

MASS TORT

JND's mass tort team leverages proprietary systems and proven processes, deftly facilitating all aspects of settlement administration and lien resolution to drive efficiencies and maximize client recovery.

INTAKE, SCREENING, & RETENTION

- Timely outreach and claimant qualification screening
- 24/7 contact center outfitted to support claimants in multiple languages
- Phone with SMS text confirmation, email and live chat communications
- Search engine-optimized website design and maintenance
- Skip tracing and follow-up for maximum qualified retention rates

MEDICAL RECORD RETRIEVAL & REVIEW

- Legal nurse consultants (LNCs) and trained medical reviewers
- HIPAA and HI-TECH compliant proprietary systems and technology
- High-availability infrastructure to support voluminous medical records receipt
- Streamlined electronic records management with OCR, bookmarking/tagging, queueing, timeline development, reviewer notes and summaries

PLAINTIFF FACT SHEET (PFS) PREPARATION

- Proactive plaintiff interviews and thorough patient records analysis to support timely PFS preparation and submission
- PFS website development for online form submission and secure records review
- Fast fulfillment with ability to pre-populate PFS with plaintiff information from JND's secure database

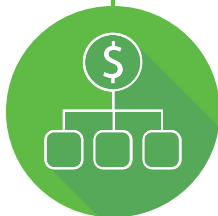

ADJUDICATION & SETTLEMENT ADMINISTRATION

- Pre-settlement consultation and litigation support
- Proprietary claims processing, tailored legal notice plans and timeline development
- Coordinated claimant communications
- Development of allocation criteria and allocation calculators

LIEN RESOLUTION

- Healthcare lien identification and validation
- Assessment of Medicare, Medicaid, ERISA/private healthcare, tribal healthcare, Department of Veterans Affairs (VA) liens and other military liens
- Negotiation with lienholders and efficient resolution
- Satisfaction of final lien obligations

DISTRIBUTION

- Qualified Settlement Fund (QSF) management, from establishment to interest reconciliation
- Escrow
- Tax return filing and reporting
- Settlement benefit distribution in multiple currencies and payment methods, including EFT, PayPal and Venmo
