

# Increase Your Energy Efficiency - Reap the Rewards

The Sustainability Initiative by Bord Gáis Energy rewards customers with Energy Credits as you take steps to create a more energy efficient home with Energlaze.

# The Sustainability Initiative by Bord Gáis Energy rewards customers with Energy Credits as you take steps to create a more energy efficient home with Energglaze.

## How does it work?

- Choose Energglaze to carry out your Home Energy Upgrades.
- An Energglaze representative will assess your home and explain your Energy Credit entitlement and how much money you can save thanks to Bord Gáis Energy.
- Bord Gáis Energy Credits will be deducted from the total value of qualifying upgrade works, saving you money.

**Bord Gáis Energy Credits** can be redeemed whether you are a Bord Gáis Energy customer or not – should you choose to switch providers, you could save even more money and enjoy further rewards for switching!

These savings are in addition to any SEAI Government Grant for upgrading your home – so don't delay and start your journey to a greener, warmer home every step of the way with **Energglaze**.
