## About us

**Your policy** is arranged by Smart Insurance. Smart Insurance is a trading name of Neilson Financial Services Limited, who is an insurance intermediary, and is authorised and regulated by the Financial Conduct Authority and entered on the Financial Services register under reference no. 594926.

Neilson Financial Services Limited is registered in England and Wales under no. 07986483. Registered Office, 2 Windsor Dials, Arthur Road, Windsor, SL4 1RS.

**Your policy** is issued, underwritten and administered by Scottish Friendly Assurance Society Limited who is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and entered on the Financial Services register under reference no. 110002, with permission to effect and carry out contracts of insurance.

Scottish Friendly Assurance Society Limited is a friendly society incorporated and registered under the Friendly Society Act 1992, whose registered office is at Galbraith House, 16 Blythswood Square, Glasgow G2 4HJ.

Information about **our** business, performance and financial position, and details on how **we** control **our** business and manage risks can be found in **our** Solvency and Financial Condition Report (SFCR) available on **our** website

[www.scottishfriendly.co.uk/customer-centre/solvency-two](http://www.scottishfriendly.co.uk/customer-centre/solvency-two)

## The Financial Conduct Authority (FCA)

The Financial Conduct Authority is a financial services regulator. It requires Scottish Friendly, to give **you** this important information to help **you** to decide whether **our** Smart Life Insurance with optional covers is right for **you**. **You** should read this document carefully so that **you** understand what **you** are buying, and then keep it safe for future reference.

## Which service will Smart Insurance provide you with?

Smart Insurance arrange the **policy** on **our** behalf. **You** do not pay Smart Insurance for doing this. **We** send Smart Insurance a commission which is a percentage of the total monthly **premium we** expect to be paid over the entire duration of **your policy**.

**You** will not receive advice or a recommendation from Smart Insurance nor will they charge a fee for this service. Smart Insurance may ask some questions in order to provide a quotation. **You** will then need to make **your** own choice about how to proceed. Smart Insurance only offer protection insurance products from Scottish Friendly.

## What are the policy types?

We know that everyone has different needs, so we have two policy types available:

- Age Based premium or
- Level premium.

Both policy types are flexible which allow you to apply for changes if your circumstances change. For example, you may be able to increase your benefit amount if you move to a larger home, or decrease it when the children leave home and you decide it's time to downsize. Maybe your financial situation changes and you decide you would like even more peace of mind by adding Critical Illness cover, Children's cover or increasing your Accidental Death cover.

### Age Based policy type – How does it work?

With an Age Based policy, the premium is recalculated each year at your policy anniversary; gradually increasing in line with your age.

Your monthly premium will start lower compared to its equivalent on a Level policy type, so this may appeal to those on a tight budget during the early years of holding the policy.

Plus, with an Age Based policy, you can keep it for the rest of your life (whole of life) rather than deciding on a fixed term.

**Automatic benefit amount increases:** The Age Based policy features a 5% automatic annual increase to your chosen benefit amount for your life insurance and any optional cover you have.

- This increase is not subject to further health and lifestyle questions.
- It is applied automatically to your policy on your policy anniversary each year for 10 consecutive years from the policy start date.

For example, a benefit amount of £100,000 will increase by 5% to £105,000 after the first policy anniversary and will reach £150,000 after 10 years, as shown in the chart below.

The automatic benefit amount increase is a great way of increasing your benefit amount gradually over the years, for example as your family or mortgage grows.

You will be sent a new schedule each year, which will show your new monthly premium recalculated based on age and the new benefit amount. At this point you have the flexibility

of deciding to accept the benefit amount increase, in which case you wouldn't need to do anything, or you can let Smart Insurance know if you wish to opt-out of it. If you change your mind, you can still opt back into the 5% benefit amount increases within the 10 years, whatever suits your needs best.

### Level policy type – How does it work?

Our Level policy is great for people who want certainty, knowing that their increasing age will not affect their monthly premium – it will stay the same each year.

- With our Level policy, you have the choice of a fixed term from 10 to 40 years.
- Once you have been covered for the length of the term you choose, your policy will end.

It is important to note that as the value of the benefit amount you choose at the start of the policy will not increase, it may not keep up with inflation.

The 5% automatic benefit amount increase is not available on a Level policy. You can ask Smart Insurance to make changes to your policy, however these changes may be subject to payment of an additional premium based on your age and further health and lifestyle questions at the time of the request.

## How much does Smart Life Insurance cost?

The amount of premium payable will depend on:

- the benefit amount(s);
- whether you add the optional cover(s);
- the policy type you choose; and
- your personal circumstances, for example your age, your health, lifestyle, family history and occupation.

The amount of premium payable will be stated in your schedule which will be sent to you at the time you are accepted for cover.

## General information

This section applies to Smart Life Insurance and any other optional covers chosen.

### What is my responsibility under the policy?

When **you** hold a Smart Life Insurance **policy**, it is **your** responsibility to:

- answer all the questions asked by Smart Insurance truthfully, accurately and completely to the best of **your** knowledge when applying for **your policy**.
- check **your statement of fact** and inform Smart Insurance if there is anything that is inaccurate or incorrect. The **statement of fact** shows **your** health information and is sent to **you** once **you** have been accepted for cover.
- ensure regular monthly **premiums** are paid for the duration of the **policy**.
- tell Smart Insurance when **you** change personal details e.g. name, address or bank details.
- check **your policy** annually, to ensure that it continues to meet **your** requirements.

### What are the things to consider?

#### No cash-in value

The **policy** has no cash-in value at any time.

#### Benefit may not be paid

If **you** do not disclose relevant and accurate information asked for when **you** apply for **your policy** and **you** do not let Smart Insurance know of any inaccuracies in the **statement of fact** that will be sent to **you** immediately after **your** application, **your** claim may not be paid and **your policy** may be cancelled, or only part of **your benefit amount** may be paid, depending on the circumstances.

#### Affordability

If **you** choose an Age Based **premium policy**, the **premium** payable will increase each year on **your policy anniversary**. This option may appeal to those initially on a tight budget, but **you** will need to remember that as **you** grow older, the **premium** will increase each year and if the **premium** payments cannot be met, then **your policy** will end and **you** will receive nothing back.

**You** can decrease **your premium** payments and **benefit amount** at any time, subject to the minimum **benefit amounts** available. Please contact Smart Insurance if **you** need any help with affordability.

#### Missed premiums

If two consecutive **premium** payments are missed when due, **your policy** will end with no value and cover under this **policy** will no longer be provided.

#### Effects of inflation

If **you** choose a Level **premium policy**, the **benefit amount** and the **premium** payable is fixed when **your policy** starts and does not change. The value of the **benefit amount** **you** selected may not keep up with inflation and as such the value may reduce over time.

#### Inheritance tax

In the event of **your** death and the **policy** paying out to the estate, there may be an inheritance tax requirement. **You** may be able to avoid inheritance tax by using an appropriate trust.

If **you** require any additional information or are unsure about what to do, please speak with a financial advisor or solicitor. The Government may change the tax position described above.

## How do I cancel the policy?

**You** have 30 days from the date on which **you** receive **your policy** documents to make sure **you** are happy with **your** cover, and decide whether **you** want to keep it.

If **you** want to cancel **your policy** or any optional covers, **you** must contact Smart Insurance within this period for a full refund, subject to no valid claim being made.

If **you** cancel **your policy** after the 30 day period then **you** will not receive any refund of **premium**. To cancel any optional covers **you** add after **your policy start date**, **you** must contact Smart Insurance within 30 days from the date **you** receive **your** updated **schedule** for any related **premium** to be refunded.

To cancel, please contact Smart Insurance:

 Customer Services – Smart Insurance,  
PO Box 6063, Windsor, SL4 9GL

Please supply **your policy** number so that **your** complaint can be dealt with promptly. If **we**, or Smart Insurance, cannot resolve **your** complaint immediately, an acknowledgment letter will be sent to **you** within five working days. In the unlikely event that **your** complaint is not resolved to **your** satisfaction or after 8 weeks, **you** may refer it to the Financial Ombudsman Service (FOS) at:

## What is the Financial Services Compensation Scheme (FSCS)?

Both **we** and Smart Insurance are covered by the FSCS.

**You** may be entitled to compensation from the scheme if either party cannot meet their respective obligations under the **policy**. The circumstances of **your** claim will determine whether **you** can make a claim and the amount **you** can claim. # General conditions and information about your policy

This section applies to the Smart Life Insurance cover and any other optional covers selected.

## 1. Policy types

We have two **policy** types to choose from; Age Based **premium** or Level **premium**. Both **policy** types are flexible which allow **you** to apply for changes if **your** circumstances change.

### 1.1 Age Based policy

With an Age Based **policy**, **your policy** can be kept for the rest of **your** life (whole of life), provided **premiums** are paid. **Your premium** is based on **your** age and is recalculated each year at **your policy anniversary** gradually increasing in line with **your** age.

**Automatic benefit amount increases:** **your** Age Based **policy** features a 5% automatic annual increase to **your** chosen **benefit amount** for **your** life **insurance** and any optional cover **you** have. This increase is not subject to further health and lifestyle questions. It is applied automatically on **your policy anniversary** each year, for ten consecutive years from the **policy start date**.

Example: If **you** have chosen a £100,000 **benefit amount** at the start of the **policy**, the next year **you** will be covered for £105,000. At the end of ten years, assuming **you** don't opt out of the increase, **your benefit amount** would be £150,000.

The automatic increase to **your benefit amount(s)** will continue even when the maximum **benefit amount** at the **start date** is met or exceeded.

**You** will be sent a new **schedule** each year at least 30 days before **your policy anniversary**, which will show **your** new **benefit amount** with the 5% automatic increase included and **your** new monthly **premium**, recalculated based on age and the automatic increase.

At this point **you** can decide to accept the **benefit amount** increase (in which case **you** wouldn't need to do anything), or if **you** wish to opt-out of it, **you** can contact Smart Insurance to let them know (in which case a replacement **schedule** will be issued, showing **your** rise in **premium** based on age only). If **you** change **your** mind, **you** can still opt back into any future 5% **benefit amount** increases remaining in the 10 year period.

### 1.2 Level policy

The **benefit amount** and the **premium** payable are fixed when **your policy** is accepted and remains fixed throughout the **term** of the **policy**. **You** chose a **term** between 10 and 40 years and the cover will end at the earliest of **your** selected **term** or on the **policy anniversary** on, or following, the attainment of age 79.

## 2. Premium payments

**Your premium** will be debited from **your** nominated bank account monthly on the date of **your** choice.

All **premiums** are to be paid in **United Kingdom** currency (£ sterling) from a **United Kingdom** bank account.

**Your premium** is based on the following: the **benefit amount**, any optional covers, the **policy** type **you** have selected and **your** personal circumstances, for example, age, health and lifestyle, family history and occupation.

## 3. Missed premium payments

As soon as one **premium** payment is missed, Smart Insurance will attempt to contact **you** to discuss **your** payment arrangements and may also reattempt collection of **your premium** from **your** nominated bank account.

If two consecutive monthly payments are not paid, this **policy** will automatically end with no value and **we** will have no further responsibility in respect of this **policy**. At **our** absolute discretion, **we** may reinstate the cover if the outstanding **premiums** are paid to **us** in full, although **we** reserve the right to make any variation in the cover provided.

## 4. Changing your insurance

### 4.1 Changes you can make

**You** may apply, at any time, to change **your policy** during the period of **insurance**, however, **we** cannot guarantee that **we** will be able to make the changes **you** request.

Any changes accepted may be subject to payment of an additional **premium** based on age and further health and lifestyle questions at the time of the request.

If **your** changes are accepted, **you** will receive confirmation of these changes including, if applicable, a new **schedule**. The new **schedule** will replace all previous versions issued.

**You** can apply to make changes to **your policy**, including; updating personal details, adding on an optional cover or changing the **benefit amount**.

If **you** have stopped smoking for more than 12 consecutive months and wish to change **your** smoker status for the purpose of reassessing **your insurance premium** rating, **you** may apply to do so.

### 4.2 Changing your benefit amount

If at any time **you** decide **you** would like to apply to increase the **benefit amount**, **you** will not be eligible for the increased amount if a valid claim occurs during any applicable **deferred period**. In the event of a valid claim, if a **deferred period** applies, **we** will only pay the **benefit amount** which **we** would have paid had **you** not increased the **benefit amount**.

If **you** request to increase the **benefit amount**, this will be subject to further questions about **your** health. The **benefit amount** increase will also be subject to the maximum **benefit amounts** available.

If **you** wish to do so, **you** can reduce the **benefit amount** at any time, subject to the minimum **benefit amount** that is available. If **you** do reduce the **benefit amount**, the **premium** will be reduced accordingly.

### 4.3 Changes we can make

**We** can change the terms and conditions of **your policy** that **we** reasonably consider are appropriate. These changes could affect the amount and type of cover provided under the **policy**. **We** may also make changes due to the result of a change to any applicable legislation or regulation of taxation.

If **we** do decide to make any changes to **your policy**, Smart Insurance will write to tell **you** at least 28 days before the change takes effect.

### 4.4 Changes to your medical circumstances after the policy starts

If, after the **start date**, **you** suffer symptoms of, or are diagnosed with, or has treatment for any new medical condition which **you** were unaware of before the **start date**, this will not affect the **policy** and **you** do not need to notify Smart Insurance of this change.

## 5. Annual review of cover

It is **your** responsibility to review the cover annually to ensure it remains adequate for **your** needs.

## 6. Multiple policies

If **you** are covered under more than one Smart Life Insurance **policy**, the maximum **benefit amount** limit is applied. In the event of a claim, should **we** need to reduce the **benefit amount** payable due to the maximum limit being exceeded, **we** will reduce the **benefit amount** of the Smart Life Insurance **policy** most recently commenced and any appropriate **premiums** will be refunded in respect of the ineligible **benefit amount**.

## 7. Governing law

This **policy** is governed by the laws of England and Wales unless, at the **policy start date**, **you** are resident in Scotland, in which case this **policy** is governed by the laws of Scotland.

All **policy** communication will be in English.

If any information or documentation that would reasonably be required to assess the claim is not provided by the claimant, **we** will not be able to process the claim until the information or documentation is made available.

Once the claim is accepted, **we** will pay the **benefit amount** due to **you** or the person who is legally entitled to it, whichever is appropriate.

If applicable, **we** will refund any **premium(s)** collected after the date of death in respect of the **life insured**, or the date of diagnosis or certification by a **medical specialist** where a valid claim is made in respect of the **life insured**.
