LEEDS INTERNATIONAL STUDY CENTRE FOR PROGRESSION TO THE UNIVERSITY OF LEEDS

DELIVERED BY

leedsisc.com

LEEDS INTERNATIONAL STUDY CENTRE

Leeds International Study Centre works in collaboration with the University of Leeds to prepare students from outside the UK for successful degree study. Our programmes offer students the opportunity to study abroad in the UK, while providing additional support to settle in to life in the UK.

Build your confidence

Our pathway programmes are designed to ease you into life in the UK. Small classes, attentive teaching styles and tailored modules for international students are combined with a focus on improving your English language skills. You will also take part in lectures, seminars and tutorials, so that you know what to expect when you progress to your degree at the University of Leeds.

Career development

Leeds International Study Centre starts your university life with a focus on employability. This gives you a chance to practice and build employability skills, preparing you for success beyond university. This is reinforced by the strong business links that the University of Leeds has to offer, which you will have access to once you progress to a degree.

Great locations and facilities

At Leeds International Study Centre, you will benefit from modern learning and social spaces with access to the resources you need to succeed. Whilst studying at Leeds International Study Centre, you will also have access to select facilities at the University of Leeds, including the Students' Union clubs and societies and the library. This means that you can make Leeds your home away from home in a safe and supportive community where you can make new friends.

Prepare for Success

Covering three essential areas of life, language and learning, Prepare for Success is a free online preparation course you can join before the start of your academic programme at Leeds International Study Centre. It will empower you with the confidence, skills, and knowledge needed to thrive academically and culturally in your new environment.

Enhanced Induction

For students who want to settle into their new environment and become familiar with the International Study Centre prior to starting their main academic programme in January, the Enhanced Induction starts in November and consists of three additional weeks of life, learning and language skills, at no additional tuition fee.

For more information about the International Study Centre, please visit leedsisc.com/international-study-centre

90% of students

who completed their pathway programme at Leeds International Study Centre were eligible to progress to a degree course at the University of Leeds in 2025.

“I think the International Study Centre prepares us for what it is like to be at the University. I think I am more prepared by doing the International Foundation Year before going to the University of Leeds, as I can learn more. Moving from high school to university is a big difference, so you want that step in-between, where people can support you and tell you what it is like to be at university, and you can actually experience it.”

Dalal from Kuwait

WHY CHOOSE THE UNIVERSITY OF LEEDS?

After you successfully complete your programme at Leeds International Study Centre, you will progress to the University of Leeds - a university that is internationally recognised for its research-based curriculum, pioneering approach to teaching, fantastic student experience, state-of-the-art facilities and excellent graduate prospects.

Outstanding teaching

Teaching at the University of Leeds is designed to develop your knowledge and skills, so that you can be a part of the next generation of highly skilled critical thinkers and graduate with a globally-recognised degree.

You will be taught and inspired by internationally renowned academics who are experts in their fields. Additionally, University of Leeds staff have been awarded more National Teaching Fellowships than any other university in the UK, which reflects the high quality of teaching.

Research-based learning

Whichever subject you choose to study, research will be at the heart of your learning at the University of Leeds. You'll be close to breakthroughs that are having a real impact in the world, and have the opportunity to get involved in research that is happening on campus.

Excellent subject rankings

The University of Leeds has numerous subjects in the top 10 of The Times and The Sunday Times Good University Guide 2027, including Accounting and Finance, Business, Management and Marketing, Civil Engineering and Electrical and Electronic Engineering.

Study and live in Leeds

Leeds is a vibrant, affordable and multicultural city, known for its arts, sports, leisure, entertainment and nightlife. With over 80,000 students living within the city boundaries, there's a lively student community, making it an exciting place to live and learn.

91% of international students

INTERNATIONAL FOUNDATION YEAR

The International Foundation Year, a two-semester programme offered in four subject pathways, focuses on preparing you to join the first year of an undergraduate degree at the University of Leeds.

Why the International Foundation Year?

This programme aims to fully prepare you for the challenges of degree study, helping you develop the skills and knowledge you need to succeed at university and beyond.

What you will learn

You will study a combination of core and subject-specific modules that focus on teaching you the academic English, study skills and subject areas most relevant to the degree you plan on studying at the University.

Your assessment

Teachers will monitor your progress closely and support you in working towards your progression requirements. You will take part in exams, group projects, presentations and essays as part of your overall assessment.

Your degree at the University of Leeds

Once you complete the International Foundation Year and meet all the necessary requirements, you can start the first year of your chosen undergraduate degree at the University of Leeds.

Improve your English

If you need to improve your English language skills before you start your programme, you can join our English Language Preparation programme delivered fully online.

For further information about English language courses, including semester dates, fees, and entry requirements please visit leedsisc.com/programmes/english-language-courses

INTERNATIONAL YEAR ONE

The International Year One, a two-semester programme that covers four subject pathways, will prepare eligible students to progress to the second year of a degree in their chosen subject.

Why the International Year One?

This programme is equivalent to the first year of an undergraduate degree, so you can directly progress to the second year of your degree at the University of Leeds. Our teachers work closely with students to bring you a tailored, personal studying experience which enables you to seamlessly enter the second year of an undergraduate degree.

What you will learn

You will study a combination of core and subject-specific modules that focus on teaching you the academic content relevant to the degree you plan on studying at the University. You will also build upon your pre-existing English language skills and develop the study skills you need to succeed in your degree.

Your assessment

You will participate in exams, group projects, presentations and essays as part of your overall assessment. Teachers will monitor your progress closely and support you in working towards your progression requirements.

Your degree at the University of Leeds

Once you successfully complete the programme and meet all the necessary academic and English language requirements, you will join the second year of your chosen undergraduate degree at the University of Leeds.

Improve your English

If you need to improve your English language skills before you start your programme, you can join our English Language Preparation programme delivered fully online.

Apply

If you would like to apply to study at Leeds International Study Centre for progression to the University of Leeds, you will need to complete an application form and submit the relevant documentation.

You can apply through your local education agent. Alternatively, you can apply directly via our website and one of our dedicated Student Enrolment Advisors will be happy to provide support through every step of the application process.

For more information on how to apply, fees, entry requirements and more, please visit leedsisc.com/how-to-apply.

Manchester Airport and Leeds Bradford Airport are the closest international airports to Leeds.

Disclaimer

This guide is intended as a general guide for students considering entry to the Leeds International Study Centre from 2027. The Leeds International Study Centre is operated, and its programmes offered by Study Group Limited ('Study Group'). This guide forms no part of any contract between you and Study Group except as provided below. The guide is prepared in advance of the academic year to which it relates and Study Group makes every effort to ensure that the information contained here is accurate.

Although reasonable steps are taken by Study Group to provide the programmes and services described, Study Group cannot guarantee the provision of any programme.

Any programme may be altered or withdrawn owing to circumstances beyond Study Group's reasonable control. Such circumstances include (but are not limited to) industrial action, lack of demand, departure of key personnel, change in government policy, withdrawal or reduction of funding, change of law or changes necessitated by pandemic or epidemic.

Study Group will take such steps as are available to it to minimise the effect of any alteration or withdrawal of a programme and we will notify you of such alteration or withdrawal as soon as possible. Such steps may include the offer of a place on an alternative programme. Alternatively you may withdraw your application without any liability for fees (including the enrolment fee).

Please note that the Leeds International Study Centre's website is the most up to date source of information regarding programmes and facilities and we strongly recommend that you always visit the website before making any commitments.
