

A photograph of an industrial facility, likely an LNG terminal, at dusk. The sky is a deep blue with some clouds. In the background, there are several large, cylindrical storage tanks. The central tank is the most prominent, and it is illuminated from below, casting a warm glow. To the left, another smaller tank is visible. The foreground shows the dark, rippling surface of a body of water, which reflects the lights from the facility and the colors of the sky. The overall mood is industrial and serene.

TEXCAN

A Sonepar Company

LNG FACILITY SOLUTIONS

LNG Projects

Constructing LNG facilities are among the most difficult projects in the industry. The sheer amount of industry standards, government regulations, and environmental constraints make LNG projects a monumental undertaking with numerous hurdles to overcome.

At Texcan, we understand these difficulties and, with our 40+ years of experience in the industry, our team of product specialists are here to help. We're here to work with you and meet the needs of your facilities and their cabling requirements.

Project Management Experience

From refineries to oil sands, to LNG expansion projects, Texcan has a history of coordinating with manufacturers, engineers, and project heads to ensure that the project moves smoothly. New technology and innovations in LNG facility construction demand the most stringent specifications that Texcan can match with our products.

From armoured instrumentation data cables to durable fire-resistive cables, our project expertise and strong relationships with leading suppliers ensure that your project remains on time and on budget. We provide long-term commitments and strategies for any and all large scale national & international projects.

Cable Management Program

Our extensive, industry-leading Cable Management Program can be customized to help you meet project milestones and help you stay within your budget. The program includes:

- Product storage and delivery for on-demand release
- Customized packaging and shipping plan
- Customer-specified shipping labels & weather-proof tags
- Documentation adapted to project requirements
- Expediting and progress reports
- Specialized reporting as needed

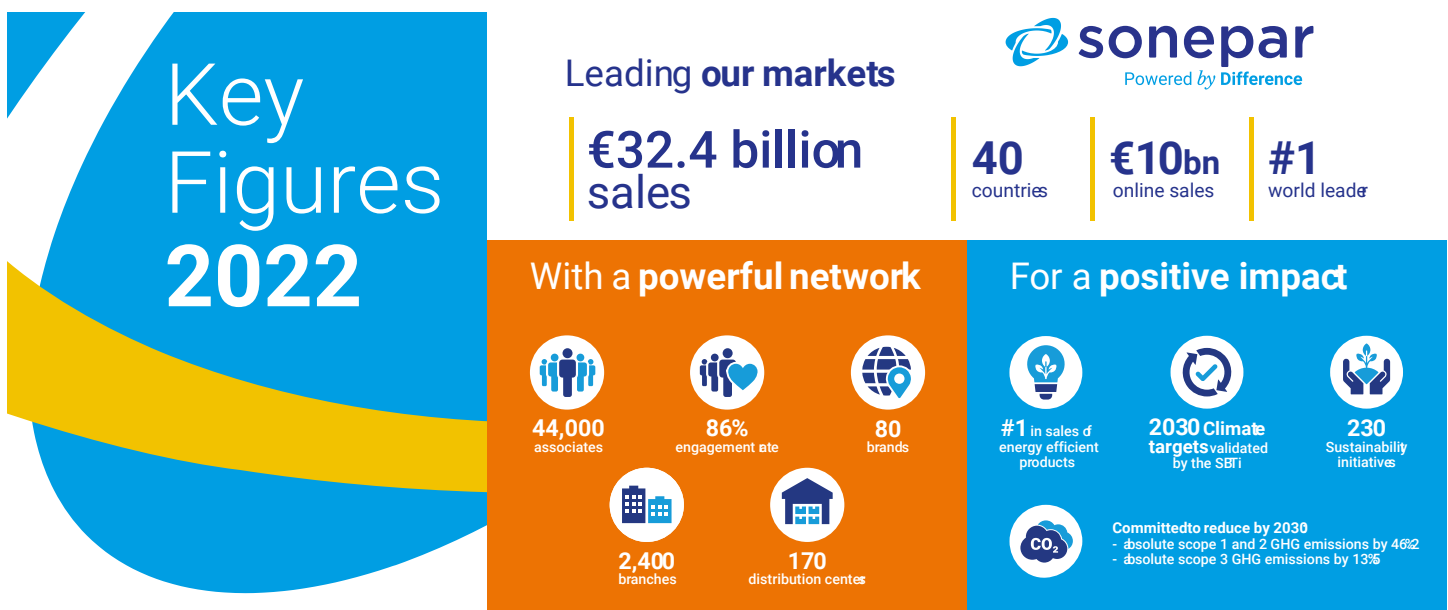

Supply Chain Efficiencies

We can help you improve supply chain efficiencies through:

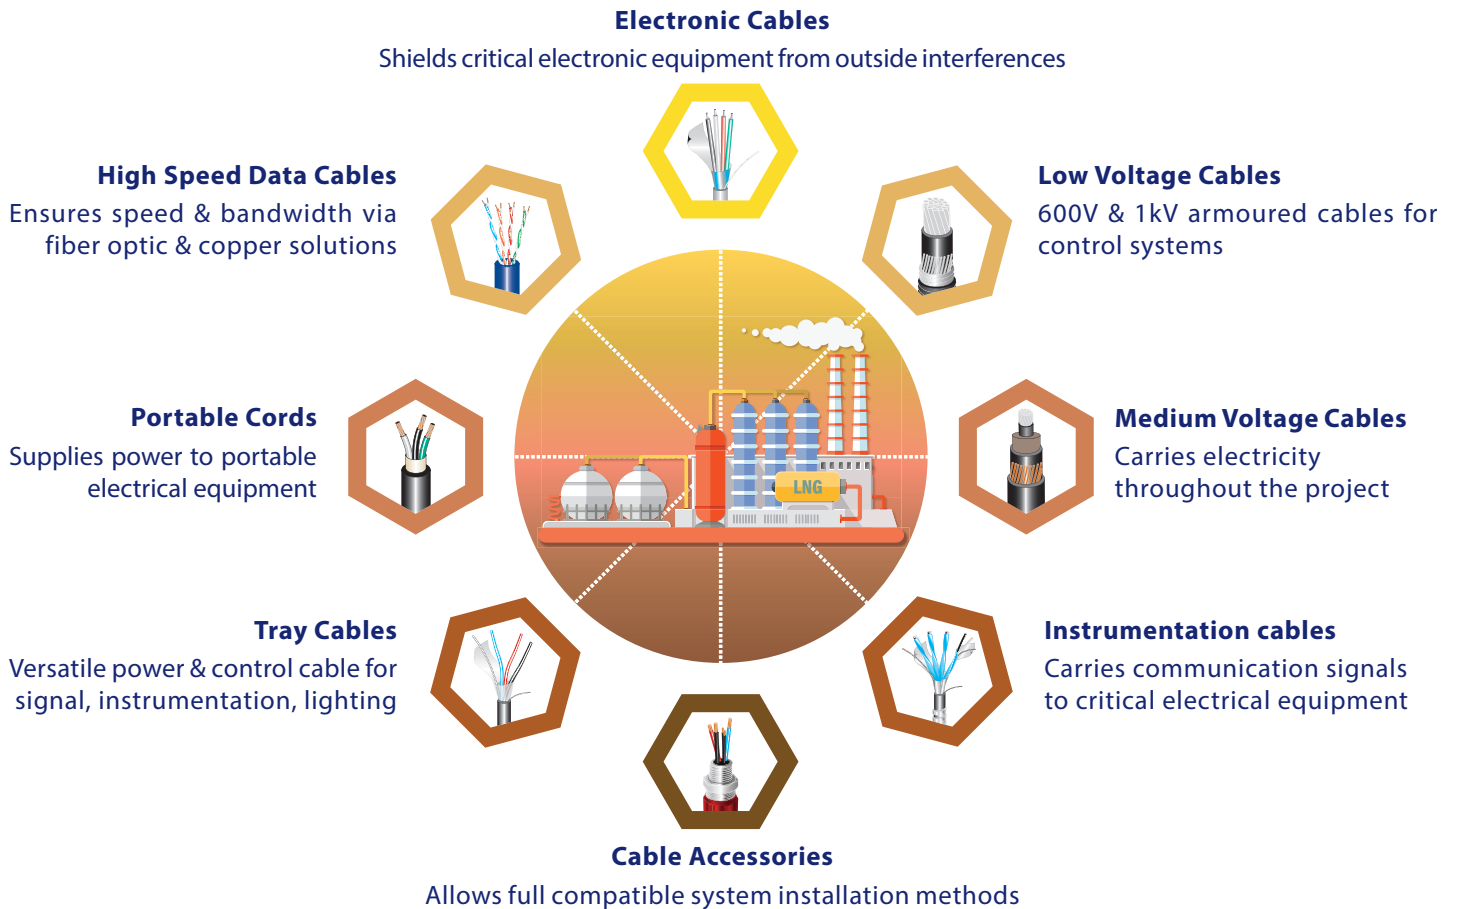

- **Timely and efficient product management and sourcing solutions**
- **Extensive knowledge of product applications**
- **Stock and storage in over 800,000ft² of warehouse space**
- **Real time inventory tracking**
- **Custom barcoding**
- **Specialty cables ordered and shipped JIT**

Local Expertise with a Global Presence

Established in 1978, Texcan is one of Canada's largest wire and cable distributors and part of the Sonepar Group of companies. Founded in 1969, Sonepar is an independent family-owned company and global market leader in the B-to-B distribution of electrical products, solutions and related services. Together, we meet your wire and cable needs both locally and globally. We are passionate about our customers' projects and contracts. We are Sonepar, "Powered by Difference".

Product Applications

Product Sourcing

We have established long-term, strategic partnerships with leading global wire and cable manufacturers. Our partners and suppliers include:

Prysmian
Group

 **PRYSMIAN**

 **Draka**

 **General Cable**

Quality & Compliance

Texcan is committed to providing you with products and services of the highest quality.

Certifications:

- ISO 9001:2015
- CSA Class No. 5839-01
- CSA Class No. 5839-81

Memberships:

- ISNetworld
- ComplyWorks

Texcan, a part of the Sonepar Group, is committed to acting as a responsible corporate citizen. We believe that high standards for ethical, social and environmental behaviours are essential and we expect the same of our suppliers.

Emergency & After Hours

With 24/7 operations, emergency support must be there whenever it's needed. We know disruptions can be dangerous and costly – that's why we have live help available around the clock. Call your [local branch](#) for our Emergency & After Hours Services.

Wire & Cable for LNG

LNG Power Solutions

HV Cables

- 138kV Flexible Power Cable
- 138kV Underground XLPE Power Cable
- ACSR Bare Overhead Conductor

MV Cables

- EPR/PVC CSA Type MV-105
- URD TR-XLPE/PE
- 15kV/35kV Concentric Neutral Power Cable
- 15kV 133%/100% Insulation Power Cable

LV Cables

- Teck 600v & 1KV
- ACWU 600v
- Building Wire (Copper & Alum)
- Parallel cable solutions
- Specialty ISO-BX
- Plenum Cables
- Fire Alarm 105C 300v

Tray Cables

FR XLPE Insulated Control

- 300V, 600V, 1kV

Type P Cables

- 600V, 1kV
- 14, 12, 10 AWG
- XLPO
- Armoured, Unarmoured

Portable Cords

- High Temperature Cables
- Ultraflex™ Low Temp Cords
- Ultraflex™ Extension Cords
- Retractable Cords
- Type: SJOOW, SOOW, SJTOW, STOW
- Multiconductor

Specialty Control Cables

- Multiconductor
 - Armoured/Unarmoured
- Portable Control Cables
- Shielded Control Cables
- Custom Bundling/Armouring

Accessories

Low Voltage

- A full range of connectors for both armoured/non-armoured installations

Medium Voltage

- A full range of terminations and splice connections for both armoured/non-armoured installations

Communications & Signal Specialty Cables

Fiber Optic Cables

- Singlemode/Multimode
- Loose-Tube/Tight-Buffered
- Gel-filled/Gel-free
- Armoured, Tray-Rated
- LSZH, Direct Burial

Fire Safety Cables

- Vitalink Power, Control, & Instrumentation Cables
 - Armoured/Unarmoured
- LSZH Cables
- Specialty Fire Rated Connectors

Instrumentation Cables

- 150V, 300V, 600V
- XLPE, PVC, AIA
- Type TC/NCC, LSZH
- Shielded/Unshielded

Data Cables

- Category 5E, 6, 6A, 7 Rated Cables
- Co-Axial/Twin-Axial Cables
- Ethernet Cables
- Network Cables
- Patch Cords (Copper/Fiber Optic)
- Armoured Data Cables

Electronic Cables

- Armoured Cables
- Audio/Visual Cables
- Broadcast Cables
- Low Capacitance Wires
- Plenum Wires
- Precision Video Wires
- Industrial Automation Cables
- Belden® Classics & NewGen

Value Added Services

- Cable Management Program
- Specialized Technical Assistance
- 24/7 Emergency Shipping Service
- Custom Cables/Printing/Cutting

- Paralleling/Lagging/Tagging
- Bundling/Armouring
- Bar Coding & Inventory Tracking
- State-of-the-Art Distribution Centre

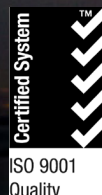

Customization Options

Jackets: Specialty colour and resin options available

Shielding Options: Copper Tape, Overlapped (10%-25%), Gapped, and Concentric Neutral

Industrial Automation:

Multiple cable systems with a variety of protocol cables
