Any programme may be altered or withdrawn owing to circumstances beyond Study Group's reasonable control. Such circumstances include (but are not limited to) industrial action, lack of demand, departure of key personnel, change in government policy, withdrawal or reduction of funding, change of law or changes necessitated by pandemic or epidemic.

Study Group will take such steps as are available to it to minimise the effect of any alteration or withdrawal of a programme and we will notify you of such alteration or withdrawal as soon as possible. Such steps may include the offer of a place on an alternative programme. Alternatively you may withdraw your application without any liability for fees (including the enrolment fee). Please note that the University of Surrey International Study Centre's website is the most up to date source of information regarding programmes and facilities and we strongly recommend that you always visit the website before making any commitments.
