Your Benefits

Tax advantages from the very first payment

Payments made into a Portfolio 3A savings account are deductible from taxable revenue annually from the very first payment (see Key features below). For the duration of the contract, the capital built up is not subject to wealth or income tax nor withholding tax on interest earned. On maturity, the capital paid out is taxed at a reduced rate.

Dynamic Savings and Flexible Contributions

For each Portfolio 3A deposit account opened, you can select a Crédit Agricole Select Index ESG investment strategy. Each one consists of a maximum proportion of equities and is tailored to your risk profile. Contribute what you want, when you want, up to the legal limit.

Easier mortgage access

Money deposited in a Portfolio 3A savings account can be used as equity to purchase your main home or for the indirect repayment of your mortgage. Taxwise, indirect repayment of your mortgage is a win-win situation. Please do not hesitate to contact us for more details.
