

Baptist Occupational Health provides instant urine drug screenings.

For employers seeking a urine drug test that can provide faster results and to help eliminate the risk of human error, Baptist Occupational Health provides instant urine drug screenings. We provide the following tests for instant urine drug screenings:

- **5 Panel**

- Amphetamines (amphetamine, methamphetamine, MDMA, MDA)
- Cocaine
- Marijuana (THC Metabolite)
- Opiates (codiene, morphine, hydrocodone, hydromorphone, oxycodone, oxymorphone, 6-acetylmorphine)
- Phencyclidine (PCP)

- **10 Panel**

- Amphetamines (amphetamine, methamphetamine, MDMA, MDA)
- Barbiturates (butalbital, phenobarbital)
- Benzodiazepines (diazepam, oxazepam, temazepam)
- Cocaine
- Marijuana (THC Metabolite)
- Methadone
- Methaqualone
- Opiates (codiene, morphine, hydrocodone, hydromorphone, oxycodone, oxymorphone, 6-acetylmorphine)
- Phencyclidine (PCP)
- Propoxyphene

All non-negative instant urine drug screens are sent to a certified laboratory for confirmation testing.
