Compensation Plan

Compensation Eligibility Requirements

You must meet these two requirements to earn any compensation as an Independent Associate.

1. ACTIVE VS. INACTIVE

After your initial first year, you must maintain an Active position to be eligible to earn compensation. Maintain “Active” status by fulfilling one of the following requirements:

A. Subscribe to and pay for Kynect Pro

OR

B. Have 100 qualified Personal Customer Points (Kynect Pro can count as 20 Personal Customer Points)

OR

C. Have personally sponsored a new active Associate or enrolled an active customer within the last 120 days. Active customers are defined as being in “Active” or “Pending” status. Customers must be active during End of Month (EOM) qualification evaluations.

These requirements are monitored in line with current system evaluations on End of Month qualifications. The 120-day audit only occurs for Associates who aren't subscribed to Kynect Pro or who don't have 100 qualified Personal Customer Points. You must be Active and qualified within your specific position to earn compensation. If you fall into Inactive status, all pending compensation will be forfeited. To regain Active status, fulfill one of the three requirements above prior to the next EOM qualification date.

2. END OF MONTH QUALIFICATION REQUIREMENTS

Qualifications are met once each leadership position is obtained, then monthly based on qualified Personal Customer Point requirements for the qualification date. The qualification date is always the last day of each month.

Grace Period

You must remain qualified on a monthly basis to receive compensation. If you don't qualify at month's end, a 1-month “Grace Period” will apply. You'll receive compensation for that month as if you were qualified. If you don't get qualified during the grace period, you will move to non-qualified status at EOM Qualification. This Grace Period applies to all compensation.

Turning Sales Into Income

As an Independent Associate, you can earn 3 forms of Bonus Income¹: Personal Customer Bonuses, Team Customer Bonuses and Leadership Bonuses (all defined below). You can earn Personal Customer Bonuses by enrolling new customers in the services Kynect offers. As a Regional Director or above, you can earn Team Customer Bonuses by helping your personally-sponsored Associates enroll new customers. As a Managing Director or above, you can also earn Leadership Bonuses by helping your coded Associates enroll new customers.

Personal, Team, and Leadership Bonuses are triggered every Friday on pending or active customer service accounts and paid 1 week later on the following Friday. To be paid any of the 3 bonuses within your first 60 days as a new Associate, you must have the required pending or active, also known as “qualified,” Customer Points based on your current position on the qualification date, which is every Friday. Associates who are beyond their first 60 days will have their qualification status evaluated on the first of each month. All bonuses are subject to review and may be held.

As a new Associate, you can earn up to \$1,200 in Personal Customer Bonuses, Team Customer Bonuses and a Managing Director Rank Advancement Bonus by meeting certain requirements **within 120 days of your start date**:

PERSONAL CUSTOMER BONUSES (PCB)

All PCB requirements² must be completed within 60 days of your start date. Your personal service account may count toward your PCB requirements, unless another Associate has used it toward this same bonus. You may substitute a Kynect Pro subscription for 20 in-household Personal Customer Points.

TEAM CUSTOMER BONUSES (TCB)

As a Regional Director or above, you can earn a \$100 Team Customer Bonus when each of your personally-sponsored Associates enrolls a total of 40 qualified Personal Customer Points to trigger PCB 40 and promotes to Regional Director within 60 days of their start date.

MANAGING DIRECTOR RANK ADVANCEMENT BONUS

Promote to Managing Director within 120 days of your start date to earn a Rank Advancement Bonus of \$500. See Rank Advancement section for details.

1. See Bonus Income chart (Figure 1) for details.
2. See Customer Point Values (Figure 2) for details.

Leadership Bonuses

You can earn Leadership Bonuses by meeting sales requirements and reaching any of the 4 leadership positions: Managing Director, Senior Director, Executive Director and National Director. At each leadership position, as long as you're qualified at your leadership position, you can earn Leadership Bonuses based on the sales of your coded leadership organization. Leadership Bonuses are paid as new Associates enter your coded leadership organization on any level and enroll 40 qualified Personal Customer Points to promote to Regional Director within 60 days of their start date.

Leadership Bonus Amounts

You can earn these coded leadership bonuses when an Associate who is coded to you within your organization triggers their PCB 40. These Associates are considered coded Team Associates. All Associates in your downline, however, are "Team Associates."

Monthly Earned Income (MEI)

You can earn Standard and Leadership MEI (defined to the right) on customer accounts enrolled by Associates in your downline organization. After Kynect receives full payment for the applicable Service, MEI payments will be paid on the first Thursday between the 13th and 20th day of the following month. You must be active and meet both one-time and monthly qualification requirements (see chart below) to receive MEI.

STANDARD MEI

You will earn standard MEI on sales to your personal active customer accounts with a half-point or greater value, as well as from the active service accounts of the customers enrolled by the Associates in your organization to 5 levels. To be eligible to earn MEI on your personal level, you must first reach 100 Personal Customer Points. You must obtain and maintain an RD, MD, SD, ED or ND leadership position to be eligible to earn MEI through 5 levels.

LEADERSHIP MEI

In addition to Standard MEI, you are also eligible to earn “Leadership MEI” in your coded RD, MD, SD, ED and ND leadership organizations to unlimited levels.
