

General Pest Control Service

Protecting your home and family from unwanted pests is more than just an inconvenience. These pests can pose health risks or cause property damage. Gold Star Exterminators are trained professionals who will provide expert, high quality services on a one-time, monthly, bi-monthly, or quarterly basis.

Your Initial Service

This service typically includes a perimeter spray, spider web removal, wasp nest knock down, and an interior baseboard spray. You will be notified by an automated call, text, or e-mail two weeks before your scheduled treatment

- **Perimeter Treatment-** A perimeter treatment is applied to the foundation of the structure and three feet out along the ground. This creates a wide barrier that will help prevent crawling insects from entering your home or business. We also will treat around doors, windows, and weep holes.
- **Spider Web Removal-** Spider webs are removed from the structure. This is done because spider webs can be unattractive, spiders rely on webs to catch food, and so that your technician can monitor for spider activity.
- **Wasp Nest Knockdown-** Wasps have a painful sting and can swarm in defense of their nest. They are often found under building eaves. Your technician will treat these nests and remove them from eaves if possible. If you spot additional nests after your service was completed, a technician can return to treat accessible nests for a \$45 trip charge.

Pests Included In Your Ongoing Service and Warranty

American Cockroaches, Oriental Cockroaches, Brown Banded Cockroaches, Ants, Spiders, Paper Wasps, Scorpions, Earwigs, Millipedes, Silverfish, Springtails, Pill Bugs, and Centipedes.

- *Some ants are considered specialized pests (see below) and can be treated for an additional charge.*
- *Flying insects may require a specialized service for treatment. These are available at an additional charge.*

Specialized Pests Treated For an Additional Charge

German Cockroaches, Ticks, Fleas, Yellow Jackets, Bees, Carpenter Ants, Acrobat Ants, Cut Ants, Crazy Tawny Ants, Crickets (seasonal), Mosquitoes, Moles, Rats, Mice, Termites, Fruit Flies, Gnats, Household Flies, Bed Bugs, Hornets, and Animal Trappings, and Wasps that are difficult to access.

Warranty

We want you to be completely satisfied with the level of service you receive from us. If you are not completely satisfied with the results of your service, we will come back out and retreat areas where the problem persists at no additional charge. *It is important to review which pests are covered by your warranty and which pests require specialized services with a separate charge* **One-time services have a thirty-day warranty, while bi-monthly and quarterly services have a 60-day warranty.** If a re-service is needed, it will be scheduled when the technician is back in your area.
