

# GOVERNMENT SERVICES

JND's Government Services team offers unmatched hands-on experience and understanding of government culture, contracting and program management. Our experience spans decades of consulting and working for federal, state, municipal and foreign regulatory and enforcement agencies. JND is an approved vendor for both the Federal Trade Commission ("FTC") and the Securities and Exchange Commission ("SEC").

## SERVICES

JND leverages the interplay of its divisions to efficiently and effectively notify and return assets to harmed individuals and provide innovative litigation support services to federal government agencies.

### NOTIFICATION CAMPAIGNS

Applying decades of experience, JND's team of legal notice experts will analyze the specific details of the matter, consult with you as necessary, and then utilize reputable advertising industry research tools and methodologies to design a tailor-made notice program, with engaging notices written in plain language.

### WEBSITE DEVELOPMENT

Websites can include static features like notice information, instructions, and frequently asked questions and answers (FAQs) (with optional search functionality), as well as interactive features like e-mail access to the administrator, online submission capabilities, address update functions, registration for future mailings, and private portals.

### CALL CENTER SERVICES

JND does all call center work in the United States. Toll-free numbers are established for each matter which will have nearly unlimited capacity through automated interactive voice response ("IVR") platforms as well as staff operators who speak multiple languages.

### LITIGATION SUPPORT & eDISCOVERY

JND supplies our clients with forensic and eDiscovery services within a FedRAMP-compliant and infinitely scalable cloud environment, complete with custom software solutions and coupled with best-in-class professional services. JND's acclaimed eDiscovery division leverages best-in-breed technology and innovative workflows to eliminate non-responsive data, control spend, and support our clients in meeting their varying discovery obligations.

## DISBURSEMENT SERVICES

JND manages all aspects of government distributions, from working with financial institutions to establish necessary bank accounts and, distributing funds through various methods, including checks, wires, PayPal and other means, through reissues and escheatment, where applicable.

## DATA SECURITY

All data under JND's control is housed at a Top Tier Data Center that maintains an array of the industry's most stringent certifications, including SSAE 16 Type II, SOC 2 Type II, ISO/IEC 27001:2013, HIPAA, and PCI compliance. JND's security infrastructure have been vetted by the FTC and SEC.
