3 TERM OF BOILER CARE AGREEMENT AND TERMINATION

3.1 Term and renewal: Your Boiler Care Agreement provides for a Boiler Service Visit and Boiler Safety Check. It also includes up to €1,200 (including VAT) worth of labour and certain parts (as set out in Annex 1) in the case of a breakdown of the Boiler for each Contract Year during the term of the Boiler Care Agreement. If you are a customer who pays by Direct Debit, the Boiler Care Agreement will automatically renew from year to year (and your Direct Debit payment will continue to be taken) from the date on which the Boiler Care Agreement comes into effect in accordance with clause 3.2, unless (i) you terminate it by giving us notice in accordance with clause 3.6, or (ii) we terminate it by giving you notice in accordance with clauses 3.8 or 3.9 (whichever is earlier). If you did not choose to pay Bord Gáis Energy by Direct Debit, you may renew your Boiler Care Agreement by contacting us at the end of your Boiler Care Agreement. We will always send you an Annual Notification to remind you in accordance with Clause 3.5. Bord Gáis Energy may increase the charges for 365 Boiler Care from time to time provided that notice of the new charge rate is included in the letter of notification reminding you of your annual Boiler Service Visit as set out in Clause 3.5.

3.2 Commencement: When you order 365 Bord Gáis Boiler Care, Bord Gáis Energy may run a credit check against you and perform a full eligibility check on the Boiler at a time and date agreed with you. If we choose to carry out either or both of these checks and they are satisfactory to Bord Gáis Energy, the Boiler Care Agreement will come into effect from either (i) the date that we notify you that the credit check is satisfactory to us or (ii) the date that we notify you that the Boiler is suitable for 365 Boiler Care, whichever is the later.

Bord Gáis Energy will not be obliged to commence or continue a Boiler Service and/ or Boiler Safety Check unless it is satisfied with your credit check results and/or the full eligibility check on the Boiler, and that no Health and Safety issue exists which would mean it would be inappropriate, unsafe or otherwise unsuitable for the Boiler Service and/or Boiler Safety Check to commence or continue. For the avoidance of doubt, this will include circumstances where Bord Gáis Energy determines that the Boiler is inaccessible, due to the enclosure or compartment in which it is located, so as to impede the Service Engineer commencing or continuing with the Boiler Service and/or Boiler Safety Check. Please see clause 15 for further information. Upon termination of the Boiler

Care Agreement, Bord Gáis Energy will have no further obligations to you in respect of the Boiler or otherwise under the terms of the Boiler Care Agreement.

In circumstances where we determine that we are not in a position to commence or continue the Boiler Service and/or Boiler Safety Check due to a Health and Safety issue, we will charge you a cancellation fee equal to €30. Boiler Service Visits will be conducted during normal working hours (8am to 8pm Monday to Friday and 8am to 6pm on Saturdays excluding bank holidays and public holidays in Ireland), unless otherwise agreed between the Parties. If the issue preventing the Boiler Service and/ or Boiler Safety Check from proceeding or continuing is removed and the appointment is rescheduled by you within 10 working days of the most recent Boiler Service Visit, we will refund the cancellation fee of €30.

3.3 Your Responsibilities: It is your responsibility to provide the Service Engineer with the necessary access to the Property at the time of our appointment(s) to carry out the Boiler Service and/or Boiler Safety Check. If we are not able to gain access to your Property at the time of any appointment, because you are not available to provide access we will not be able to carry out the Boiler Service and/or the Boiler Safety Check and it is your responsibility to arrange another appointment.

If we are not able to gain access to your Property at the time of an appointment, we will inform you that we were not able to carry out the Boiler Service and/or Boiler Safety Check for this reason and we will charge you a cancellation fee equal to €30. You are also responsible for making sure that (a) we can safely access your Property, which includes providing safe access to your Boiler; and (b) there is sufficient gas in the system to allow the Boiler Service and/or Boiler Safety Check to be completed (applicable to pre-pay meters only). In circumstances where we are not in a position to proceed with the Boiler Service and/or Boiler Safety Check due to (a) or (b), we will inform you of this and charge you a cancellation fee equal to €30.

It is also your responsibility to take care in or around areas where work is taking place during a Boiler Service Visit and to ensure that any children or animals in the Property are kept away from any area where work is being carried out or equipment is being stored and all areas in between.

3.4 Cancellation: In circumstances where you order 365 Boiler Care over the phone, you may cancel your Boiler Care Agreement without charge within fourteen (14) working days of receiving these Terms and Conditions, without giving a reason and without charge by calling our customer service representatives on 01 611 01 01 or by email to homecare@bordgais.ie, unless the Boiler Service and/or Boiler Safety Check has been carried out

before the end of this period with your agreement. Otherwise, you can cancel the Boiler Service Visit without charge up to 24 hours before the Boiler Service Visit is due to be carried out by calling our customer service representatives on 01 611 01 01 or by email to homecare@bordgais.ie. The Boiler Service Visit may be rescheduled by you at the time of cancelling it, or at a later date during the term of the Boiler Care Agreement, to a new date and time agreed with us. If you cancel less than 24 hours before the time of the Boiler Service Visit, we will charge you a cancellation fee equal to €30. You will also be deemed to have cancelled with less than 24 hours notice if, without at least 24 hours prior notice to us, the Service Engineer cannot access your Property to carry out the Boiler Safety Check and/or Boiler Service at and on the agreed time and day.

- 3.5 Annual Notification:** You will be sent a renewal notification annually by Bord Gáis Energy. If you are a Direct Debit customer, you will be provided with a three-month period during which a Boiler Service appointment can be arranged. If you do not arrange the annual Boiler Service during this three-month period, your Boiler Care Agreement will automatically terminate at the end of this current Contract Year and you will receive a notification of this termination on the expiry of the current Contract Year, as set out in Clause 3.8 below. If you wish to renew your 365 Boiler Care in circumstances where you have not had a Boiler Service in the preceding 12 calendar months, you will need to arrange for a Boiler Service Visit so that Bord Gáis Energy can set up a new Boiler Care Agreement for you, and cover for you Boiler will only be effective from the commencement date of the new Boiler Care Agreement. If you did not choose to pay Bord Gáis Energy by Direct Debit, you will receive a renewal notification which will prompt you to call us to arrange a Boiler Service appointment, so that Bord Gáis Energy can set up a new Boiler Care Agreement for you, and cover for your Boiler will only be effective from the commencement date of the new Boiler Care Agreement.

- 3.6 Termination:** If you no longer wish to have your Boiler serviced by Bord Gáis Energy after the initial term of the Boiler Care Agreement, you may terminate the Boiler Care Agreement:
- (a) by calling our customer service representatives on 01 611 01 01; or
 - (b) by electronic mail to homecare@bordgais.ie

after the Annual Service Date the full amount payable for 365 Boiler Care (as set out in the letter of notification reminding you of your annual Boiler Service Visit); or

 - (b) you default in making any payment due to us;
 - (c) in the opinion of a Service Engineer, there is a Health and Safety issue (which will be reported to you where relevant) that means it is inappropriate, unsafe or otherwise unsuitable for the Boiler Care Agreement to continue or proceed; or
 - (d) in the opinion of a Service Engineer, your Boiler can no longer be maintained in good working order by the provision of replacement spare parts or your Boiler is damaged beyond economic repair otherwise than through default of Bord Gáis Energy.

- 3.10** Upon termination of the Boiler Care Agreement in accordance with clause 3.8 or 3.9, Bord Gáis Energy will have no further obligations to you in respect of the Boiler or otherwise under the terms of the Boiler Care Agreement. - 4.5 The Service Engineer will advise you of the nature and cost of any required labour and/or parts outside the scope of 365 Boiler Care (which includes labour referred to at clause 4.4) prior to commencing any work at all on your Boiler and will only proceed with your agreement. You do not have the right to assign, transfer or subcontract the Boiler Care Agreement except to the new owner of the Property, and you may only assign the Boiler Care Agreement to the new owner of the Property for the remainder of the current Contract Year. After the expiry of the current Contract Year, the new owner will need to enter into a new Boiler Care Agreement with Bord Gáis Energy if they want to continue to receive 365 Boiler Care or any of our other boiler care products. No refund will be made for any unexpired part of a Contract Year for which the annual payment has been made.

10.2 For business reasons, we have the right to assign or transfer all of our rights and obligations under the Boiler Care Agreement to any other company or person.

11 CONDITION OF CENTRAL HEATING BOILER

11.1 Servicing of a central heating boiler does not imply that it is manufactured or installed satisfactorily or to the prevailing standards or regulations. We do not accept responsibility for any inadequacy attributable to the original design or installation of the Boiler and make no warranty as to fitness for purpose or condition.

11.2 No responsibility or liability is accepted for the quality or condition of any equipment in the Property, at the time of the Boiler Service (including, without limitation, any equipment (such as the Boiler), pipework, cables, connections, controls, water supply pipes, electrical, flues or chimneys).

12 USE OF SUBCONTRACTORS

12.1 We reserve the right to use sub-contractors to carry out all or any part of the works to be provided pursuant to the Boiler Care Agreement.

13 GENERAL LIMITATIONS OF OUR OBLIGATION

13.1 We shall not be liable if any work is carried out on the Boiler, appliance or system by any other party, other than by a subcontractor acting on our behalf. Any such action will give us the immediate right to terminate the Boiler Care Agreement. You agree to indemnify us and keep us indemnified in respect of any actions, claims or proceedings brought against us and all loss, damage, costs and expenses which we may incur as a consequence of any work carried out on the Boiler, appliance or system by any party other than Bord Gáis Energy without our prior written consent.

13.2 We shall not be liable if we, and/or the Service Engineer, are unable to carry out our obligations due to industrial disputes or any other cause outside our reasonable control, including but not limited to Acts of God, explosion, flood, lightning, tempest, frost, inclement weather, fire or accident, war or threat of war, sabotage, insurrection,

civil disturbance or disorder, acts, restrictions, regulations, bye-laws, prohibitions or measures of any kind on the part of any governmental authority, import or export regulations or embargoes, defaults of suppliers or sub-contractors, or any act or omission of any nature whatsoever on the part of the Customer or its agents.

13.3 We shall not be liable for any indirect, special or consequential loss you suffer arising out of or in connection with the provision or non-provision of any goods or services under the Boiler Care Agreement.

13.4 We have no obligation, duty or liability to you in contract, tort, for breach of statutory duty or otherwise beyond that of a duty to exercise reasonable skill and care, except that nothing herein purports to disallow liability for fraud, or liability in the event of the death or personal injury of the Customer (except any personal injury attributable to a person's decision to set their Boiler below 60 degrees thereby exposing the Customer and/or third parties to the risk of legionella in respect of which you agree to indemnify and keep us indemnified with regard to any claims) attributed to Bord Gáis Energy and nothing herein purports to contract out of the implied undertakings as to quality of service in section 39 of the Sale of Goods and Supply of Services Act 1980.

15.2 In circumstances where we have issued a Notice of Hazard where we have not been in a position to fully inspect/test any part of the installation of the Boiler we will not accept any responsibility or liability for the quality or condition of the Boiler and for any loss or damage arising out of or in connection with the issuance of a Notice of Hazard by us.

15.3 Where we have issued a Notice of Hazard identifying remedial action in respect of the Boiler but, in the opinion of the Service Engineer, it is safe to continue with the Boiler Service without you first taking the recommended remedial action, it is solely your responsibility to take the recommended remedial action following the Boiler Service. We will, if possible, provide you with an estimate of the likely time required and cost involved to complete the recommended remedial action. It may also be possible to make arrangements with the Service Engineer for this recommended remedial action to be carried out by us at a later date.

15.4 Where, in the opinion of a Service Engineer there is a Health and Safety or non conformance to standard issue (which will be detailed in the Notice of Hazard where relevant) in respect of the Boiler that means it is inappropriate, unsafe or otherwise unsuitable for the Boiler Care Agreement to continue, we may terminate the Boiler Care Agreement. In such circumstances, we will charge you a cancellation fee equal to €30. We reserve the right to contact the relevant local authority if we consider it necessary in the interest of the Health and Safety of you and/or third parties.

15.5 We are not liable or responsible for any losses, liabilities, costs, penalties, fines, damages, defects or personal injuries arising out of or in connection with your decision not to carry out any remedial work recommended to you in a Notice of Hazard or to take any advice given to you by the Service Engineer and/or notified to you in a Notice of Hazard. You agree to indemnify us and keep us indemnified in respect of any losses, liabilities, costs, penalties, fines, damages, expenses, actions, claims or proceedings arising out of or in connection with any claim brought made or threatened by a third party against us relating to or in connection with your decision not to carry out any remedial work recommended to you by us in a Notice of Hazard or to take any advice given to you by the Service Engineer and/or notified to you in a Notice of Hazard.
