be the northern gateway to the Coral Coast region and to the World Heritage-listed Ningaloo Reef, but it's also the gateway to some other incredible Western Australian destinations - Karijini National Park, the Mackerel Islands and Onslow.

Karijini National Park

Western Australia's second largest national park covers 672,422 hectares and is one of the state's top attractions. Karijini's breathtaking, ancient landscape has been carved out by billions of years of erosion, forming deep, plunging gorges, sheer red cliffs, towering waterfalls and sparkling pools, surrounded by rocky escarpments and beautiful bushland. It's home to a wide variety of wildflowers and native wildlife including kangaroos, rock wallabies, echidnas, dingoes, quolls and more. Hike the many walk trails into the gorges, take a dip in the natural waterholes, stay under a canopy of Milky Way stars and learn about the Aboriginal Dreamtime stories that created this spectacular place.

MACKEREL ISLANDS

Located north of Exmouth, 22km off the coast of Onslow, the Mackerel Islands are reached by a 30 minute scenic flight transfer with Ningaloo Aviation out of Exmouth (Learmonth Airport), or a 45 minute ferry transfer departing from Onslow every Tuesday and Saturday. A collection of 10 islands and atolls, the largest island in the group welcomes guests with accommodation, activities and tours, featuring a fringing reef, sandy beaches, secluded bays, gorgeous sunsets and wildlife encounters. Watch sea turtles nesting on the beach, glimpse dolphins, dugongs and whales playing in the waters, see a kaleidoscope of colourful tropical fish among the coral reefs while you snorkel, enjoy birdwatching and spotting the island's giant osprey nests, or reel in the catch of your life from the Pilbara's fishiest waters.

ONSLOW

A beautiful coastal town boasting a sunny climate and quintessential Aussie coastal lifestyle, Onslow is the gateway to the Mackerel Islands and has been shaped by its history of sheep and cattle farming, pearling and gold mining. Wander the streets to discover public art, explore local museums, pay tribute at the Onslow ANZAC War Memorial, or soak up an iconic Western Australian sunset.
