### PRE-INSTALLATION CHECKLIST

It is important to ensure there is enough space through the doors and pathways to the sauna's location in your space. Please measure any access doorway or hallway prior to purchase for easy installation.

If your sauna is being installed in a tight space, talk to your sales representative to confirm installation is possible.

In addition, please ensure any electrical works are completed prior to delivery and installation of your Sunlighten sauna. Please locate the power outlet for easy access to turn the sauna on and off at the power source after installation.
