Labour Saving Solutions

AUTOMATION

RESIDENTIAL

DATACOM

COMMERCIAL

OEM/MRO

INDUSTRIAL

Reduce labour costs, improve on-site health and safety and simplify jobsite cable management by utilizing SESCO's tailored solutions. Regardless of your project size, Dixon's team of experts are here to support you every step of the way.

Cable Services & Solutions

Custom Cables

Made-to-order cables to suit your specific application, with low MOQ's and expedited lead times.

Simplified Tagging

Streamline installs with weatherproof, colour-coded, metal-printed, RFID or custom tags.

End Cap Protection

Safeguard cable ends with custom caps or tape.

Terminations & Connectors

Get an end-to-end solution with connectors, glands and lugs to complete your cable terminations.

Cut-to-Length

Mitigate splicing costs or wastage by utilizing our in-house cutting capabilities to get exactly what you need.

Secure Reel Transit

Have reels protected during transport or storage using our in-house lagging capabilities.

Efficient Paralleling

Reduce install time and the numbers of reels you need to manage by having your feeders paralleled c/w pulling heads installed.

Custom Packaging

Experienced staff will work with you to custom package your order to meet any jobsite limitations or safety requirements.

Master Cable Management with Expert Tools & Accessories

One source for everything you need — Simplify every project with our complete cable management solution offerings.
