

# MI Downing UK Micro-Cap Growth Fund

April  
2019

## About the Fund

MI Downing UK Micro-Cap Growth Fund ("the Fund") aims to invest in a concentrated portfolio of between 25-30 UK companies within the Numis Smaller Companies Indices - typically those with market capitalisations between £20 million and £150 million.

The Fund seeks to generate capital growth, whilst retaining a strong focus on capital preservation. The Fund aims to outperform returns from other UK small-cap equity funds by selecting investments that the Manager believes are undervalued by the market.

## Why Downing Micro-Cap?

- ▶ Experienced and qualified team headed by Judith MacKenzie.
- ▶ Private equity approach to micro-cap companies, drawing on Downing's private equity and venture capital heritage.
- ▶ Investment Committee oversight provides access to many years of investment experience.
- ▶ Value strategy with rigorous bottom up approach.
- ▶ Exhaustive diligence process that can take up to 18 months.
- ▶ Concentrated portfolio of typically 25 to 30 investments which we believe provides diversification.
- ▶ Access to strategic investments.
- ▶ Only invests in profitable businesses with strong management teams and a sustainable competitive advantage.

## Market commentary

In March, the Fund was up 0.71%, outperforming the benchmark, which was up 0.40%. Positive contributors included DX Group (up 17.66%) and Synectics (up 8.86%). Detractors included Redhall (down 18.18%) and Gama Aviation (down 10.79%).

DX announced interim results for the six months to 31 December 2018. The group made encouraging progress with its business turnaround initiatives and first half performance was in line with expectations. The group is well-positioned for further development in the second half of its financial year and beyond.

Synectics secured a multi-million dollar contract from a new customer in the gaming sector. The new customer will use Synectic's Synergy 3 software platform to replace the surveillance system in a large, established gaming property in Macau. The initial phase of the project is expected to be delivered in this financial year, with potential for significant further revenue in the future.

Redhall announced that Martyn Everett stepped down from his position and was replaced by Joe Oatley as chairman. Overall performance for the full financial year is expected to be strongly weighted towards the second half, driven by increased activity on the Hinkley Point C programme and major infrastructure projects. The board anticipates that the full year performance of the group will be in line with expectations.

Gama reported that a review of its financial reporting methodology will result in changes to certain accounting policies and estimates and this will affect the presentation of the 2018 financial statements and the 2017 comparatives. The board stated that the 2019 outlook remains in line with expectations and the group remains well-funded for its ongoing operations and the delivery of its strategy in 2019. A new chairman will be appointed by 3 April 2019.

## Cumulative performance under Downing management

The graph shows the cumulative performance under Downing management (since Feb 2011)

### Cumulative performance - Class B Shares (%)

	1m	3m	6m	YTD	1y	3y	5y

**Risk warning:** your capital is at risk. Investments & the income derived from them can fall as well as rise and investors may not get back the full amount invested. Investments in smaller companies will normally involve greater risk or volatility than investments in larger, more established companies. Performance figures above are taken from daily valuations provided by Maitland Institutional Services. Downing is responsible for Fund performance from 4 February 2011, the effective date of the investment mandate. Return is the total return (value of the investments plus cash including income after all expenses and charges), ignoring taxation. Please note that past performance is not a guide to future performance.
