

Maintain production and communication at distance.

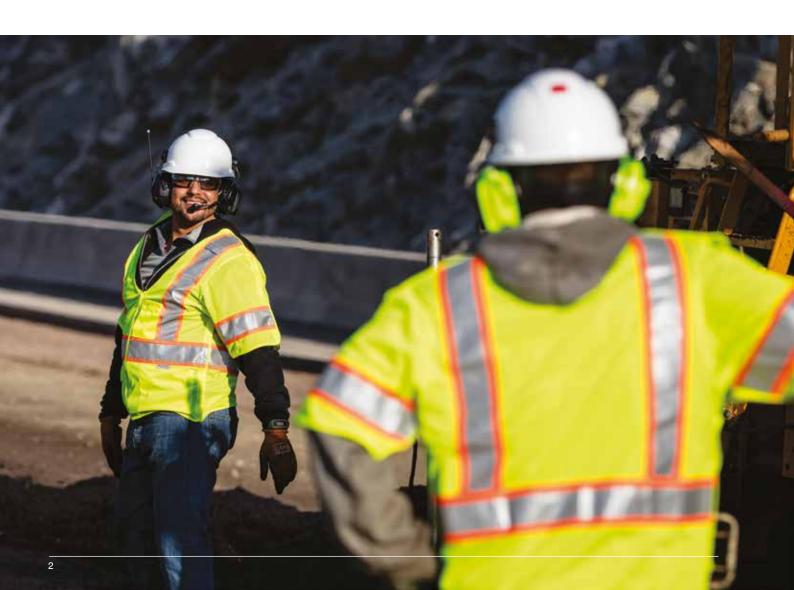

## Maintain production and communication at distance

First-class communication and hearing protection! There was a time when wearing hearing protectors meant being isolated and out of contact. Those days are over. Today, 3M™ PELTOR™ offers first-class communication solutions that not only make your working day safer and more efficient, but also much nicer!

3M™ PELTOR™ products are developed for all environments where high safety must be combined with communication. Industrial environments, construction sites, agriculture and forestry are a few examples.

We have developed several models to ensure there's a 3M<sup>™</sup> PELTOR<sup>™</sup> Headset for every situation. Headband models for all-round use, and models with helmet attachments for people who wear safety helmets at work.

With technologies such as Bluetooth® or level dependent, you'll find below easy to use headsets that will help keep production running while maintaining safe distance between workers.

#### The importance of wearing hearing protection 100% of time exposed

100% usage Gives the expected protection.

99% usage Just five minutes of carelessness per day significantly reduces the effect of the hearing protector.

90% usage Virtually no protection.

#### Safety

To be effective, a hearing protector should be used 100% of the time in noisy environments. Even taking it off for a short time dramatically reduces its effectiveness and greatly increases the risk of hearing damage. The 3M™ PELTOR™ Communication Solutions encourage longer use because the wearer feels less isolated and can communicate with others more easily.

#### **Function symbols**

To help you to understand the functionality of the products you will find below symbols on each product page.

Hearing protection with level-dependent function for ambient listening

Hearing protection that features Bluetooth® technology, for wireless connection to mobile phone, or communication radio

Hearing protection with built-in two-way radio

Hearing protection with built-in FM radio receiver

Hearing protection with external audio input

Hearing protection for communication with external two-way radio

#### 3M™ PELTOR™ LiteCom

With 3M™ PELTOR™ LiteCom communicating in noisy environments has been made easy – and safe. LiteCom is a tough and rugged headset designed to cope with demanding use in many different working environments.

The built-in two-way radio has got 8 channels with 38 subchannels, and has a range of up to 3km. It lets you talk hands-free and work safely regardless of harmful noise levels.

#### **Features and Benefits:**

- Hearing protector (SNR: 32dB)
- Pre-programmed analog two-way radio integrated
- 8 channels in the PMR 446MHz band
- 38 subchannels
- Range of up to 3km depending on conditions
- Voice operated transmission (VOX)
- Auto power off function
- Battery status indication
- Voice guided menu system

#### 3M™ PELTOR™ LiteCom Plus

3M™ PELTOR™ LiteCom Plus is based on LiteCom robust design with a number of added features. A built-incommunication radio allows two-way conversation on up to 16 channels, and has a range of up to 3,000 meters. This is a fully integrated headset without any exposed cords. It lets you talk hands-free and work safely regardless of harmful noise levels. Active level-dependent filtering of ambient soundensures you are not isolated from your immediate surroundings, but can still hear alarms, unexpected sounds and calls for help.

#### **Features and Benefits:**

- Hearing protector (SNR: 33dB)
- Pre-programmed analog two-way radio integrated
- 16 channels in the PMR 446 MHz band and 121 subchannels
- IP54 certified
- Range of up to 3km depending on conditions
- Level dependent technology for situational awareness
- A separate audio input enables connecting equipment such as mobile phones or external two-way radios
- Voice operated transmission (VOX)
- Auto power off function
- Voice guided menu system
- Noise cancelling waterproof microphone (IP68)

#### Connects with

• Two-way radio (via flex cable)

#### 3M™ PELTOR™ WS™ LiteCom Plus

3M™ PELTOR™ WS™ LiteCom Plus with Bluetooth® opens up a world of communication with your built-in two-way radio headset at the hub. You become a mobile, hands-free communication center, the built-in two-way radio and wireless connections to your computer and cell phone. You can take your calls, or stream music thanks to electronics that let you switch easily between functions. The level-dependent technology lets you hear ambient sounds such as external alarm signals or approaching vehicles. It also allows face to face communication at close distance. Robust design (IP54 certified), clear controls and an intuitive menu system.

## 3M™ PELTOR™ **Communication Solutions**

#### 3M™ PELTOR™ WS™ ProTac XPI

The 3M™ PELTOR™ WS™ ProTac XPI Headset is equipped with a level-dependent function for situational awareness and communication. The headset features Bluetooth wireless technology and can also be connected via a jack to provide high quality communication and streaming.

The level-dependent function helps you hear ambient sounds such as external alarm signals or approaching vehicles. It also allows face to face communication in quiet environments.

#### Features and Benefits:

- Hearing protector (SNR: 31dB)
- Noise cancelling speech microphone for clear communication in noisy environments
- · Stainless steel wire headband for comfortable and consistent pressure
- Bluetooth® wireless technology for communication and streaming high quality stereo sound
- Level-dependent function for situational awareness and communication
- External radio connection jack (only available in FLX2 Connector version)
- Easy to use with four button operation
- Ghost voice guided menu system
- Auto power off in 2 hours from last activation
- · Also available as neckband or helmet attachment

#### Connects with

- Bluetooth compatible devices
- Two-way radio (via FLX2 connection)

## 3M™ PELTOR™ **Communication Solutions**

## 3M™ Versaflo™ Helmets M-300 Series with 3M™ PELTOR™ LiteCom solutions

M-300 Series Helmets meet the highest powered respirator performance requirements (TH3) for this type of product when used with specific 3M™ Air Delivery Units. Now approved to be used with 3M™ PELTOR™ LiteCom headsets, M-300 Helmets offer you the possibility to communicate effectively whilst protecting your hearing in noisy environments.

#### **Features and Benefits:**

#### Highly versatile rigid headtops

- Head protection approved according to EN 397
- Integrated protection from multiple hazards (e.g. respiratory, impact, splash hazards)

#### Modern, well balanced design

- Lightweight with excellent balance
- Fully-adjustable head suspension
- · A deflector allows users to direct the airflow inside the headtop for increased control and comfort

#### Visor design

- Visor design combines excellent peripheral and downward vision with good optical clarity
- · Lenses provide chemical and scratch resistance

#### **Typical applications**

- · Smelting and foundry applications
- Grinding
- Chemical processing and plant maintenance
- · Agricultural applications
- · Construction and renovation
- Demolition
