

Wire & Cable

VARIETY OF CUTS, SIZES & APPLICATIONS

Cut-to-length Wire & Cable

Only what you need, when you need it.

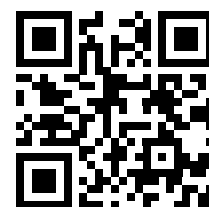

PROJECT ASSISTANCE & MANAGEMENT

Not sure which product is right for your next project? Our Wire & Cable and ICT Specialists offer decades of industry expertise to help contractors better plan, prepare and execute their residential, commercial and industrial connectivity projects.

[LEARN MORE](#)

Custom-cut wire & cable to meet your needs.

Why pay for what you don't need or waste time and labour measuring and cutting wire and cable? Reduce installation times by always having the right wire and cable on hand at the right time while avoiding waste from ordering more materials than required. At Gesan, you can buy as much or as little as you need and we'll do the work for you. Gesan Offers:

- Simple ordering
- No minimum length
- Fast turnaround
- Massive inventory
- No cutting fees
- Always in stock

Custom cut wire and cable is our specialty! With our extensive inventory, you can be confident the wire and cable you require is always available in stock. We offer a cut-to-length service by the meter on all our wire and cable products so that you only pay for what's necessary. There are no cutting fees, no minimum length and guaranteed quick turnaround times to save you time and money while reducing waste.

SAVE ON **TECK90** ARMoured CABLE, CUSTOM-CUT TO MEET YOUR NEEDS.

Simply select the cable you want in the length you want, including multiple, separate cuts of the same cable. More cost-effective than conduit, Northern's TECK90 is ideal for petrochemical, pulp and paper, and other industrial applications. Combined interlocking flexible armour with two layers of PVC jacket provides a rugged, compact and flexible cable resistant to corrosion, water and mechanical abuse. For use in open and concealed wiring, direct burial and hazardous locations.
