

When life goes online, we are still **#HereForYou.**

Remote technical support

Online and digital options for:

Line trials and surveys

Learning courses

Color consultations

Trade shows and webinars

Helping you thrive with digital tools and remote experiences

Now, more than ever before, online and remote capabilities are essential to keeping our industries running.

As your global partner, PPG remains committed to supporting you in a variety of new ways. We have adapted to the current crisis and its unprecedented challenges by developing digital tools and personalized remote experiences – from trade shows and color consultations to technical support and line reviews.
