HELP US CREATE A BETTER, BRIGHTER FUTURE

at one of Washington's most inclusive universities

WWU, located in Bellingham, is in the heart of the Pacific Northwest, surrounded by mountains and the sea. Our small city – population 91,000+ – is between two world-class cities, Seattle and Vancouver, British Columbia, ensuring that you have as many career and recreation opportunities as you can imagine. You'll love Washington State, just like so many others do. After all, it's named one of the Top 10 states in the U.S. (U.S. News & World Report, 2025).

At WWU, you'll get all the benefits of a small college, with individualized attention and small class sizes – but with all the choice and opportunity a large university can offer, at a relatively low cost.

With a wide variety of programs in business, engineering, computer science and more, you can choose to pursue success in nearly any career path.

UNDERGRADUATE DIRECT ENTRY

Students who meet the entry requirements may apply for direct admission to an undergraduate program.

You may be eligible for a **scholarship** when you apply to an undergraduate program at Western!

BS Manufacturing and Supply Chain Management*

Our Bachelor of Science in Manufacturing and Supply Chain Management program stands out by seamlessly integrating essential business, manufacturing, supply chain, and engineering courses into a comprehensive degree.

With the addition of six months of hands-on internship experience, our students graduate exceptionally well-prepared for thriving careers in the dynamic global manufacturing and supply chain sectors. MSCM graduates embark on exciting, high-demand career paths equipped with the skills and experience to excel in their fields.

BS Electrical and Computer Engineering*

Western's Bachelor of Science in Electrical and Computer Engineering program equips students with the skills to tackle real-world engineering challenges while considering their global, economic, environmental, and societal impacts.

Students can specialize in Electronics, Energy, Artificial Intelligence and Machine Learning, or Wireless Networking and Signal Processing. Our program emphasizes hands-on, lab-based learning, fostering teamwork, communication, and critical thinking. The curriculum is designed to deliver up-to-date, practical engineering knowledge grounded in a strong math and science foundation, preparing graduates for dynamic and impactful careers.

GRADUATE DIRECT ENTRY

Two graduate programs are available for students who meet the entry requirements for direct admission.

MS Computer Science*

Discover and innovate the computing solutions of the future with Western Washington University's Master of Science in Computer Science program.

Learn from industry experts dedicated to fostering your growth in the classroom and beyond. Our program offers a supportive and inclusive environment, helping you build lifelong friendships and extensive professional networks. Join us to become a leader in the ever-evolving world of computer science.

MBA

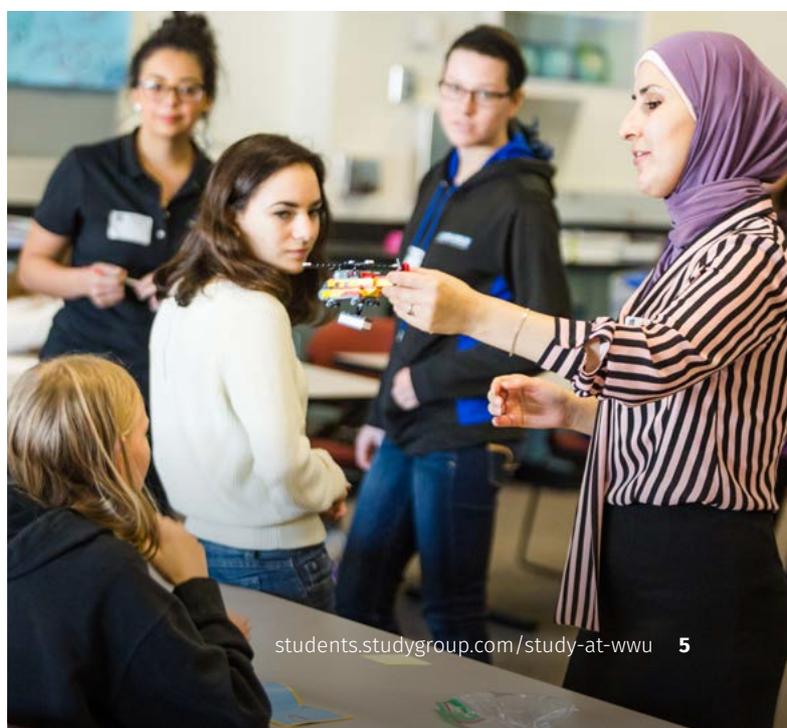

WWU's Master of Business Administration (MBA) program is an interdisciplinary program that equips students with essential leadership and business skills to thrive in today's dynamic corporate landscape.

By earning an MBA from Western, you unlock the potential for higher wages, invaluable networking opportunities with industry leaders, and the chance to become a confident and capable business leader. With affordable tuition and a high-value education, Western's MBA program is your pathway to achieving your professional aspirations and making a lasting impact in the business world.

PG Entry Requirements				
Study Level	TOEFL iBT	IELTS	Duolingo	GPA
MS Computer Science*	79	6.5	Not Accepted	2.75
MBA	79	6.5	115	3.0

*STEM-Designated Degrees

WWU offers many STEM-designated degrees at the undergraduate and graduate levels. Completing these programs may qualify international students to extend their post-graduation stay in the USA through Optional Practical Training (OPT). After finishing their program of study and initial post-completion OPT, eligible F-1 students may apply for a STEM-OPT extension for a 24-month period. Refer to www.ice.gov/sevis for more information. Students should talk with their WWU advisors to confirm that their chosen program is a STEM-designated degree.

- Academic Student Software Club
- AIYA! Anime Club
- AS Environmental and Sustainability Programs
- AS Activities Council
- Association for Computing Machinery
- Board Game Club
- Ceramics Club
- Chess Club
- Climbing Club
- Competitive Programming Club
- Cybersecurity Club
- Entrepreneurship Club
- EnviroAction Club
- Hiking and Outdoors Club
- Kinesiology Club
- Leadership Engagement Club
- Ping Pong Club
- Robotics Club
- Scuba/Underwater Photography Club
- Students for Climate Action
- Students for Renewable Energy

WWU HOUSING & DINING

WWU's on-campus housing reflects the spirit of our campus community with a dynamic and close-knit atmosphere. Our three residential neighborhoods are made up of eight residential communities, all within walking distance of each other. Our halls offer single-, double-, and triple-residency rooms in traditional- and suite-style housing.

Discover more about our housing.
Visit housing.wvu.edu/get-started/explore-the-buildings

Our dining facilities span campus and support active, healthy lifestyles with options for every taste and budget, from buffet-style food halls to smoothies and bagels to Subway and Starbucks and quick-stop marketplaces.

Find out more about your dining options.

CAREER SERVICES

WWU provides comprehensive career services to empower students in their professional development journey. Through a range of resources and support, students gain the skills, knowledge, and connections needed to succeed in their chosen career paths.

Job and Internship Search Assistance: Resources and support for finding part-time jobs, internships, co-op opportunities, and full-time employment.

Resume and Cover Letter Assistance: Workshops, templates, and one-on-one assistance to help students create effective resumes and cover letters tailored to their career goals.

Interview Preparation:

Mock interviews, interview workshops, and tips for mastering interview techniques and presenting oneself confidently to potential employers.

Career Fairs and Networking Events:

Opportunities to connect with employers, alumni, and industry professionals through career fairs, networking events, and informational sessions.

YOUR WELLBEING AND SAFETY

The people at WWU care deeply about one another and strive to ensure quality life and learning experiences for all. We are committed to providing an environment that protects your wellbeing and safety. Our campus security measures include 24/7 services, Public Safety Assistants, safety escorts, emergency phones, and blue light call boxes.

Why Choose Western Washington University?

Scan the QR code to find out or visit students.studygroup.com/study-at-wwu

APPLY

If you would like to apply to study at Western Washington University, you will need to complete an application form and submit the relevant documentation.

You can either apply through your local education agent or by visiting students.studygroup.com/study-at-wwu

If you are applying directly and have a question, then a Student Enrollment Adviser will help. They speak a variety of languages and understand several more.

REFUND POLICY

We are committed to working with every student on the options to continue studying with us. Our standard cancellation and refund policies are provided to students upon confirmation.

DISCLAIMER

This brochure is issued for the general guidance of students considering entry to Western Washington University from 2026.

The information is correct at the time of going to press, and the programs and services described herein are those which WWU is planning to offer. However, WWU reserves the right to amend, add or remove any program and/or services set out in this brochure and/or the timetable, delivery, content syllabi, and assessment of such programs.

The University (where applicable) also reserves the right to amend the regulations governing those programs without prior notice. Study Group therefore strongly recommends that immediately prior to making any application to Study Group or accepting any offer from Study Group, students should refer to the most up-to-date version of the program descriptions and specifications and the regulations on the Western Washington University website.

The University also reserves the right to make variations to the content and method of delivery of the programs and services, to discontinue programs and services and/or to combine and merge programs, if such action is reasonably considered to be necessary by the University. Applicants will be notified as soon as practicable of any material changes likely to have a bearing on their applications, such as cancellation of, or major modification to programs offered, changes to accommodation provision, or fees and charges to be levied where applicable. Neither the University nor Study Group shall be liable for any errors or omissions that may be contained.

Study Group is a global leader in preparing students for international academic success and rewarding careers through a life changing learning experience. We offer customized programs across higher and language education, starting from high school to life-long learning. To learn more, please visit [studygroup.com](https://www.studygroup.com)
