Market commentary

In February, the Fund delivered 1.7% versus the benchmark return of 2.4%. Key contributors to the portfolio throughout the month were Conviviality PLC and Science in Sport PLC, which were up 11.3% and 8.7% respectively. Key detractors were Tracsis PLC and Pennant International Group PLC, down 30.7% and 9.5% respectively.

Conviviality PLC reported no updates in February. However, positive sentiment continued throughout the month following the strong set of results posted in January. Similarly, Science in Sport PLC reported no updates in the month.

Tracsis PLC published a trading update for the six months to 31 January 2017, which highlighted that the second half year is expected to be stronger than the first. However, management guided that the outcome for the year was uncertain and that achieving current expectations was contingent on the timely conversion of new sales supported by improvements in gross margin. The market interpreted this as a profits warning and the shares subsequently sold off by 14.0% on the day and are down 22.6% since before the announcement. Pennant announced that the CEO Chris Snook was stepping down to be replaced by the CFO Phil Walker.
