

A guide to your microgeneration invoice

BGE/RE/MICGEN/0323

Your microgeneration payment explained

When your microgeneration payment issues, it will appear as a credit on your electricity supply bill with the description: **Microgen Export Total**. This amount will be credited against any outstanding supply balance on your bill:

Your bill breakdown continued

	Usage	Rate	Amount
Total including VAT			€137.50
<hr/>			
01 May 2022 to 01 Oct 2022			€137.50
02 Oct 2022 to 30 Apr 2023			€252.36
Total for bill period			€389.86
Microgen Export Total			-€22.20
Previous bill			€60.58
Total			€428.24

Details of your microgen payment can be found in **Your Exported Electricity Self-Billing Invoice** which accompanies your bill.

Your Exported Electricity Self-Billing Invoice

6

Period	Total Electricity Export	Rate	Total Amount
01/05/2022 to 30/04/2023	120,000 kWh	18.5 c/kWh	€22.20

7

VAT on this supply is to be accounted for by the recipient (Bord Gáis Energy).

8

The amount of €22.20 (excl. of VAT) will be credited to your Bord Gáis Energy electricity supply bill.

Your export volume is calculated using data provided by ESB Networks. If you have a smart meter installed, your export volume will be based on metered data. Where metered data is unavailable deemed volumes will be used.

1 Your Exported Electricity Self-Billing Invoice

“Self-Billing Invoice” means we, (Bord Gáis Energy) are billing ourselves for the electricity you are exporting to the grid. Your invoice will accompany your electricity supply bill whenever we credit your electricity account with your microgen payment.

2 Your Name and Your Address

- Your full name and address, as the person supplying the electricity.

3 Here you'll find:

- Your **MPRN**
- Your electricity supply **account number**
- Your microgen **tariff** name

4 Here you'll find:

- The **invoice period** for which your microgen payment applies
- A unique **export invoice number**
- Your **customer VAT registration number** (where applicable). Please note no VAT is applied to your payment.

5 Invoice Date

- The **date** your microgen invoice was created.

6 Here you can see a **table** showing:

- **The period** for which the microgen payment applies,
- The **total electricity** volume you have exported
- The microgen **rate** we're paying per kWh
- The **total amount**; the total payment due to you.

7 Bord Gáis Energy is accounting for the VAT on the export payment, which means your payment is **exclusive of VAT**.

8 Here you'll see the total amount that is being credited to your electricity bill
