

The absorbents of this generation

SPC Re-Form Absorbents

Re-Form™ Eco-Friendly Universal Absorbents for water or oil-based fluids

Re-Form absorbent pads and rolls are eco-friendly, green products made of recycled materials. They feature the same universal absorbency as their polypropylene counterparts, making them ideal for coolants, solvents, oils and other water-based or petroleum-based fluids.

Re-Form absorbent materials have been tested to absorb 25-50% more than polypropylene materials, which means you'll use less product to absorb the same size spill.

Re-Form absorbents provide:

Better absorbency: Tested to be 25-50% more absorbent than standard polypropylene absorbents, so you'll use less product to get the job done.

Cost savings: Increased absorbency means reduced waste and greater cost savings.

Sustainability: Supports corporate sustainability and LEED initiatives.

Green product: Made from a minimum of 80% recycled fibers, unlike standard polypropylene absorbents. High absorbency, recycled materials give the products their greenish-blue color. A green product in more ways than one!

Class A fire retardant: Re-Form absorbents meet NFPA class A fire retardancy.

Why perforations?

Perforated pads and rolls allow you to quickly choose as large or as small of an absorbent as you need — cutting back on waste within your facility.

Specialty product:
Eco-Friendly

Re-Form Pro Plus Absorbents

The look, feel and performance of a traditional absorbent, but made from 90% recycled fibers.

- Universal absorbency to handle most fluids (water, petroleum and non-aggressive chemicals)
- Durable 3-ply construction is made of 90% recycled materials
- Extremely absorbent: absorbs 20 times its weight

Additional features

- **Eco-friendly:** supports corporate sustainability and LEED initiatives
- **Perforated:** Select exactly the size you need
- **Dimpled:** Adds durability and reduces linting

Product summary

- Absorbs:** Oils, coolants, solvents and water-based fluids
- Coverstock:** Top and bottom coverstock (3-ply)
- Durability:** ✓ ✓
- Linting:** Medium linting
- Absorbencies:** Heavy weight
- Cost:** \$\$\$

Recommended for

- Anywhere there is a leak, drip or spill
- Production/machine areas
- Maintenance areas

Catalogue #	Type	Size	Perforated	Absorbency Factor (gl/gs)	Absorbency Capacity (gal)	Shipping Wt. (lbs)	Pallet Qty.	Quantity
RFPP100	Heavy-weight pad	15 in. x 19 in.	Yes, 7.5 in.	12.5	26	15.2	30	100/case

Re-Form absorbents are not intended for use with highly aggressive chemicals.

Specialty product:

Eco-Friendly

Re-Form XPlus Absorbents

A medium weight absorbent with meltblown coverstock on both sides for added durability.

- Universal absorbency to handle most fluids (water, petroleum and non-aggressive chemicals)
- Highly durable 3-ply construction made from 80% recycled cellulose and highly absorbent rags
- Up to 50% more absorbent than comparable polypropylene absorbents
- Class A fire retardant

Additional features

- **Eco-friendly:** Supports corporate sustainability and LEED initiatives
- **Perforated:** Select exactly the size you need

Product summary

- Absorbs:** Oils, coolants, solvents and water-based fluids
- Coverstock:** Top and bottom coverstock (3-ply)
- Durability:** ✓ ✓
- Linting:** Medium linting
- Absorbencies:** Medium weight
- Cost:** \$ \$ \$

Recommended for

- Anywhere there is a leak, drip or spill
- General purpose absorbent
- Light foot traffic

Coverstock on both sides

Re-Form absorbents are not intended for use with highly aggressive chemicals.

Specialty product:

Eco-Friendly

Re-Form Plus Absorbents

Eco-friendly, all-purpose absorbent for wiping, drips and leaks.

- Universal absorbency to handle most fluids (water, petroleum and non-aggressive chemicals)
- Durable 2-ply construction made from 80% recycled cellulose and highly absorbent rags
- Up to 50% more absorbent than comparable polypropylene absorbents
- Class A fire retardant

Additional features

- **Eco-friendly:** Supports corporate sustainability and LEED initiatives
- **Perforated:** Select exactly the size you need

Product summary

- Absorbs:** Oils, coolants, solvents and water-based fluids
- Coverstock:** Top coverstock (2-ply)
- Durability:** ✓ ✓
- Linting:** Medium linting
- Absorbencies:** Heavy, medium and light weight
- Cost:** \$ \$

Recommended for

- Anywhere there is a leak, drip or spill
- Production/machine areas
- Under equipment or machinery

Specialty product:

Eco-Friendly

Re-Form Absorbents

Economical general purpose absorbent offering superior absorbency compared to meltblown polypropylene.

- Universal absorbency to handle most fluids (water, petroleum and non-aggressive chemicals)
- Single-ply nylon mesh construction made from 80% recycled cellulose and highly absorbent rags
- Up to 50% more absorbent than comparable polypropylene absorbents
- Class A fire retardant

Additional features

- **Eco-friendly:** Supports corporate sustainability and LEED initiatives

Product summary

- Absorbs:** Oils, coolants, solvents and water-based fluids
- Coverstock:** No coverstock (1-ply)

Universal SOCs

- All-purpose SOCs to clean-up oils, coolants, solvents and water-based fluids throughout your facility.
- Gray color masks spills and stains — helping you resist the urge to pick up the absorbent before it is fully saturated.
