

SPECFIT

SNOW / SAFETY FENCE

HEAVY DUTY

With oval mesh openings designed to slow wind and create drifts for snow storage so they will not interfere with roadways, driveways, or runways. PE plastic resists wind damage and remains flexible in freezing temperatures. Features smooth top and bottom borders that are less likely to cut and scrape adjacent materials during installation and removal. Other fences are reusable, lightweight sets providing boundaries around work zones, construction sites, sporting events, and blowing sand, silt, or snow.

FEATURES

- Heavy duty 280 GSM (336 g/m) 100% new polyethylene
- Highly visible and weather resistant
- Ideal for segmenting construction sites and work zones
- Ideal for controlling drifting snow and resistant to wind

DIMENSIONS

- 4ft x 50ft
- 4ft x 100ft
