Study Group Australia Pty Limited trading
as Taylors College delivers the University
of Sydney Preparation Programs on behalf
of the University of Sydney.

Welcome

The University of Sydney is proud of the diversity of our student and staff cohort – a diversity that is matched by the wide range of courses we offer. The University of Sydney Foundation Program (USFP) and High Achievers Preparation Program (HAPP), delivered by our partner, Taylors College, provide pathways for a diverse range of ambitious students to undertake our undergraduate programs. For over 170 years, students and researchers have come to the University of Sydney from all over the globe to develop the skills, knowledge and influence to make the world a better place. We are proud to have diversity and inclusion as core values, and to be the institution of choice for more than 28,000 international students from more than 130 different countries. I hope you will join us.

Professor Mark Scott AO
Vice-Chancellor and Principal
The University of Sydney

**The University of Sydney
is ranked 41st in the world.**
(QS World University Rankings 2023)

**The University of Sydney
is ranked #1 in Australia
for graduate employability.**
(QS Graduate Employability Rankings 2022)

**Taylors College is
the official pathway
provider to the
University of Sydney.**

"I researched courses at different universities and I found the USFP at Taylors to be more encouraging and supportive to international students' welfare and education. It also has better accreditation compared to other local universities.

The college encouraged all of us to participate in school activities. We went to the University of Sydney's Chemistry Lab for our Organic Chemistry and this to me was effort made by the college to ensure that we understood the lesson, fully, not just theoretically.

The teachers were very kind and helpful to all of us. They answered all of our questions with patience."

Angie Davina Tjandra

USFP alumni

Studying Chemical and Biomolecular Engineering at the University of Sydney

In 2021
91%
 of USFP students
 received offers to the
 University of Sydney.

In 2021
100%
 of HAPP students
 received offers to the
 University of Sydney.

Discover Sydney, Australia: *your new home*

Set around a beautiful natural harbour, Sydney provides a stunning setting for your studies.

A taste for culture

Sydney hosts world-renowned exhibitions at institutions such as the Australian Museum and the Art Gallery of New South Wales. There are also regular performances of ballet, theatre productions and opera at the famous Sydney Opera House, the Sydney Theatre Company and many other venues throughout the city.

Food from around the globe

Enjoy a meal at some of Sydney's famous "eat streets" which host a truly global range of cuisines, including, Chinese, Italian, Greek, French, Spanish, Japanese, Lebanese and Thai, just to name a few.

Alternatively, you can choose to eat at one of the many famous beach restaurants with glorious views of the blue Pacific Ocean.

The great outdoors

Sydney is known for its beautiful beaches, fantastic surfing locations and lively cafe and music cultures. The coastal location is great for walking, cycling, boat trips, seaplane flights and even helicopter tours. Nearby National Parks include Sydney Harbour, Royal, and the Blue Mountains national parks, where you can enjoy picnics, swimming and barbecues. With hot summers and mild winters, you can enjoy everything Sydney has to offer all year round.

Festivals and events

Since all festivals and events were paused during the COVID-19 pandemic, Sydney's exciting social scene has now started up again.

The city will be host to several festivals and events throughout the coming year, celebrating and showcasing comedy, film, fashion, wine and music. Among the largest and most unique is the annual Vivid Sydney light festival.

Key facts

- Population: over 5 million
- Australia's oldest and largest city
- Sydney is ranked as the 9th best student city in the world (QS best student cities ranking 2023)
- Home to world-famous landmarks: Sydney Opera House and the Sydney Harbour Bridge
- The economic hub of Australia
- Average temperatures in Summer: 18.6 - 25.8°C (65.5 - 78.4°F) Winter: 8.8 - 17°C (47.8 - 62.6°F)

Discover The University of Sydney

The University of Sydney's flexible degree structures allow you to follow your interests while preparing for a career full of opportunities. Outside of the classroom, you can join a global community and get involved in extracurricular activities to shape your life at university and beyond.

A history of excellence

For over 173 years, the University of Sydney has maintained a long tradition of excellence in education – developing curious minds and embracing challenge and change. This is embodied by influential alumni in the public and private sectors making an impact worldwide.

Great Sydney location

The University of Sydney is located in one of the world's best cities. You're close to the action of the city centre and also minutes away from the inner west cultural hubs of Sydney. Studying on one of the world's most beautiful campuses, you will be surrounded by green parkland and a mix of rich heritage and modern architecture.

The widest breadth of courses in Australia

With more than 400 areas of study and over 100 majors and minors, no matter what you choose to study, the University's flexible degree structures enable you to create your own path.

Australia's most employable graduates[#]

The University offers a range of work placement and internship opportunities for you to work with leading business, government and community organisations on projects that will kickstart your professional experience and get you job ready. You will develop highly sought-after skills such as professional communication, teamwork, complex problem solving and stakeholder management.

[#]QS Graduate Employability Rankings 2022

World-class learning facilities

The University continues to invest in world-class infrastructure for generations of students. These purpose-built facilities bring together students and staff from multiple disciplines and place them at the forefront of innovation, learning and research. You will find all the resources you need on campus, including Australia's largest university library, learning hubs open to students 24 hours a day, and a range of technical, computing and research facilities.

Campus life

Students have the option to join over 250 clubs and societies on campus – from academic groups to food, sport and debating clubs, there is sure to be something for you.

About Taylors College Sydney

College policies and procedures

Discover your study options

Your future is here, take your first step now

Studying with us in 2023 is about putting your education first.

Australian borders are open and international students can once again experience a true study-abroad journey in Sydney.

We understand that as excited as you are about beginning your journey with us, you may have to start your studies from home. This is why we continue to deliver high-quality education in the virtual classroom, to ensure you stay on track to achieve your dreams.

Our teachers and support staff have been delivering expert education and support in the virtual learning environment since the start of 2020. From wherever they are in the world, our students attend live classes with their teachers and classmates via Zoom. Learning materials, resources and assessments are facilitated by our industry-leading learning management system, Study Smart.

Flexible study options for starting in January 2023

Classes are still being held online for students who are unable to travel to Australia. Students who are able to travel are strongly encouraged to do so. Further information will be released when the regulators make an announcement regarding the return of full face-to-face learning.

What to expect?

In 2021, students surveyed at the end of their courses reported an 87% satisfaction rating of their studies.

Teachers will also be engaging with you individually in order to provide academic and pastoral support.

Get Study Ready

When you enrol in your program, you will get a jump start with Study Ready, our free virtual preparation modules, before you begin your studies: With Study Ready, you will:

- Get to know your teachers, support team and have a sneak peak of your campus before you arrive
- Familiarise yourself with the online learning environment and learn more about your chosen program
- Prepare to be an online student – from setting up an effective study space to exploring virtual classroom learning
- Develop your critical thinking skills, identify your individual learning style and learn about the Australian education system.

For more information visit:
studygroup.com/study/australia-learning

Discover a supportive community

Gain a great support network and make the most of your study abroad experience.

Academic support

Study Smart

Taylor's College Sydney teachers and students use this online Learning Management System (LMS) to share activities, learning materials and course information.

Study guides

These guides include curriculum and assessment information, plus further course materials and practice examination papers.

Taylor's library and technology

We have computer rooms and WiFi throughout the campus. All classrooms have interactive whiteboards or interactive projectors that enable a collaborative and engaged learning environment.

Consultations

Teacher-led, group or one-to-one consultations with your own class teacher give you an opportunity to ask questions and receive additional help with your studies.

Bring Your Own Device (BYOD)

A significant portion of classroom instruction is conducted through our College intranet site Study Smart to facilitate a connected classroom experience, so students are required to bring their own computers to lessons.

Personal support

Personal counselling

If you need someone to talk to about anything from study and career concerns, to health-related matters, our dedicated counsellors are here to listen and assist.

Support for students under 18

Our dedicated under 18 Coordinator offers additional support to our younger students, who may also have a caregiver assigned to keep regular contact with your parents and the College. For extra security, all under 18 student accommodation must be approved by the University.

In the classroom, learning material and practices are contextualised to meet the individual needs of our younger students, ensuring that they too get the most out of every class.

For more information on support provided to under 18s, please visit: taylorssydney.edu.au/college-policies

Student Ambassadors

Each year Taylor's College invites students who demonstrate the qualities of leadership, integrity, and confidence to join the Student Ambassador program. Our ambassadors represent the College through a range of activities, both virtual and in-person, and are recognised and developed as leaders.

“As Director of Teaching and Learning, my role is to help you achieve your full potential by supporting both your academic and welfare needs, ensuring your learning experience is an enjoyable and successful one.”

Hossein Davari

Director of Teaching and Learning,
the University of Sydney Foundation Program

Meet our staff

Discover where you will study

Studying with Taylors College Sydney means you will have access to great resources and learning locations, both on campus and offshore.

Studying in Australia

Sydney on your doorstep

Located in the suburb of Waterloo, under five kilometres from the city centre, Taylors College Sydney provides easy access to all the attractions Sydney has to offer. You can take a 20-minute bus ride into the city centre or Green Square train station is just a short walk away.

Connected to the University

You are just three kilometres from the University of Sydney main campus. Staff from the University regularly visit Taylors College (in person or virtually) to talk to you about courses, the progression process and university life.

Excellent facilities

Our campus is purpose built and includes many facilities:

- a library
- computer and science laboratories
- art and design studios
- student common rooms
- music suite/practice rooms
- interactive whiteboards.

“Your student journey is important to all of us at the college, remember to take advantage of all the opportunities Taylors College offers as it will help you develop into independent learners and connected global citizens.”

Tina Beltsos

Director of Student Services & Experience
the University of Sydney Foundation Program

Student accommodation in Sydney

A range of accommodation options and support services are available to Taylors College Sydney students to ensure you have the best experience possible while you are away from home.

Student residences*

Across the city you will find a range of student residences, most of which provide 24-hour security. These fully furnished apartments offer you the chance to live more independently while providing communal areas and cooking facilities to share with your new friends.

Providers include:

- Iglu Redfern
- UniLodge
- Scape

*Approved for students under the age of 18

Homestay

Staying with a host is a great way to immerse yourself in an Australian home environment, get to know the culture and practise your English. This option offers a safe and supportive place to live. All our hosts and their homes undergo thorough security checks before students are placed.

Providers include:

- Australian Homestay Network
- Auzzie Families Homestay Care
- Global Experience International Student Accommodation
- Study Vision
- Win Consultation and Services International Student Homestay

Rental houses or apartments

If you prefer to live in a house or apartment, we can advise you on rental or other accommodation options close to our campus.

To search for current rental properties, visit:

- [domain.com.au](https://www.domain.com.au)
- [realestate.com.au](https://www.realestate.com.au)
- [flatmatefinders.com.au](https://www.flatmatefinders.com.au)
- [flatmates.com.au](https://www.flatmates.com.au)

Please note: All students travelling without an approved guardian must live in University approved accommodation and book an approved airport transfer service.

All homestay providers are approved to provide airport transfer services. Students who require airport transfer services must book directly with the provider.

Iglu Redfern has an airport transfer service available for their students. Students are required to contact Iglu directly for this service. Scape and UniLodge do not arrange airport transfers for students but transport to these locations may be made with other providers offering transfer services. Students are encouraged to book airport transfers with any of the homestay providers as they offer these services. Students over the age of 18 are also welcome to arrange airport transfers through the above providers.

Approved caregivers in New South Wales

Student welfare will always be our highest priority.

The University has made arrangements with the following organisations to provide caregiver services. Caregivers liaise with the school and parents, and report on academic progress or any concerns regarding health and after hour activities. There is also a 24 hour telephone service in case of an emergency. A Confirmation of Appropriate Accommodation and Welfare (CAAW) form will be issued when we receive notification from the nominated caregivers and we are satisfied with the accommodation and welfare arrangements:

More about accommodation

Programs

University of Sydney Foundation Program (USFP)

Offered in three formats – Standard, Extended and Intensive – to meet a variety of students’ needs, our USFP provides the skills you need to study an undergraduate degree at Australia’s first university.

USFP Standard Program (CRICOS 022310D) is taught over two semesters, with two 10-week terms each semester. You will study 10 subjects in total, five subjects in each semester made up of Academic English Skills and four academic subjects. You study the same subject for the full semester.

USFP Extended Program (CRICOS 048302A) is taught over three semesters, with two 10-week terms each semester. You will study 12 subjects in total, four subjects in each semester. The same subject is studied for the full semester.

USFP Intensive Program (CRICOS 036126M) is taught over 1.5 semesters, made up of three 10-week terms. You will study 10 subjects in total over the 1.5 semesters. In your first term, you study Academic English Skills and three academic subjects. In your final semester, you study Academic English Skills and five academic subjects. The same subject is studied for the full semester.

Working with the University

The University of Sydney oversees the setting and moderating of final examinations, and staff from the University also often visit Taylors College Sydney, giving you the opportunity to find out more about your course options.

Supporting your needs

Our staff are experienced in recognising the needs of international students. They are here to assist you with anything, from organising your studies to supporting you in exploring various career options.

Helping you settle in

Our dedicated staff will assist you with settling into life at Taylors College Sydney and in Australia, offering you the support and regular assurance you need to achieve your academic best.

With students from many different countries and cultures, we provide an environment that respects everyone while accommodating your individual needs.

Keeping you on track

Your attendance and academic progress are monitored closely and additional support organised where needed. Our academic and student support teams are here to help with personal or academic problems affecting your studies.

Course and career guidance

We have on-campus Transition Advisers who can offer you valuable course and progression advice. It's about more than just good grades in your pathway program, you need the best advice to help you prepare for the future.

Program	2023 Fee (AUD)
Standard Program (52 weeks)	\$40,950
Extended Program (75 weeks)	\$49,950
Intensive Program (40 weeks)	\$39,950

For more fee information visit taylorscollege.edu.au/how-to-apply/fees

Programs

High Achievers Preparation Program (HAPP)

Our accelerated program, offering preparation to students with higher grades, can be the gateway to the University of Sydney degree of your choice.

The High Achievers Preparation Program (CRICOS 089556F) is designed for international students who have just missed out on direct entry to the University of Sydney. It is a fast-tracked program, which is a maximum of 14 weeks. HAPP will help you transition from high school to university study.

HAPP is a competency-based pathway to a bachelor's degree at the University of Sydney.

Progression to a bachelor's degree at the University of Sydney is based on successfully meeting the requirements of your chosen university degree.

You will study English and Uniprep, plus a choice of two of the following: Australian History, Sociology, Science Practicum and Advanced Mathematics.

Program benefits:

- Excellent preparation for undergraduate study including:
 - becoming a critical thinker
 - building research skills
 - delivering oral presentations
 - participating in group work
 - developing self-awareness
 - expanding your digital literacy
- Build a network of friends from around the world, with a shared passion for learning who will accompany your journey from Taylors College to the University of Sydney.

Program Type	2023 Fee (AUD)
High Achievers' Preparation Program (14 weeks)	\$26,600

For more fee information visit taylorsydney.edu.au/how-to-apply/fees

“One of the most remarkable things about Taylors College is the staff and the teachers. They are very considerate and caring. They taught me how to write essays and reports and I know at university, having these skills is important.”

Iran
High Achievers Preparation Program (HAPP) graduate

More about HAPP

Course structures

USFP Standard and Intensive Program

More about
the subjects

Our foundation program's Standard and Intensive formats are offered for students who need a relative amount of preparation ahead of taking on a degree at Sydney. They are taught full time over the course of 52 and 40 weeks, respectively.

Course structure overview**

- A total of 10 different subjects is required to graduate – Academic English Skills (2), plus 8 academic subjects.
- Typically, you study A subjects in your first semester and B subjects in your final semester. This does not mean that the A subjects are a prerequisite for B subjects. For most subjects, you could study the B subject before the A subject.
- The academic subjects are studied as majors and minors. A major is when you study both the A and B in a subject. A minor is when you study only the A or only the B of a subject.
- You must study at least 3 majors and can then choose either 2 minors or a 4th major to make up your 8 academic subjects.
- Academic English Skills and at least 2 of the majors you study will be your core subjects. This means they are either compulsory, prerequisite subjects or subjects you are assumed to have knowledge and skills in for your chosen degree.

Compulsory subjects	Academic English Skills (AES)	All students	
Compulsory subjects dependant on your degree	Mathematics for Business A & B	Depends on University degree requirements	
	Mathematics for Science A & B	Depends on University degree requirements	
	Music Core Theory A & B and Music Core Performance A & B (only available for January Standard and Extended August students)	Bachelor of Music students (entry dependant on audition)	
	Foundations of Visual Arts and Design Core A & B (only available for January Standard and Extended August students) Foundations of Visual Arts and Design Elective A & B	Bachelor of Visual Arts students (entry dependant on a portfolio)	
Elective subjects	<ul style="list-style-type: none"> - Accounting A* & B - Advanced Mathematics A* & B* - Australian Studies A* & B* - Biology A* & B* - Chemistry A* & B - Economics A* & B* - Foundations of Social Science A* & B - Foundations of Visual Arts and Design Elective A* & B - Government and Law A* & B 	<ul style="list-style-type: none"> - Information Technology A* & B* - International Studies A* (Politics) - International Studies B* (Economics) - Mathematics (Business) A* & B - Mathematics (Science) A* & B - Media Studies and Communication A* & B - Music Elective A* & B - Physics A* & B* 	Choose 2-4 subjects (A and B) depending on compulsory subjects and using the recommendations as a guide
Subject Majors	Subject A and Subject B eg: Accounting A and Accounting B		
Subject Minors	Subjects marked with a * can be taken as one semester long minor. Only 2 minors can be taken for each program. Note: Subjects offered are conditional on student numbers/preferences.		

Sample programs and GPA calculations

Science student January – Standard (52 weeks)			
Semester 1	Grade	Semester 2	Grade
AES	C-	AES	C
Maths A	7.2	Maths B	7.6
Chemistry A	8.1	Chemistry B	7.5
Physics A	6.0	Information Technology B	7.2
Biology A	8.3	Biology B	8.3
GPA			7.5

Commerce student April – Intensive (40 weeks)				
Semester 1	Grade	Semesters 2-3	Grade	
AES	C	AES	C+

Accounting A [†]	8.1	Accounting B	7.5	
Economics A [†]	7.9	Economics B	8.8	
			Australian Studies A	8.0
			Australian Studies B	8.5
GPA			8.1	

Course structures

USFP Extended Program

Aimed at students who need slightly longer to prepare, this extended format of our foundation program is taught full time over the course of 75 weeks.

The program is tailored to meet your needs and prepare you as much as possible for your degree at the University of Sydney. It is aimed at students requiring a little more support.

Course structure overview

- You will study 12 subjects in total over the 3 semesters, 4 subjects in each semester.
- In your first semester, you study Extended English, Essential Study Skills, Mathematics and one academic subject. All students must pass Extended English to progress to the next semester of study.
- In your second and third semester, you study Academic English Skills (AES) and 3 academic subjects in each semester.

	Compulsory subjects	Elective subjects
Semester 1	- Extended English	- Accounting A - Australian Studies A - Chemistry A - Economics A - Mathematics for Business A - Mathematics for Science A
Semester 2 and 3	- Academic English Skills (AES)	Three subjects each semester chosen from the Standard Program table

Sample programs and GPA calculations

Economics student February – Extended (75 weeks)					
Semester 1	Grade	Semester 2	Grade	Semester 3	Grade
Extended English	D+ (5.5)	AES	C	AES	C+
		Mathematics B	7.8	Accounting B	7.9
		Accounting A	8.0	Economics B	8.3
Mathematics A	7.7	International Studies A	7.3	ITA	8.0
Economics A	8.2				
			GPA		7.9

**The subject selection guidelines (available on Taylors College website) provide further information on the core subjects for your degree and examples of some of the elective subjects you may choose from. These will vary depending on your degree, the number of students taking the subject, availability and whether B subjects can be studied at the same time as an A subject.

Note: Subject selection may be limited. For a full list of subject descriptions, please visit the Taylors College website

University of Sydney Foundation Program - Standard Course. CRICOS Course Code: 022310D.
 University of Sydney Foundation Program - Extended Course. CRICOS Course Code: 048302A.
 University of Sydney Foundation Program - Standard Intensive. CRICOS Course Code: 036126M.

These courses will be delivered by Study Group Australia Pty Limited trading as Taylors College on behalf of the University of Sydney.

Course structures

HAPP High Achievers Preparation Program

More about the subjects

Our accelerated program is taught full time over 20 weeks, preparing you for your chosen degree at the University of Sydney.

When studying this program, you will follow these steps:

- 1 Choose two compulsory subjects, as well as two additional subjects.
- 2 Check the University's assumed knowledge to ensure you have the right level of knowledge in the relevant subject areas before you commence your university degree.
- 3 The program is competency based and the available university degree depends on your entry grades.
- 4 Upon successful completion of the HAPP program, and meeting the University of Sydney English language requirements and any additional admission criteria that may apply, you can progress to the degree you wish to study at the University of Sydney.

Assessment methods

There is no final examination for HAPP as it is competency-based. Assessment of competencies is based on written and class activities linked to individual competencies including written and oral responses, quizzes and research projects.

Award

On completion, a Certificate of Completion is issued.

HAPP structure and content

Available subjects	Details
English	Critical reading and writing
Uni Prep	Development of essential technical and academic skills, with an emphasis on referencing, research and IT skills
Two of: - Australian History - Sociology - Science Practicum - Advanced Mathematics	Refer to subject descriptions Refer to subject descriptions Suitable for Science/Engineering/Health Science students

Table notes

This table is a guide to courses and admission criteria at the University of Sydney for entry in 2023. It is correct at the time of print and may be subject to change. For the latest course information, visit the University of Sydney 'Find a Course' website: sydney.edu.au/courses

For courses that have other admission criteria listed in addition to the GPA, including double degrees with progression requirements visit the 'Find a course' website for full details.

Assumed knowledge: For the courses listing equivalent subjects for University assumed knowledge, the University expects you to have reached a certain level of knowledge in the areas specified (eg. mathematics, physics, chemistry or biology) through your high school or preparation/foundation studies, before starting your university course. You can find course-specific assumed knowledge on the University's 'Find a course' website.

Refer to the intakes available for the University of Sydney courses as students must start the course of their choice in the immediate subsequent semester of completing the foundation/preparation program. A gap in the study period cannot occur.

Key to symbols

A & B - Part A and Part B must be completed.

A &/or B - Complete both Part A and Part B or choose either Part A or Part B.

Feb - offered in the February semester (semester 1) only.

Feb/Jul - offered in both the February (semester 1) and July (Semester 2) semesters.

+ Students commencing combined law degrees in Semester 2 (Jul) will not be able to start the Law component until Semester 1 (Feb) of the following year.

* These courses have a limited number of places and the GPA listed is the minimum to be considered for an offer. It is possible that not all students will be offered a place or be able to accept an offer once course capacity is reached and may be offered an alternative course choice.

** Dalyell Scholars stream - to study as a Dalyell Scholar in these courses you will need to apply to the specific course with the Dalyell stream. There are other Dalyell-eligible courses which are by invitation if you are eligible to receive an offer. For more information, visit: sydney.edu.au/dalyell-scholars

[^] HAPP students are required to note the University of Sydney assumed knowledge in making their subject selections. For more information, visit the 'Find a course' website: sydney.edu.au/courses

Nursing pre-registration courses have English requirements set by the Australian Nursing and Midwifery Accreditation Council (ANMAC).

USPP students will be required to meet the IELTS requirement of an overall 7.0 with no band below 7.0 or other English language proficiency tests and results as indicated here: sydney.edu.au/content/dam/courses/medicine-and-health/sns-english-language-declaration-form.pdf

Academic English Preparation (AEP)

Offered by Study Group Australia trading as Taylors College

If you need to improve your level of English language skills in order to study a foundation program, AEP is the perfect solution.

AEP (CRICOS 085947A), offered by Study Group Australia trading as Taylors College, is not a University of Sydney program

Designed to help you boost your English language abilities, upon completing this course you should be at a linguistic level with which you can join the University of Sydney Foundation Program (USFP).

No IELTS required on successful completion of the required level of AEP

This means you do not need to take an IELTS test before progressing to your academic foundation program.

In order to progress from the AEP to the USFP, students must achieve an end term score of 60% in all 4 core skills (reading, writing, listening, and speaking). Students are also required to attend a minimum of 80% of their classes to complete the course.

Fast, effective progress in speaking, writing, reading and listening

The program focuses on maximising your progress in each of the four core English skills.

Fundamental skills for academic learning

You will develop note taking, essay writing, presentation and summarising skills to help you learn faster and with greater confidence. To help achieve this, modern educational technology is used extensively.

Personal study plan

When you apply, your English competency level will be determined. When you start your course, you will then be classed based on your language proficiency to make sure you start your English course at the right level.

Extension

You may extend your study plan if you do not manage to achieve the required level for your academic foundation program.

Academic support

You will receive academic advice to ensure you make a smooth transition into your USFP program.

Maximise your support

Class sizes are kept small so your progress can be monitored closely.

Regular testing

Your progress will be regularly checked to help ensure you reach your full potential, with reports provided every five weeks.

Delivered on campus

Your AEP lessons will be delivered face-to-face and will consist of 23 tuition hours per week.

Teachers

AEP teaching staff are highly qualified and experienced professionals in the English as a Second Language (ESL) field.

Entry requirements

The minimum entry level for AEP at Taylors College Sydney is an IELTS of 4.0 with no band less than 3.5. However, for students from certain countries, they might be required to have an IELTS of 5.0 with no band less than 4.5 to enrol in a packaged course with AEP and the University of Sydney Foundation Program.

Speak to your agent or your Student Enrolment Advisor to find out about your country-specific entry requirements.

Assessment methods

Four skills (listening, reading, speaking and writing) are assessed with the final grade consisting of both coursework and final exam marks.

Certificate of Completion

Once you have successfully completed and finished the AEP course, you will receive a Certificate of Completion which is issued by Study Group Australia Pty Limited.

Course length

The minimum course length is 10 weeks. There will be a scheduled holiday break with the February, April, July and November intakes of AEP.

Intakes

- December
- February
- March
- April
- May
- July
- August
- October
- November

More about AEP

“I started my course online and my teachers have been really supportive and they help me with everything I need. Other than that, I’ve also met some new friends from other countries and they’re all very amazing and kind. If you start your program now, you can finish everything sooner. Based on my experience, studying online is not a bad thing, because you can be more flexible with your time and you can still receive a good quality education.”

USFP Intensive Graduate and Merit Scholarship recipient

Now studying a Bachelor of Commerce and Bachelor of Laws
at The University of Sydney

Awards and scholarships

Taylors College Sydney and the University of Sydney

Taylors College Sydney is offering eligible students a range of awards and scholarships towards their foundation studies.

Taylors College Sydney offers scholarships for the first year a student is enrolled at the University of Sydney.

The available scholarships include:

- The Sue Harlen Scholarship valued at AUD \$16,000 - The Sue Harlen Scholarship is in memory of Sue Harlen who was the establishing academic of the University of Sydney Foundation Program.
- Three (3) Merit Scholarships valued at AUD \$8,000 each.

These scholarships are given as a credit against fees at the University of Sydney in your second semester of study (paid after the census date).

Taylors College Sydney Award

Recipients of the Taylors College Sydney Award will receive a contribution of 20 percent of their tuition fee for the duration of their Taylors College Sydney course. The Award will be automatically applied to eligible students and will be reflected in your letter of offer.

Eligibility criteria

To be eligible for the Taylors College Sydney Award, there are certain requirements to meet including:

- Be an international student
- Hold citizenship of one of the eligible countries or regions: Bangladesh, Cambodia, Hong Kong, India, Indonesia, Malaysia, Myanmar, Singapore, South Korea, Sri Lanka, Taiwan, Vietnam, countries within Africa, countries within Central Asia, countries within South and Central America (including Mexico and the Caribbean)
- Meet the academic criteria for entry to your foundation program.

How to apply

To be successful, you need to meet the entry criteria for the University of Sydney Preparation program. The Taylors College Sydney Award will be automatically applied to eligible students and will be reflected in the Taylors College letter of offer.

University of Sydney Vice-Chancellor's International Scholarships Scheme

This scholarship of up to \$40,000 supports high-achieving international students pursuing coursework studies at the University of Sydney.

The VCIS is a scholarship offered on commencement of a coursework degree and is only awarded once, during the first year of commencement and is not renewable for the following years.

University of Sydney – Sydney International Student Award

The University of Sydney offers eligible students a 20% contribution towards their tuition fees for their undergraduate studies for the duration of their course with the Sydney International Student Award.

The Sydney International Student Award is a separate award determined by the University of Sydney. The award celebrates the university's diverse and talented community of international students. Recipients will be awarded a university contribution of 20 percent of their tuition fee for the duration of their course.

The Education Services for Overseas Students (ESOS) Act 2000 sets out the legal framework governing delivery of education to overseas students studying in Australia on a student visa.

Study Group Australia Pty Limited in providing education services to overseas students complies with the ESOS Framework and the National Code of Practice for Providers of Education and Training to Overseas Students 2018 (National Code 2018). A description of the ESOS framework can be found at dese.gov.au/esos-framework. For more information, please visit studygroup.com.

For information on immigration requirements and student visas to Australia, visit immi.homeaffairs.gov.au

Although reasonable steps are taken by Study Group to provide the courses and services described, Study Group cannot guarantee the provision of any course. Any course may be altered or withdrawn owing to circumstances beyond Study Group's reasonable control. Such circumstances include (but are not limited to) industrial action, lack of demand, departure of key personnel, the effect of any pandemic, change in government policy, withdrawal or reduction of funding, change of law. Study Group will take such steps as are available to it to minimise the effect of any alteration or withdrawal of a course and we will notify the student of such alteration or withdrawal as soon as possible. Such steps may include the offer of a place on an alternative course. For more information, please visit studygroup.com.

Terms and conditions, student policies and guidelines (including refund, complaints, and appeals policy) are available at taylorssydney.edu.au/college-policies.

If you are under the age of 18, you will be supported by the campus welfare team as required by The National Code of Practice (2018), which is available at teqsa.gov.au/national-code-practice. You must also live in a homestay or designated caregiver accommodation. This can include the halls of residence on campus where available.
