# **WIRE & CABLE FOR RENEWABLE POWER SOLUTIONS**

# Renewable Energy

## Renewable Energy Projects

Texcan understands that energy needs are expanding across Canada and around the world. We provide customized wire and cable solutions for large-scale renewable energy projects. Every project has unique requirements and we work with you from start to finish to manage your wire and cable needs.

From wind farms to hydroelectric dams, our knowledge of cable selections and applications is unparalleled. We can provide detailed technical engineering data, including data on new industry-specific cable offerings to ensure that you have the best cabling options for your project.

## Technical Resource & Support

Our experienced wire and cable specialists and product management group, including engineering support, can quickly and reliably create cabling solutions that match your specified technical requirements. We can help you adapt to changes quickly to meet tough deadlines.

## Project Management Experience

Over the last 45 years, we have worked with end users, procurement specialists, engineers, and contractors on projects around the world. Our access to both Texcan and Sonepar resources, along with our strong relationships with suppliers, ensures that your project proceeds smoothly.

## Local Expertise with a Global Presence

Established in 1978, Texcan is one of Canada's largest wire and cable distributors and part of the Sonepar Group of companies. Founded in 1969, Sonepar is an independent family-owned company and global market leader in the B-to-B distribution of electrical products, solutions, and related services. Together, we meet your wire and cable needs both locally and globally. We are passionate about our customers' projects and contracts. We are Sonepar, "Powered by Difference".

## Cable Management Program

Our extensive, industry-leading Cable Management Program can be customized to help you meet project milestones and help you stay within your budget. The program includes:

- Dedicated team with extensive project management experience
- Product storage and delivery for on-demand release
- Customized packaging and shipping plan
- Customer-specified shipping labels and weather-proof tags
- Documentation adapted to project requirements
- Expediting and progress reports
- Specialized reporting as needed

## Quality & Compliance

Texcan is committed to providing you with products and services of the highest quality.
