Visitor Factsheet - Further Information

The data in this factsheet refers to visitors who have spent at least one night in Australia's North West

Important Note

All data is sourced from Tourism Research Australia's International Visitor Surveys (IVS) and Domestic Tourism Statistics (DoTS).

Estimates in the 2025 factsheet are not comparable with previous factsheets due to changes in methodology. For further information, see [Change to domestic statistics](#) or [IVS Methodology](#) on Tourism Research Australia's (TRA) website.

To increase the sample size and hence improve the reliability of the data, international estimates are based on an average of two calendar years. Domestic results are available only for 2025 as the first year of DoTS methodology. Data is not published where sample size is deemed to be insufficient.

It is recommended by Tourism WA that the visitation statistics in this factsheet are used in conjunction with other information sources that you have access to. This might include [domestic visitor density](#) from TRA, population statistics from the Australian Bureau of Statistics, feedback from local operators, information from local Visitor Centres, data from local councils etc.

Visitation trends including visitors, nights and spend data is available for each of WA's Tourism Regions in a PowerBI report. See [Regional Insights](#) on Tourism WA's website and select the desired Region.

For more information contact research@westernaustralia.com.

Definitions

Domestic Visitors (Interstate): Australian residents aged 14 years and over who spent at least one night at a place at least 40km from their home in a different state to their home.

Domestic Visitors (Intrastate): Western Australian residents aged 14 years and over who spent at least one night at a place at least 40km from their home. Note, intra-regional travel is included, i.e. the home and stay may fall within the same region.

International Visitors: International visitors aged 15 years and over who spent at least one night in the Region and are staying in Australia for 12 months or less.
