Reliable Wire & Cable Supply for Greenhouses

Robust wire and cable solutions are required for power, lighting, ventilation, and other systems that keep greenhouses operational.

Every greenhouse project is unique and will have different electrical needs depending on the crops that are grown and the size of the facilities. As such, we work with you and your team to develop an electrical solution that works as hard as you do. We are here to ensure that you have the wire and cable you need to grow your business.

Supply Chain Efficiencies

We can help you improve supply chain efficiencies through:

- Timely and efficient product management and sourcing solutions
- Extensive knowledge of product applications
- Stock and storage in over 800,000ft² of warehouse space
- Real time inventory tracking
- Custom barcoding
- Specialty cables ordered and shipped JIT

Project Management Experience

Over the past 45 years, Texcan has worked with end users, procurement specialists, engineers, and contractors on projects of all sizes across Canada and overseas. We are your project partners and will support your team at every stage of the project, from start to finish.

Product Sourcing

We are proud of our reputation for sourcing quality wire and cable products for both common and one-of-a-kind applications. Our warehouses across Canada stock over 16,000 products from leading global wire and cable manufacturers. Our partners and suppliers include:

...and many more!

Product Applications*

1 Security/CCTV

- Coaxial Cables
- Fiber Optic Cables
- Sunlight Resistant Cable

2 Lighting

- Low Voltage Power Cable

3 Alternative Power Sources

- Sunlight Resistant Cable
- Low Voltage Power Cables

Ventilation & Air Circulation

4 (Cooling/Heat/Dehumidification)

- Control Cables
- Sunlight Resistant Cable

5 Computerized Environmental Control Systems

- Instrumentation Cables
- Category Cables

6 Main Power Distribution Panel

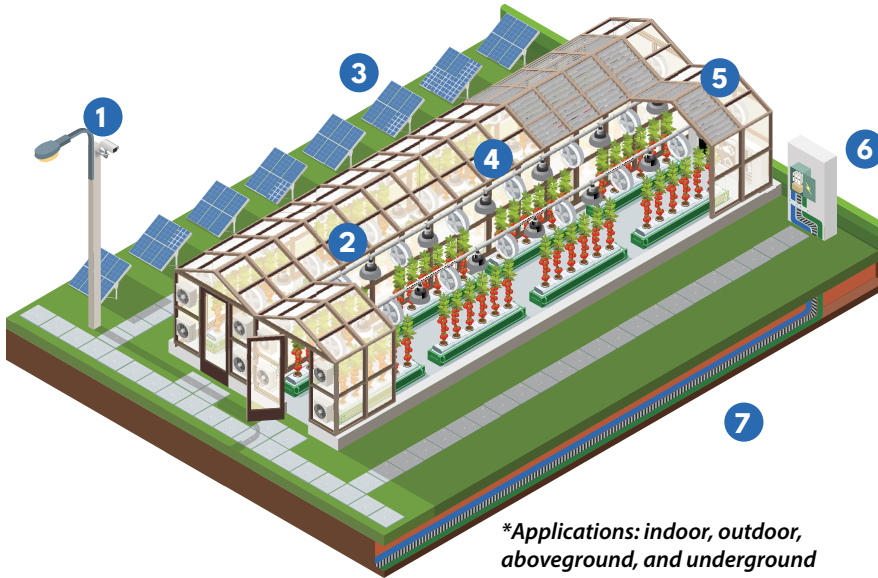

- Medium Voltage Power Cable
- Distribution Cables

7 Secondary Power Distribution

- Low Voltage Power Cable
- Control Cables

Accessories

Connectors are available for all products
Product details are available on the reverse

*Applications: indoor, outdoor, aboveground, and underground

Local Expertise with a Global Presence

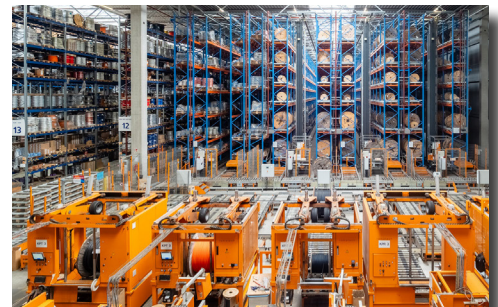

Established in 1978, Texcan is one of Canada's largest wire and cable distributors and part of the Sonepar Group of companies. Founded in 1969, Sonepar is an independent family-owned company and global market leader in the B-to-B distribution of electrical products, solutions, and related services. Together, we meet your wire and cable needs both locally and globally. We are passionate about our customers' projects and contracts. We are Sonepar, "Powered by Difference".

Cables for Commercial Horticulture

Power Cables

Medium Voltage Power Cable

- 15kV, 25kV, 28kV, 35kV
- XLPE, EPR, PVC

Distribution Cable

- 25kV, 28kV, 35kV
- XLPE, EPR, LLDPE

Temporary Power Cables

Overhead Line Cables

- Duplex, Triplex, Quadraplex

Power Extension Cords

- SJOOW, Type-SOOW, W, G, GGC cables

Low Voltage Power Cables

ACWU

- 600V
- XLPE, AIA, PVC

RW90

- 600V
- XLPE, Copper/Aluminum, Bulk/Parallel Supply

Control Cables

- 600V
- IKV, XLPE, PVC
- FT4

Security & Sunlight Resistant Cables

Coaxial Cable

- Multiple Constructions Available
- PVC, FEP, PVDF
- Shielded/Unshielded
- CCTV Solutions

Fiber Optic Cable

- Multiple Constructions Available
- Singlemode/Multimode
- Loose Tube/Tight-Buffered
- Armoured/Unarmoured

Sunlight Resistant Cable

- Multiple Constructions Available
- Low Voltage Thermoplastic
- Fire Alarm Cables
- Electronic Cables

Signal & Communication Cables

Instrumentation Cable

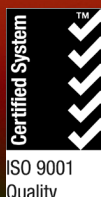

- 150V, 300V, 600V
- XLPE, PVC, AIA, or TC
- Shielded/Unshielded
- FT4

Category 5E and 6

- Multiple Constructions Available
- HDPE, Polyolefin, Fluoropolymer, PVC, AIA
- Shielded/Unshielded
- FT4, FT6

Cable Accessories

- Armoured/Unarmoured Connectors
- Cable Ties
- Cold/Heat Shrink Boots
- Compression Lugs
- Heat Shrink Tubing
- Splice Kits
- Termination Kits
- End-to-End Connector Solutions
